### OUR PERSONAL COLUMN

People as They Come and Go From Day to Day.

Rev. C. W. Hays arrived from Portland Wednesday.

E. T. Robbins has returned from the mines—too much water.

H. Hoeller of Ashland returned on Friday from a business visit to Grants Pass.

Frank M. South was in town last week from the Greenback mine on a business visit.

Mr. and Mrs. S. E. Harris of Astoria, spent a few days in Grants Pass last week.

Miss Ethel Nottingham left last Wednesday for Portland, to visit a few weeks at home.

H. A. Retermund of Montague, Cal., returned on Thursday after a brief visit to Grants Pass.

Mrs. M. Colvin has been visiting during the week in Ashland with her daughter, Mrs. A. C. Luster.

C. E. Harmon returned on Thursday from Salem where he had been observing the legislative sport.

W. H. Hampton was here on Thursday from Salem and returned with Mrs. Hampton to the capitol on that evening.

The Pacific Miner has issued a handsome special edition. The riches of Southern Oregon are set forth by Dennis H. Stovall.

Miss Louise Whitney, of Ashland, visited here last week on her way to Salem where she went to take a legislative clerkship.

Mrs. M. A. Baldwin of Ashland and daughter, Miss Cora, came down on Friday to visit for a few weeks with Mrs. W. T. Coburn.

Dr. and Mrs. C. R. Ray of Toledo spent Thursday and Friday in Grants Pass. They have lately returned from a trip to California.

Miss Louise M. Davis leaves this week for Boise City, Idaho, where she has accepted a lucrative position which was offered to her.

Miss Nancy Heard of Woodville is here at the home of her niece, Mrs. C. C. Presley, called here on account of the illness of her sister, Mrs. McHugh.

B. J. Watson is in Grants Pass collecting information and photographs for the Oregon number of the Pacific Coast Miner which will be issued February 21.

District Attorney Reames returned to Jacksonville, Wednesday from Hillsboro, where he went to attend the funeral of his father-in-law, Hon. T. H. Tongue.

Many of the friends of Miss Louise M. Davis met at her home on last Saturday evening, bringing a bountiful supply of good things and spending the evening in a most enjoyable manner, completing the surprise before leaving, by presenting her a beautiful volume and the good wishes of all present.

J. D. Cook, secretary of the Hydraulic Mining Company, returned today from Jump-off-Joe, where his company is operating extensive placer mines. Mr. Cook has been in the mountains for a week with the engineer for his company making some surveys and he declares that the air on most of the days was about as damp as he ever knew it to be, in fact he could hardly tell where the air ended and the brooks that were young creeks, and the creeks that had become young rivers, began. He reports no damage by flood to their property nor were they hindered at all.—Medford Success.

### Miss Weston Surprised.

Miss Ida Weston was invited to spend the evening of the 26th, at the residence of her friend, Miss Eva Wimer. Being seated by the fire, the former began to talk sociably. Soon the door bell rang and many of the invited guests appeared. Miss Weston did not think about its being her birthday until the presents were given to her. After an enjoyable evening of games and refreshments, the guests returned home, and it was not until Miss Weston returned to her own room, that she knew for whom the surprise party was given.

### De Moss Lyric Bards.

The DeMoss Lyric Bards will give one of their famous entertainments in the Grants Pass Opera house on Monday evening, Feb. 2. The concert is given under the auspices of the Ladies Aid society of the Baptist church. Tickets for sale at the post office drug store, from Saturday afternoon. Admission, 35 cents. Reserved seats, 50 cents, children under 12 years, 15 cents.

For a bad taste in the month take a few doses of Chamberlain's Stomach and Liver Tablets. Price 25c. Warrented to cure. For sale by all druggists.

Fountain Pens—Waterman's Ideal \$2.50 to \$6.00 at Cramer Bros.

### Plain Talk to Mothers.

The photograph that a mother cares for most is that of the little one who has passed away. For just one picture of this sort few mothers would grudge the price of several dozen pictures. But you say, "Next week I must take little Willie down and have some pictures made of him." Next week may never come for little Willie.

### RAVAGES OF THE FLOOD

Equals the High Water of '90—Much Damage Done.

