Miss Della Price now of Watsonville, Calif., was given a surprise visit by a large number of friends at her home a few weeks ago and in speaking of the event, the Pajaronian says: "Miss Price, who is a bright student, and who is exceedingly popular with her schoolmates, will enter Stanford University this year. Her friends, who predict for her a worthy and successful college career, had assembled to wish her well in the wish she is soon to take up."

Dr. Lowe, the optician will be in Grants Pass Oct. 9, 10 and 11.

PRaise HER VOICE.

The Sunday Oregonian under the heading of "Singers and Players" has the following to say of Mrs. J. L. Gault of this place:

"Mrs. Gault, nee Conser, of Grants Pass, and formerly of this city, is spending a few weeks here. Her voice is unusually rich and full and of a beautiful quality. Mrs. Gault is continuing her vocal work with Mrs. Rose Bloch-Bauer."

TENT PROGRAM.

The following subjects are to be discussed by Evangelist Holmes in the tent:

Wednesday—"A Searching Question."
Thursday evening—"Apostolic Conversations" (Chart).

Friday evening—"The Establishment of the Kingdom."

There will be no preaching on Saturday evening but an illustrated lecture and program will be given.

Sunday morning—"The Relation of Pastor and Church."

Sunday, 3:30 p. m.—"Men Only"
Sunday evening—"The Holy Spirit."

A cordial welcome is extended to all.

THE TENT MEETING.

The Sunday services at the tent were a great success. In the morning, Evangelist Holmes used for a subject, "The Evangelist and His Work." He gave a splendid address which was appreciated by all who were present.

In the evening they had the largest congregation which has been present since the meetings began. The large tent was crowded full and many stood outside.

Prof. and Mrs. Webb sang two of their beautiful selections and Mr. Holmes preached an excellent sermon, using for a subject, "The Sinless Christ." Dean Sanderson of the Christian Divinity College at Eugene was present and gave a fine talk, at the close of which the congregation repaired to the church to witness the baptismal service.

On Monday evening the evangelist gave an interesting address on the "Great Gulf Fixed" illustrating his talk with a chart. The Tuesday evening meeting was good; the speaking and singing were good indeed. There have been 11 additions to the church.

Mr. Holmes is very clear, interesting and forceful speaker. The people of Grants Pass are highly pleased with the sermons of the evangelist and with the singing of Prof. and Mrs. Webb.

Mr. Johnson, the pastor, says the meetings will likely last two or three weeks longer as the interest may demand.

KESSLER'S CHICAGO RACKET STORE

ANOTHER RUNAWAY.

Runaways are occurring lately in Grants Pass with regularity. The last one was of a serious nature and occurred on upper Seventh street, the delivery team of the Sugar Pine Store being the principals.

Coming down the grade below the residence of W. H. Freed, the horses became frightened and dashed down the street. The regular driver was off duty and the young man who had charge of the reins soon found himself unable to manage the runaways. The badly frightened animals had not proceeded far when one of them fell and was dragged a great distance by the other, the whole outfit piling up in a heap near the Booth barn. The horse that had fallen was so badly injured that he had to be hauled home on a drey. The harness and wagon were badly damaged.

BIcYCLE THIEVES.

Bicycle and chicken thieves are operating in Grants Pass. Monday night three wheels were stolen in different parts of town. Carl Gentner lost a wheel from the power house of the G. P. N. W. L. & P. Co., Joseph Green and Henry Walter also had wheels stolen. None of them have found the slightest trace of the stolen "bikes."

On the same night the hen house of Joseph Pollock was entered and one dozen of his choicest fowls lifted off the roost.

You can secure your tickets up to Friday night of either Mr. Holmes or Prof. Webb at 10c for children and 20c for adults. After that the price of admission will be 15 and 20 cents.

A LIBERAL DONATION.

D. A. Corde of the Pacific Pine Needle Co. has notified the committee having in charge the collection of funds for the new railroad that the company will donate a strip of land 25x79 feet toward the railroad project. This land is adjoining the factory and is on the S. P. Ry. track.

RECORDED SWINE.

H. B. Alverson, last week received two full blooded Poland China pigs from Garden Prairie, Ill. They are five months old and weigh about 150 lbs. each. Mr. Alverson does not care to breed the razorbacks which are so common in this country.

MELON PLUGGERS.

One of the worst kind of miscreants known is a melon plugger. He is so much worse than a chicken thief that there is but little need of a comparison.

There are a number of melon pluggers at work in the melon fields down the river below Grants Pass. Evidence is conclusive proving them to be hoppers who take delight in visiting the nearby melon fields after night fall and plugging the big melons, cutting open great fellows that will weigh 35 or 40 pounds, knocking them off the vines and doing other similar acts of devilry just for the love of being mean. There is no need of telling such people that they ought to be ashamed of themselves for the chances to one they don't know enough for that. It might be in order, however, to state that if they don't stop soon, some prosecutions are very likely to follow.
