RESOLUTIONS ASKING FOR RETURN OF PRESIDING ELDER AND PASTOR.

The 4th quarterly conference of the Newman M. E. church was held at the church Monday evening. The following resolutions were unanimously adopted:

For the purpose of expressing our appreciation of the faithful and conscientious work done on this district during the past year by our Presiding Elder, D. T. Sammersville, be it Resolved, That this Quarterly Conference express to him our sincere thanks and gratitude for his untiring efforts to build up the church and spread the Gospel in this special field and that we are not unmindful of the many hardships he has to undergo in his journeyings to and fro in this district where the work is widely scattered, and that we pledge to him our support in the event he be retained as Presiding Elder of this district, and it is our earnest desire and prayer that he be so retained.

Whereas, God in His Infinite goodness has vouchsafed to this church under the pastorate of Rev. J. W. McDougall, all during the conference year just closing, great spiritual growth and temporal prosperity and has given to pastor and people complete harmony; and

Whereas, This Board points with pardonable pride to the good works that have ever characterized our pastor's sojourn in our midst, his manly excellence, his high Christian character and his loyalty to the cause of our Lord Jesus Christ, have won the deepest affection of our hearts, therefore, be it

Resolved, That this Board earnestly request the presiding bishop of this conference to return the Rev. J. W. McDougall to his charge another year; be it further Resolved, That a copy of these resolutions be furnished our beloved presiding elder, Rev. D. T. Sammersville, with the request that he present the same to the bishop for his consideration.

F. H. HARTH & SON KEY SALE

YOU are going to buy your winter shoes. Which kind are you going to buy? A good shoe may cost a trifle more than the cheap, no account shoe, built to please the eye and catch the careless buyer, but is it economy to buy the inferior quality shoe? If you are going to buy a heavy, everyday, good to wear shoe, easy on our feet, and as near waterproof as leather is made, buy the United Workmen Oro Kip Shoes. These shoes are made plain toe or tip, with or without outside counter, medium or high cut.

A SHOE with a reputation is the Walk-Over. Think of it, 1,958,000 pairs of shoes were made by them in their own factories during the year ending November 25, 1901. You want comfort and economy, you want a shoe that will wear and keep its shape, slightly, and dressy, buy a Walk-Over Shoe.

YOU don't know what to buy for that boy. It was the same with us. We solved the question. Without any hesitation we can recommend the Good For Bad Boys Shoes, and assure you there is no shoe on the market that will give the wear and durability, comfort and ease Good For Bad Boys shoes will do. The old adage "The proof of the pudding is the eating thereof" will apply to Good For Bad Boys shoes and all we ask is try a pair with the assurance that these shoes will prove the best investment you have made for boys shoes.

HORSE CAUSES TROUBLE

But the Boys Greatly Enjoyed Their Outing.

A story comes from over Klamath Falls way that two Grants Pass boys, who are on an outing in that vicinity, have had serious trouble with their horse. It seems the boys decided that the animal needed grass and lots of it, so they turned him out to graze, without any hobbles on him as one of them is very tender hearted and thought the hobbles would interfere with the quadruped's eating. All went well until they attempted to catch him, when he started for home. One of the boys, noted for his walking qualities, took two days rations in a flour sack and started to head off the animal and succeed in the attempt after a short chase. The horse having had a taste of freedom and the juicy bunch grass of that region, and having laid the foundation for a little flesh on his frame, started for home the next time the boys turned him out to feed. The only thing that saved the weary travelers from walking home, a distance of a hundred odd miles, was a cow boy, who captured the runaway before he got very far on his way home. It is said the boys lost in the neighborhood of ten pounds of flesh each, while the horse gained about twenty. The boys declare that the next time they go they will hire an automobile.
