GRiffin FOUND "NOT GUILTY."

Calvin Griffin who was tried in the
Josephine Circuit court last week,
charged with the murder of Edwin
Johnson, was acquitted and is once
again a free man, after being con-
fined in jail but one week. Never
before has a criminal case been con-
cluded in so brief a time from the
committing of the deed as was this
one. In less than two weeks from
the time of the tragedy, Griffin was
tried and received a verdict from the
jury.

The 12 men who composed the jury
for the trial of Griffin were, Joseph
McCaslin, Joe Hiatt, Geo. B. Archer,
W. L. Sweetland, Fred. Knox, H.
Hubert, John Pool, E. C. Neely, A.
A. Porter, W. C. Fry, Wm. Frakes
and W. R. Nipper.

The jury went out about 12 o'clock
Saturday and were out about three
hours. Five ballots were necessary
to reach an agreement. In the first
two ballots the ten were in favor of
acquittal and two manslaughter; in the
third and fourth ballot 11 were in
favor of acquittal and one man-
slaughter. In the fifth ballot all voted
for acquittal.

The verdict rendered seems to be
satisfactory so far as public opinion
is concerned and all feel that the jury
did their duty.

Attorney Robert G. Smith ably de-
fended Griffin, while District At-
torney Reames prosecuted the case.
Many witnesses were called both for
the defense and for the state. The
testimony of the witnesses proved
conclusively that Griffin was provoked
into the quarrel that led to the
tragedy. The character of the two
men carried much weight in the ren-
dering of the verdict. Griffin is a
quiet, easy-going man who attends
strictly to his own business and talks
but little. On the other hand, John-
son, when he was drunk at least, was
of a quarrelsome disposition. Several
witnesses testified that under such
conditions, Johnson was a "terror."

His sole ambition seemed to be
countered in the one idea of picking a
fight.

On the evening of the tragedy John-
son was very drunk and was making
things uncomfortable for everyone
about the Waldo hotel. He kicked
over dishes and upset things in general.
He paid no heed to the requests of
several to behave himself and was
finally ejected from the room by Griffin
and a companion. During this
proceeding Johnson slapped Griffin in
the face and it was then that Griffin
grew angry and went away—presum-
ably to get his revolver—at least the
testimony presented in court would
indicate this. When Griffin returned
Johnson resumed his quarrel and in
a few moments was dealing Griffin hard
and rapid blows in the face. Mad-
dened to frenzy by this treatment,
Griffin drew his revolver and fired.
This part of the tragedy, which might
have gone bad for Griffin, was weighed
in his favor from the fact of the testi-
mony presented by eye witnesses pro-
ving that he was backed away from
Johnson when he fired the fatal shots.

All in all, the case was a dirty one
at best, and all concerned are glad
that it is over, and the less frequently
such affairs occur the better will it
be for the society of Josephine county
in general.

month school at District No. 4,

**DR. GUNN'S BLOOD AND
NERVE TONIC.**

There is not a woman in this land
but at some time in her life would
have been the better for the use of
this tonic. For diseases peculiar to
women, a better medicine was never
made. It is composed of the ingredi-
ents from which the system has
been deprived by disease, over-work
or dissipation. It enters at once into
the circulation, building up the
tissues that have been wasted, and
making pure, rich blood in the most
direct way. For weak, nervous and
unsteady people, pimpley, pale or
fleshless people, it will make strong
steady nerves and give the complexion
that wholesome look that indicates
good health. We have hundreds of
letters that people have written us,
saying that they had gained in good
solid flesh at the rate of one to three
pounds per week while using Dr.
Gunn's Blood and Nerve Tonic. It
should be taken after meals, one or
two tablets each time. Druggists sell
it 7c per box or three boxes for
\$2.00, and sent postpaid on receipt of
price. We are glad to make reply
to letters of inquiry, the advice we
give you is plain, and easily under-
stood. Address, Dr. E. H. Gunn, Co.,
Philadelphia, Pa. For sale by W. F.
Kremer.

A. F. & A. M. SPECIAL NOTICE.

Work in the M. M. degree on our
next regular, Saturday Oct. 4. All
master masons requested to be
present. A. J. Pike, Secy.

LELAND SIFTINGS.

We have no sickness to report.
J. C. Lewis is back from Portland.
We have not much news to write up
at this writing.

The stores here have taken on more
clerks as business is growing.
Frank McGee has gone to Washing-
ton to spend the winter with his
family.

Frank Niday was seen on our streets
one day last week. He reports quiet
times at Hugo.

The placer miners are busy fixing up
their claims so as to be ready for the
water when it comes.

We are having nice cool weather, as
fine fall weather as we can ask for,
for gathering in the fall crops.

A large amount of lumber is being
hailed to the Greenback mine, that
gives work for plenty of teams.

A. A. Porter was seen on our streets
selling baled hay. Mr. Porter is a
raster. We need more men of his
stamp on our creek.

C. O. Burnett is up from the Copper
Stain mine. He reports great activity
on Mt. Reuben; all are working their
quartz mines to their utmost ability.

We are needing rain, as we have
had only enough to lay the dust.
Farmers are ready to start their plow-
ing as soon as the early rains come.

Our marshal is doing his duty;
sometimes he has to use his stick, for
he doesn't stand any nonsense.

Taking it all together, we have a
very peaceful community.

Haden is completing his arasta on
his mine. We hear he is going to
put on a Barley drill; that is the
cheapest and most effective way for
drilling the hard rock.

We see new faces in our burg. They
find good entertainment at the Leland
Hotel. As one man said, "We like
the hotel and surroundings here so
much that we are loth to leave."

