## NOT COD-LIVER OIL

but Scott's emulsion of cod liver oil. They are not the same; far from it.

Scott's emulsion is cod-liver oil prepared for the stomach.

Let cod-liver oil alone if you need it. When your physician orders toast, do you breakfast on flour?

Pure cod-liver oil is hard to take and hard to digest. A man that can keep it down, can saw wood. He thinks he is sick; he is lazy.

We'll send you a little to try if you like.

**A. VanNoy, Propr.**  
Perfection oil stoves, finest in the land, at J. J. Wolfe's.

did building will not only be a credit to the Masonic fraternity but to the entire city.

Judge Brower is putting up a one-story brick on Sixth Street near the Court house. The brick work on the building is completed, and the roof is on. The finishing of the interior is now demanding the attention of the carpenters. Judge Brower will use the building for office purposes.

Eugene Kullin has his new brick brewery on Front Street, occupying the site of the former one recently destroyed by fire, well along. The new brewery building, unlike the old one, is of brick. It will be a larger establishment in every particular.

The residence of F. W. Van Dyke, on Sixth Street opposite the M. E. church, is going up rapidly. This will be one of the largest and most handsome residences in the city and will be a home that Mr. and Mrs. Van Dyke can well feel proud of.

On the same block on which the Van Dyke residence is being built, a handsome residence is also being erected by D. H. Stovall. Mr. Stovall has been in Grants Pass a little over a year, but is entirely satisfied with the city and has decided to build and locate.

Perhaps the largest and prettiest residence in course of construction in the city is that being built by J. H. Ahlf on upper Sixth street. This two-story residence will occupy the best building site in Grants Pass, being prominent, auspicious and well adapted for the style of structure that is being erected. Mr. Ahlf is also building a large barn on his property.

This property might rightfully be called "Ahlf Hill."

Charles Weller is building a residence near his present home. Mr. Weller is building for a rent house and not for his own use. It will make some one a comfortable home.

Bob Eberle will soon begin the construction of a new residence on C street, near Dr. Moore's home. Mr. Eberle recently disposed of his property in the north part of town desiring to build nearer the business center.

Mrs. Thornton has begun a \$1000 cottage which will be open to a renter as soon as completed.

A renting house is being built by Calvin Wells on Seventh street opposite the residence of A. Hoffman. The cottage is about completed.

The twin cottages, and a pretty pair of twins they are too, being built by Jack Williams on the M. E. church block, are about ready for occupancy. One of them will be occupied by Prof. F. E. Young.

G. N. Savage has purchased a lot of F. W. Van Dyke on Sixth street and will begin the erection of a new brick at once.

In the above list we have endeavored to include as many of the new residences and buildings being constructed in the city as could be found. A Courier representative made a general tour of investigation; this work, looking up new buildings and prospective new buildings, but there is so much being done that it is impossible to keep from overlooking some, hence it is well to state that the above is only a partial list of what is being done by the builders in Grants Pass at this time. The following are a few things that are going on in the way of repairs and improvements.

The Methodist Episcopal church has been newly painted and has the ap-

## Building Operations in Grants Pass.

This is a season of great building activity in Grants Pass. The carpenter's hammer and saw and the mason's trowel are building up Grants Pass in a manner that bids much for the city.

Notwithstanding the fact that this has been an "off year" for builders, more houses are being erected than ever before in the town's history in the same space of time. The burning of the Sugar Pine factory and lumber yards was a serious impediment to building in Grants Pass, as it has made the matter of getting material slow and has caused many annoying waits. However, the mills have been slowly catching up with their orders and the delays will become shorter and of less frequency. There has not been an over-supply of carpenters either, in Grants Pass this past summer, and even now there are contractors in the city having trouble in getting journeymen enough to aid them in their work.

The leading building being constructed is the Masonic Temple. This magnificent three-story brick structure is fast assuming proportions. The brick work is all done and the carpenter's work is hard at work with the interior. It was originally intended to complete the temple by Dec. 27 but the burning of the Sugar Pine mills which cut off the lumber supply, and other unavoidable delays, will make it impossible to finish the building by that time. It will not be completed before February. This splendid

appearance of an entirely new structure. It has also been newly kalsomined and given a new finish on the interior. The old fence has been torn away and the yard cleaned up. The church has on a pretty "Sunday-go-to-meeting-dress" for the conference being held there this week.

The Baptist people have all plans completed for the erection of a new church to take the place of the one recently destroyed by fire. The new edifice will occupy the site of the old one but will be a larger and better building.

H. L. Gilkey, Geo. Scott, A. Holman, Theobald Cramer and C. C. Presley have all had considerable repairing and enlarging done to their respective residences.

Mrs. Rogers will rebuild her handsome brick residence, recently destroyed by fire. The walls of the former building, which are practically new, and which were not damaged to any extent by the fire, will be used for the new building.