Another big flood has come and gone and Rogne river and its tributaries have indulged in some old time antics, as though to show the new comers what they could do. It is the history of this valley for the past half century that an abnormally high water occurs at periods averaging 10 years. The first flood of which white men have any recollection, was in 1833. The next was in 1862, the next in 1866 and the next in 1881. Many of the present residents of Grants Pass remember the flood of '90, when the first bridge across the river at this place was swept away. The recent flood approached close to '90's mark, and some even claim that it was higher. The balance of opinion however, seems to be that it was a very few inches lower. The shifting of the channels however, makes an accurate comparison impossible. It differed from most of the floods in that it was caused by rain alone. In other freak years there was snow to melt with a warm rain and add to the volume, but there was none at this time. In this respect, it was similar to the high water of '81. Almost all last week, the rain fell incessantly and in torrents. On Wednesday night the streets were flooded. The creeks at the head of Sixth street overflowed and the water ran down the street in rivers. Six inches of water covered the sidewalk in front of the post office and the Hotel Josephine office was surrounded by water. Pedestrians waded through water varying from one to six inches in depth from the railroad track to the Western hotel. Many of the smaller creeks were as high then as they have ever been before. On Thursday and Friday, the waters subsided somewhat, but on Friday evening the rains set in with renewed vehemence and the streams rose with fearful rapidity. All Friday night and Saturday the rain poured, ceasing about dark Saturday evening. The river continued to rise until between 1 and 2 o'clock a. m., when it reached the highest point and began falling. It is an actual fact that it came up into the boiler room at the water company's power house and put out the fires. The water reached a point four inches below the top joint of the tubing on which the bridge stands and within about six feet of the bottom of the bridge. Just below the bridge, near the mouth of Gilbert creek it was above its bank on this side and flowed out upon the flat. On the other side it was flowing through a number of additional channels and its width was indefinite.

The water cut around the south end of Rogne river bridge and undermined the approach, so that a 40 or 50 foot section next to the main bridge broke off and floated down stream yet out side the main river to a point opposite the power house where it stranded. About 10 or 11 o'clock in the evening some large frame structure floated down the river and struck the bridge, giving it a severe wrench, but doing no serious injury. The machinery at the power house was somewhat damaged and a portion of it was clogged with brush, debris, gravel and brick and mortar from a section of collapsed wall.

The dam of the Golden Drift Mining Co., above town suffered some injury, but it was superficial and not serious. The water carried away some of the timbers and also some of the minor buildings which were located on a gravel bar below the dam.

The farmers below Grants Pass suffered serious injury. Nearly all the fences on the bottom lands were carried away and the damage to crops, orchards and hop yards is very great. Back water in some cases invaded the dwellings, but no great damage was done there.

The Applegate country suffered very heavily. Its valley is narrow and the land is low and sandy. In many cases considerable areas of ground were swept away. Practically all the fences are gone and the general devastation is very great. One man of competent judgment estimates that it will take at least five years to recover from the effects of this flood.

Only meagre reports have come in from the farther portions of the county. The most serious single loss is that of the Deer creek bridge which was swept away. The Sucker creek bridge, at first reported lost, was high and dry and is uninjured. The Grave creek wagon bridge was carried away, but it was comparatively small structure. All the Applegate bridges were uninjured. The bridge across the Illinois on the stage road beyond Kerby was somewhat racked by floating trees but can be quickly repaired.

The Bybee bridge over Rogne river was damaged and the east approach of the Old Hill bridge was carried away. The Condon dam at Tolo was damaged but is still in place.

The river at Grants Pass rose 34 feet from its normal level and was probably 12 or 15 feet higher than it has been before since '90. On Sunday, the whole town turned out to see the river and the banks were thronged from morning till night.