Billy Cox and family are going to
Medford for a while; he will also look
after his interest on Upper Applegate,
as he has a copper ledge that is show-
ing up well. That will be a lively
place this winter as men of means
have come and bonded a lot of mines
on that creek.

Some of our prospectors have brought
in some good, rich quartz. They are
loading up to go back to the hills.

Wido Awake.

GLENDALD ITEMS.
(From Glendale News.)

Born—Sept. 23, to Mr. and Mrs.
Wm. Mercer, an 11-pound boy.

H. C. Wortman, of the firm of Olds,
Wortman & King, of Portland, has
been enjoying a vacation here.

Master Albert Asher of this place
returned last Friday from hoppingkiss
at Christy's yard, below Grants Pass.

Edmond M. Camp, of the Victory
mine, has gone to Chicago on a busi-
ness trip, preparatory to opening his
placer mine for this winter's run.

Miss Hilda McCurdy left Wednes-
day for Josephine county where she
is engaged to teach school this fall
and winter on Williams creek.

The miner, J. C. Rhoads, of San
Francisco, and Robert Allison, a
prominent mining man of Seattle, are
looking over some quartz properties
in this section.

S. W. Upton of Wolf Creek received
his award for loss by fire last week,
through the insurance agency of
Alfred Bloom of Glendale. This
was a speedy adjustment.

The Presbytery of Southern Oregon
will convene in the Olivet Presbyter-
ian church, Glendale, Oct. 7, at 9 a.
m. At 11 a. m. Rev. W. S. Smith of
Oakland will deliver the moderation
sermon. The Presbytery will con-
tinue in session two days.

A quiet wedding occurred in our
little city Wednesday evening, Sept.
24. Mr. Jacob Fisher of Salem and
Miss Sabina Cheney of Binger, this
county, were united in marriage by
Rev. J. Edward Blair. The cere-
mony was performed in the parlor of
Hotel Glendale in the presence of a
few invited guests. After congratula-
tions the happy couple took the
evening train for Salem.

J. C. Lewis and R. A. Jones of the
Benton mine are grading a wagon
road to their mine from a point inter-
secting the Gold Bug road at Ramsey
hill, one and one half miles distant.

The management is forging their
way along and the general opinion of
outsiders who have some knowledge
of the mine is that it will not be long
before the Benton will come to the
front as a big producer.

PROVOLT ITEMS.

B. W. Baldwin was in Grants Pass
Saturday, on business.

L. C. Easby has been crushing a nice
lot of ore the past week.

was in town one day last week on
business.

L. C. Hyde and wife, B. Fergus and
wife and Miss Carrie Meeks are spend-
ing a few weeks at the fish hatcheries
on Rogue river.

Apple picking will soon begin on
Applegate, but most of the crops are
light this season on account of scale.

E. N. Provolt has an average crop
having had no scale to speak of; in
fact he has the smoothest apples with
less worms in them in this part of the
country. He sprays twice; once for
scale and once for worms.

Died—September 27, 1902, Mr.
Frank Davidson of Missouri flat died
last Saturday evening. Six months
ago he came from Brandon to Missouri

drill Thursday. The drill fell and

came to Grants Pass Friday and re-
turned to work Tuesday.

Parents, beware! neglect of child-
ren's eyes entails upon them a bitter
heritage through life. Many a child
is unjustly termed dull and lazy and
accused of defective intellect when
defective vision is the sole cause of
the trouble. It is your sacred duty
to have Dr. Lowe test your
children's eyes.

Don't forget the last three days of
next week—Oct. 9, 10 and 11. Dr.
Lowe, the well known oculo-optical
will make his 28th visit to Grants
Pass. See him at Josephine Hotel.

One of the teachers in the Medford
High School was explaining to a class
of little ones something of the phys-
ical construction of the globe we live
upon, and finally asked the question,
"What is underneath the surface of
the earth?" Some thought fire,
others water; but one young resident
of West Medford, remarked with the
assurance of one who knows, that
"It's hard-pan under the ground."

There was no denying the actual
truth of that remark as applied to
certain parts of the west end of town.

Under the title "With the Attack-
ing Fleet, A Story of the Great War
Game," Mr. James Barnes describes,
in the October Magazine Number of
The Outlook, what happened on board
ship during the recent maneuvers
near the entrance to Long Island
Sound. Mr. Barnes, who has written
more than one book relating to early
American naval history, had the ad-
vantage of witnessing the great
marine sight from the deck of the
splendid new war ship, "Alabama."

He was authorized by the War De-
partment to sail on this ship as a
special representative of The Outlook.
His article is full of brilliant and
picturesque narrative passages, and
is the first real attempt to treat this
subject in what may be called a
literary way.

If you are going fishing don't forget
that Cramer Bros. have the kind of
tackle you want.

Welby & Pearl, the acknowledged
leaders in the portrayal of refined
negro comedy, are with Gorton's Min-
strels. Their merry sketch, "Three
Ages in Black," picturing the ro-
mance and peculiarities in the life of
the happy southern dandy, is a master
piece of character acting, and is
presented with the style and finish
which has made these artists famous.

Gorton & Lee, the "Kings of Musi-
cal Comedy," are a notable engage-
ment with Gorton's Minstrels. They
are presenting a new act this season
which is remarkable for the high or-
der of music introduced, as well as
for real genuine comedy, without the
coarseness and "horse play" which
usually characterize performances of
this kind.

"My Uncle From New York" will
be presented by Miss Georgia Harper
Oct. 3rd.