The vault at the court house, in which the records and books of Josephine county are kept, is being enlarged, being entirely too small for the accommodation of the large stack of books and documents that should be kept from fire as well as thieves.

Ladies! Ladies! don't fail to see the elegant gowns worn by Miss Georgia Harper in her production of "The Lyric Queen."

**MR. AND MRS. GEO. A. WEBB, SINGING EVANGELISTS.**

Mr. and Mrs. Webb have been engaged in Evangelistic work for the past 12 years, singing the gospel in all parts of the United States. They are now engaged in their 60th meeting on the Pacific Coast. They have worked with many of the leading Evangelists and are engaged now a year ahead. Mr. and Mrs. Webb have been in Grants Pass for the past four weeks assisting in the meetings being held by Evangelist Holmes under the auspices of the Christian church of this place. It is probable that they will remain for another week.

**COURT DOCKET.**  
Court docket, September, 1902 term of the circuit court for Josephine county, Oregon.

Paris W. Hackney vs Williamsburg Mining Co, Florence Ranzau vs Henry Ranzau, divorce.

**GAY MRS. WAGONER.**  
A sensation has been created at Cheshals by the elopement of Mrs. Mary Wagoner, of Napavine, and Ben Merrill, a brother of Dave Merrill, the escaped Oregon convict, who was killed near Cheshals, by Tracy. Mrs. Wagoner found Merrill's body in some bushes while she was out berrying, and is seeking to recover the \$1500 reward from the state of Oregon. The couple purchased tickets for Seattle. Mrs. Wagoner is 45 years old, having three married daughters and several younger children. Ben Merrill has been working in a livery stable at Cheshals for the last two months.

**CATARRH OF THE STOMACH.**  
Can be cured by taking S. B. Catarrh Cure, which cures all forms of indigestion and stomach troubles, such as constipation, rising of sour food, distress after eating, which if neglected brings on inflamed and ulcerated stomach and leads to cancer of the stomach. S. B. Catarrh Cure restores sense of taste and smell. For sale by all druggists. Book on Catarrh free. Address Smith Bros., Fresno, Cal.

## IRRIGATION INFORMATION WANTED.

The growing demand for water for irrigation purposes emphasizes the need of more detailed information concerning the results and methods of irrigation from artesian and surface waters. The census of 1899 showed that the area irrigated from wells is greatly increasing, and that the results in most sections of the country are eminently satisfactory.

Approximately 100,000 acres were irrigated in that year from wells, the value of the irrigated crops ranging from \$50 to \$1,000 per acre.

In the humid states well irrigation is utilized to supplement the insufficient rainfall during early spring and summer. In the west the water pumped from wells insures the home garden and the orchard against total failure through a rainless season.

In California, Colorado, Louisiana, Florida and several other states, the waters of flowing artesian wells are successfully applied to large areas, or are used to augment the shortage in the streams during the irrigating season.

In order to obtain the important facts relating to irrigation from these sources, the census office will soon send out inquiries to irrigators from wells, whose names were reported by the contractors. As the list is not complete, the director asks that irrigators who do not receive these inquiries will send their names to Mr. L. G. Powers, Chief Statistician, Census Office, Washington, D. C., and blanks will be mailed to them at once.

It is requested that all who receive these inquiries answer the same as fully and accurately as possible, and promptly return to the Census Office.

## LOCOMOTIVES FOR WESTERN ROADS.

A feature of the westward freight shipments is the large number of new locomotives en route for Western lines. Very few through billed trains pass through terminal points that are not particularly made up of the product of the American Locomotive Company. It is estimated that orders for nearly 600 locomotives were given out last week by various railroads entering at Chicago.

**ADVERTISED LETTERS.**  
Following is the list of letters remaining unclaimed for in the Grants Pass post office Saturday, Sept. 20, 1902.

**Ladies—**  
Miss Retha Young, Mrs. Frances Martin, Mrs. Frank Lee Bridgen (?), Miss Gussie Willett, Maude Vaughn.

**Gentlemen—**  
F. B. Test, Allyn G. J. H. Conn, Mr. Shulman, George Farley, Mr. Jones, Mr. George Day.

C. E. Harmon, P. M.

## W. C. T. U. Column

(Articles for this column are contributed by the Women's Christian Temperance Union.)

The regular meeting of the W. C. T. U. will be held at the home of Mrs. E. A. Wade, Sept. 26, at 2:30 p. m.