### DYSPEPSIA.

People that have dyspepsia have weak stomachs, weak hearts, weak eyes and are usually weak kneed. They feel bilious and the world in general has a bilious look to them. They have so many symptoms that it is difficult to locate the place where they feel the worst. The fact is the source from where they get their strength has been cut off and they are sick all over. The food taken into the stomach remains undigested, causing belching, and bilious attacks, followed by sick-headache, a hot or general weakness. The medicine that puts the stomach in condition so that the food can be readily digested, will cure dyspepsia and make strength where there was weakness. We have cured thousands of persons during the past 20 years. Of dyspepsia, with Dr. Gunn's Improved Liver Pills. A 25c box of these pills are worth more to people with poor digestion than six months of dieting or a gallon of pepsin. It only takes one for a dose. We will send two of these pills to prove what they will do. W. F. Kremer, sell them for 25 cents a box or by mail on receipt of price. Write Dr. Bosanko Co. Phila., Pa.

### Uncle Tom's Cabin.

Stetson's Uncle Tom's Cabin company played at the Opera house on Thursday evening. The company was far superior to any Uncle Tom's show that has visited Grants Pass for several years. There was nothing startlingly good about the acting. It was quite mediocre and common place, but good effects were secured and some of the specialties were very good. The Creole quartet was among the more pleasing features. The company puts out quite an imposing parade, a novel feature of which is a Creole girl's band.

### The Man From Sweden.

"The Man From Sweden," a new comedy drama from the pen of Chas. Newman, will serve to introduce a young student of the stage in the person of Mr. Knute Erickson, who is very well known through the western country by reason of his connection with "Yon Yonson" last season. This season, however, he has placed himself under the management of Broadhurst & Currie and in the new vehicle which Mr. Chas Newman has written for the display of his talents, there is little question as to his immediate success. Mr. Newman is the author of "Rudolph & Adolph" in which Dan and Chas. A. Nelson are starring and which is playing to crowded houses nightly, and of "Mr. Jolly of Joliet" which serves to display the talents of that famous Hoyden comedian, Mr. Edward Garvie.

Mr. Newman claims that "The Man From Sweden" is absolutely the best comedy drama he has ever written and when this play is presented at the Opera house on Wednesday, February 4, the amusement loving people of Grants Pass will have an opportunity of judging for themselves as to the accuracy of this statement.

Frank Fetsch has bought the interest of August Fetsch in the clothing store and the firm will be known hereafter as F. Fetsch, tailor and clothier.

Walter Harmon has sold his livery stable interests to Henry Bonny, the dray and transfer man. L. J. Perdue has purchased a half interest in the Bonny transfer business.

Remember the concert to be given by the De Moss Family at the Opera house on Monday, Feb. 2, under the auspices of the Ladies Aid Society of the Baptist church. Proceeds to go towards furnishing their new building.

C. C. Presley and family while out riding last Sunday, experienced some excitement. The horse slipped and fell, breaking a shaft and the lurch of the buggy threw out the occupants. The horse got up and ran, and little Bertie Presley was dragged across the street hanging on to the running gear of the buggy. The horse was caught and the boy was unhurt.

Mac Trimble of Bridal Veil, John and Chas. Trimble of Chehalis, Wash., Wm. Trimble of Oregon City, Mrs. Garrett Crockett of Hugo, and Mrs. C. D. Williams of Dillard have been in Grants Pass lately attending the bedside of their mother, the late Mrs. Clementina Trimble. The five brothers, including James Trimble of this city, are all blacksmiths. A few days ago they mounted the scales together and their combined weight was 1049½ pounds.

### Presbyterian Church.

Rev. C. W. Hays will be here next Sunday, February 1, and will occupy the pulpit at the Presbyterian church both morning and evening. On the following Sunday, it is expected that Dr. Townsend of Roseburg will be here. On Sunday, Feb. 15, instead of the regular morning services, "The Galilean" will be given by the choir. It is expected that Rev. W. G. Connell will be here in time to take charge of the services on Sunday, February 22, and thereafter.

### Kubli Items.

J. B. Burton is doing some contract work for our merchant Kubli.

Misses Verena and Emma Kubli were visiting their relatives and friends in this locality last Sunday.

Wm. Maske killed several fine swine last week, some of them weighing over 300 pounds, which he disposed of at 7 cents to K. J. Kubli.

Chas. Burkhalter, one of our leading farmers, is delivering 30 tons of baled hay to Nipper and Johnson of Murphy, the price paid was \$12.

Thomas Nickerson of Ft. Klamath, is in this vicinity visiting relatives and his many friends. We are informed that he intends to return home soon.

