

## A CHANGE OF POLICY.

To the Public, My Patrons and Friends: In making this announcement of a change of policy—namely from a semi-cash or credit business to an absolute cash basis—I wish to thank all my old as well as new customers for their generous patronage in the past, and in adopting the cash system I will endeavor to merit your cash business by a close application to the lowest prices consistent with good judgment and a constant aim as in the past to handle pure food products and of the best quality, on the MONEY-BACK principle if not satisfactory. This with prompt and efficient service I trust will meet with the support of those who believe in the good old maxim, "A dollar saved is a dollar made."

Paying cash is a direct saving to the customer as well as to the merchant.

A person buying on credit will naturally spend more each month than the cash buyer.

Cash does away with the making and receiving of statements, a great saving of time and annoyance and all the ills connected with running bills. Therefore on

Monday, December 1, 1902,

I shall inaugurate the spot cash system.

Very truly yours,

H. C. Bobzien.

FIDDLE-DEE-DEE.

The Fiddle-Dee-Dee company presented their entertainment at the opera house on Thursday evening. It was one of the brightest and liveliest shows that ever visited the town and there was not a slow moment in the entire piece. A part of the entertainment was of a really high order and some of the evolutions, maneuvers and dances were quite beautiful. The whole production was full of life and movement. Parts of it, however, inclined to raiment in a degree which our audiences have always failed to approve. The show is almost too metropolitan for town like ours where the audience are made up of people of all degrees of taste. The excellence of much of the entertainment, however, caused a great deal of questionable quality to be forgiven.

SUICIDE AT HUGO.

Mrs. Eveline Triplett of Hugo, a lady well known and well esteemed in the community, committed suicide on Thursday by drowning herself in a shallow pool of water near her home. As no reason for the deed was apparent, it is thought that her mind must have been temporarily unbalanced though she gave no indications of such a condition to those who had conversed with her. The place where the suicide was committed is in a small stream, ordinarily dry, and at this time the water was hardly more than a foot deep. She was alone at the time with no one in the near vicinity. It was some time before her absence caused anxiety. A search was then made and her body was found late Thursday evening.

Mrs. Triplett was a widow, her husband, Wm. Triplett, having been drowned in Rogue river some 15 years ago. She was 49 years of age. She leaves five children, three sons and two daughters.

YON YONSON.

The annual Swedish invasion is near at hand. The captain in charge this year is Mr. Nelson Erickson, who, in the guise of "Yon Yonson" will endeavor to make all the female hearts in the audience captivate to his charm of manner and rich humor. It is quite true that Yon Yonson has been seen here before, but this by no means makes Yon Yonson an old story. In fact, every thing in the production this year is absolutely new, from the actor who impersonates the title role, to the wood used in the log jam. The new Yon Yonson is Mr. Nelson Erickson, originally a Swedish actor, who came to this country a short time ago and having made a hit in Vancouver, B. C. Broadway was immediately engaged to play the part of Yon Yonson this year. It has been stated that Mr. Nelson Erickson brings to the character of Yon Yonson the charm which J. K. Emmett possessed in Fritz, and W. J. Scanlan gave to Myles Arson.

DYSPEPSIA.

People that have dyspepsia have weak stomachs, weak hearts, weak eyes and are usually weak kneed. They feel bilious and the world in general has a bilious look to them. They have so many symptoms that it is difficult to locate the place where they feel the worst. The fact is the source from where they get their strength has been cut off and they are left all over. The food taken into the stomach remains undigested, causing belching and bilious attacks, followed by sick-headache, and general weakness. The medicine that puts the stomach in condition so that the food can be readily digested, will cure dyspepsia and make strength where there was weakness. We have cured thousands of persons during the past 20 years of dyspepsia, with Dr. Giann's Improved Liver Pills. A 25c box of these pills are worth more to people with poor digestion than six months of dieting or a gallon of pepin. It only takes one for a dose.