## BEER AT ELLIS ISLAND.

An amendment to the Immigration bill which was passed by the House of Representatives, was offered by Mr. Bowersock, of Kansas, at the request of the Reform Bureau prohibiting the sale of intoxicating liquors in any immigrant station. It was instantly attacked by the representatives who have come to be recognized as the champions of beer—Shattuck of Ohio; Bar. Thold of Missouri, and others. Mr. Shattuck offered an amendment allowing the sale of beer in immigrant stations under the direction of the secretary of the treasury. The debate was of a farcical character, consisting chiefly of poetic flights on the beauties of the German beer garden, the right of personal liberty, and similar topics. The most striking argument of all in favor of continuing the sale of beer at Ellis Island, was that of Mr. Adams, otherwise unknown to fame, who ingeniously maintained that since the most desirable immigrants are those from Germany and the Scandinavian countries, the sale of beer must be continued, else these incoming foreigners will take offense at the failure to purchase their national beverage while waiting at the pier, and will warn their friends at home not to come.

An animated dialogue between Mr. Shattuck and Mr. Landis, of Indiana, resulted in the giving and taking of a dare on the somewhat irrelevant subject of the sale of liquor in the capitol at Washington. Each gentleman claimed himself in favor of driving the congressional bar out of the basement and each agreed to vote for a measure if the other would introduce it. After the adoption of the section prohibiting the sale of intoxicants at immigrant stations, Mr. Landis offered another section extending the same principle to the capitol; and though the latter was clearly not germane to the bill, and therefore would ordinarily have been immediately ruled out by the chairman, owing to a peculiar parliamentary situation the point of order made against Mr. Landis' amendment came too late to be accepted by the chair. His section was therefore adopted, in the committee of the whole, by a vote of 108 to 19. The vote is evidently to be interpreted either as a joke or as a bid for popularity by many of those who participated, inasmuch as of course such an irrelevant section cannot remain in the bill and pass through the Senate. But the debate brought out clearly enough the inconsistency and folly of the sheltering of a saloon in the national capitol, and perhaps opened a way for re-enactment of this prohibitive measure in another form at some later date. The other section, relating to immigrant stations, will probably remain in the bill, and thus one conspicuous abuse of the government service will be remedied.—The Standard.

## ONE OF LIFE'S PLEASURES.

There is nothing in life more enjoyable and at the same time so beneficial to both mind and body, as traveling.

A modern railway journey, intelligently taken, tends to prolong life, break the monotony of existence and acts as a panacea for dull care by taking us out of the well-worn channels of worldly and business struggles.

Before starting upon a trip, whether on business or recreation, it is well to inquire and investigate the various routes, and choose the one offering the best inducements in the way of comfort and attractions. The traveler, the tourist or business man is wise in selecting the Rio Grande Lines in a journey to and from the east, as it offers every comfort and modern conveniences to suit all classes of travelers unsurpassed in the world.

Castle Gate, The Canon of the Grand, Marshall Pass, Tennessee Pass and the world renowned Royal Gorge are but a few of those attractions seen from the car windows.

Three fast trains daily between Ogden and Denver.

Pullman, Palace and Ordinary sleeping cars on all trains to Denver, Omaha, Kansas City, Chicago and St. Louis without change.

A perfect dining car service. Agents throughout the Northwest can sell tickets via this route. For rates, maps and full information or for copy of beautiful booklet, "With Nature in Colorado," write to or call on W. C. McBride, Gen'l Agent or M. J. Roche, traveling Passenger Agent, 124 Third Street, Portland, Ore.

## THE POSSIBILITIES DEVELOPED.

The success of the Disc type of Graphophone which uses flat, indestructible records, is largely due to the fact that the Columbia Phonograph Company, pioneers and leaders in the talking machine art, has developed the possibilities in both the machines and the records beyond all expectations. It was able to do this because it is the only company in the talking machine field having a complete laboratory and a manufacturing plant on a broad and comprehensive basis. Its facilities for experimentation and for manufacturing are on a very large scale. It does not have to rely on inexperienced manufacturers for any part of the product it offers for sale. It makes its own machines and its own records from start to finish which is a fundamental advantage of the first magnitude.

The Disc Graphophone is made in three types, selling at \$15, \$20 and \$30. Seven inch records 50c each, \$5 per dozen; 10 inch records \$1 each, \$10 per dozen. The Graphophone and Columbia Records were awarded the Grand Prize at the Paris Exposition of 1900.

The Columbia Phonograph Company, 125 Geary Street, San Francisco, headquarters for graphophones and talking machine supplies of every kind, will send you catalogues on application.

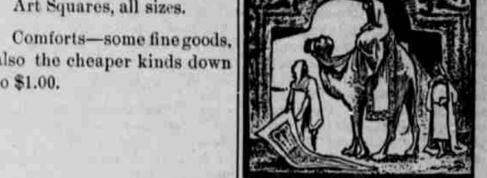

## Thomas HOUSE FURNISHER

Headquarters for  
**Things for the House**

**FURNITURE**  
At bottom Prices. Iron Beds; more new ones.  
Rockers—plenty more.  
More new suites.

Rugs—beautiful new line.