We are having lots of rain and the result is—miners are happy. Charles and L. C. Bayre, two of our mining men made a business trip to Jacksonville the last of this week.

In the last issue of the Courier, your correspondent of Provolt says that the Provolt base ball nine were victorious by a score of 17 to 5 in the ball game at Missouri Flat. Your correspondent is certainly misinformed as our boys of Missouri Flat were victorious by the score of 15 to 5 and in our opinion the Provolt nine had better stayed at Sunday school. Dixie

IT IS UP TO THE DOCTOR.

A lady wrote us a few weeks ago from Winchester, Va., that she had been under a doctor's care for 4 years for dyspepsia, the pain seemed to center under her left shoulder blade, and was so severe at times that she could neither eat nor sleep. She had lost faith in her home doctor, and asked us to send her samples of our Dr. Gunn's Improved Liver Pills which had been recommended to her. We sent her two pills. In a few days she sent for a box. Now she writes that the pain under shoulder has left her entirely, she enjoys her meals and never sleeps less than 8 hours every night, and this has all come about in two weeks, and cost her 50c for two boxes of pills. Says the doctor charged her \$50.00 and that she told him he had better take the \$50.00 and invest it all in Dr. Gunn's Improved Liver Pills and build up his practice. We have not received the Doctor's order yet, but any one having dyspepsia, bilious spells or sick-headache can get a speedy cure by the use of these pills. Sold by W. F. Kremer for 25c per box or by mail on receipt of price. Samples free. Address Dr. Bosanko Co. Phila., Pa.

\*If the weather permits, J. W. McCollum will have a barn raising one day this week.

Rev. Rogers, on account of high water and bad weather, was not able to fill his appointment Sunday morning at this place.

We have been having bad weather the last few days with about four inches of snow, the most we have had for several years.

Yancie McCollum and son Clarence, from near the Pass are spending a few days at J. W. McCollum's to help with the barn raising.

The high water and wind have been playing havoc with the farmers' fences and land along the Applegate and washing around one end of the big dam that belongs to the ditch company.

Died—Near Wildville, Jan. 25, 1903, D. Shehan, aged 73 years, 11 months and 25 days. He had been in poor health for several years but was much worse the last few weeks and his death was not unexpected. He leaves a grief stricken wife and three children to mourn their loss. A small service was held at the new grave yard. Mr. Charles Smith talked awhile to the few who were permitted to attend on account of the bad weather. Our sympathy is extended to the wife and children who survive him. Zanoni.

### SPECIAL SCHOOL MEETING

Voted 12 Mill Tax and Authorized New Building.

A special school meeting was held on Monday at the school room in the City hall. Though the business to be transacted was of the highest importance, yet the attendance was extremely small, as is usually the case with school meetings in this city.

The meeting was called to order by J. A. Slover, chairman of the board of directors, and J. A. Jennings, the clerk, read the notice stating the object of the meeting which was to levy a tax for school purposes, pay interest on bonds, redeem warrants, and to authorize the purchase of a site for a school house and the building of the same.

The following estimate of expense was submitted by Chairman Slover:

Teachers, \$700.

Janitors, \$700.

Wood, \$500.

Interest on bonds, \$700.

Interest on warrants, \$200.

Repairs, roof, etc., \$1000.

Incidentals \$500.

Total \$10,800.

The available funds in sight were as follows:

County high school fund, \$1200.

County apportionment \$2000.

State apportionment, \$1500.

Total, \$4700.

This estimate showed the amount of \$5900 which it would be necessary to raise by taxation and a 12 mill tax was voted for this purpose. The levy last year was 13 mills. The estimate for teachers salaries allows some increase in pay and also provides for the employment of one additional teacher.

The matter of a new school house was presented and discussed at some length. In view of the overcrowded condition at the present time, the new school building appears an absolute necessity. Some of the rooms now have over 60 pupils under one teacher, and the students of the four years high school are crowded together in one room. A site for the building has been secured and directors are considering plans for a building of four rooms. The location is on the east side of Seventh street, opposite the Jackson residence.

On motion, the purchase of the site was authorized and the board empowered to take the necessary steps toward the construction of the building. The cost will be in the neighborhood of \$3500.

### Coming Events.
