## ENTERTAINMENT OF KINGS. Italy's Monarch le Considered the Cheapest Guest a Nation

The big reception given to Prince Henry of Prussia by the United States makes it interesting to learn that the try can have is the king of Italy, says New York exchange. The German emperor is also an economical guest, as he does not care much for mere show. Give him some soldlers to look at and a review, and it is all be wants. It has been estimated that a private host can entertain the emperor for a week in the very best style for the triffing sum of £1,000.

That little visit of the czarto France cost the republic a pretty penny. Special messengers were sent to invite him at a cost of \$5,900, and \$50,000 was expended in cleaning up Dunkirk, where he was to land, and putting it in a presentable shape. The government erected triumphal arches at a cost of \$50,000, and spent \$5,000 for flags.

Then there were 5,000 picked troops to be got ready, besides the review troops. These picked troops were specially trained, drilled and quartered for over six weeks at a cost of \$100,000, and \$25 military bands were put down in the estimates at a cost for food and extra expenses at \$12,500.

## WHO CANNOT BE CURED.

Backed up by over a third of a century of remarkable and uniform cures, a record such as no other remedy for the diseases and weaknesses peculiar to women ever attained, the proprietors and makers of Dr. Pierce's Favorite Prescription now feel fully warranted in offering to pay \$500 in legal money of the United States for any case of Leucorrhea, Female Weakness, Prolapsus, or Falling of Womb, which they cannot cure. All they ask is a fair and reasonable trial of their

Their financial responsibility is well known to every newspaper publisher and druggist in the United States, with most of whom they have done business for over a third of a century. From this fact it will readily be seen how utterly foolish it would be for them to make the above un-precedented and remarkable offer if they were not basing their offer on curative means having an unparalleled record. No other medicine than Dr. Pierce's Favorite Prescription could possibly "win out" as the saying goes, on such a proposition. But they know whereof they speak. They have the most remarkable record of cures made by this world-famed remedy ever placed to the credit of any preparation especially designed for the cure of woman's peculiar ailments. This wonderful remedy, therefore, stands absolutely alone as the only one possessed of such unrivaled curative properties as

fully warrant its makers in publishing the remarkable offer above made in the utmost good faith. \$3,000 FORFIT will also be paid in lawful money of the United States, by the officers of the World's Dispensary Medical Association, if they cannot show - the original signature of each individual volunteering the testimonials below, and also of the writers of every testimonial among the thousands which they are constantly
