Comfortable.....

A cold house is an inexcusable evil. There's heat when you want it and just as you want it in Cole's Original Air-Tight Wood Stoves, and on a windy day particularly the heat doesn't go up the chimney. They are not only highly ornamental as a piece of furniture, but their chief virtue is being an article of utility. They are very economical in the use of fuel and soon pay for themselves.

We have also a good line of Steel Box Stoves, Cast Lined Heaters, Steel Ranges—the Bridge & Beach Superior—and Cook Stoves in all sizes.

A Million Every Month. By manufacturing and selling a million records every month, the Columbia Phonograph Co. has achieved the end for which it has long been striving—the reduction in the price of its High Speed Moulded Cylindrical Wax records from 50 cents each to 25 cents. Simultaneously with this reduction in price a new record, greatly superior to any that has ever been offered for sale is being furnished—a black superhardened record both durable and brilliant and combining sweetness and smoothness with remarkable volume. These records will fit all talking machines using cylindrical records and the facilities for manufacturing them have been increased to an extent that will enable the Columbia Phonograph Co. to produce a practically limitless supply.

The Columbia Phonograph Company, 125 Geary Street, San Francisco, headquarters for graphophones and talking machine supplies of every kind, will send you catalogues on application.

A. A. C. WIN-SCORE 5 TO 0

High School Defeated in Football Game Saturday.

The American Athletic Club may well rejoice for they were given the opportunity Saturday afternoon in the contest with the high school eleven of demonstrating the quality of their football team. It was their first battle and the way they played ball was a revelation to the spectators who did not expect to witness an exhibition of almost clever playing.

Everybody in attendance declared it a most interesting game from start to finish. A levy of "high schoolers" were out and gave their team admirable support throughout the game. The high school stood up to their men and improved their playing as the game went on and Coe with the ball ran well.

Walter Harmon acted as umpire and Jack Bennett was chosen referee and in every instance their decisions were considered by both teams perfectly in accord with fairness. Some unpleasant discussions and differences of opinion arose as to the correct interpretation of the rules but were promptly settled by the referee and no one objected to his corrections. Both teams acted in a manner befitting gentlemen. There was no rough handling and no one was hurt.

The high school had the kick-off for the commencement of the match. Cheshire caught the ball and made considerable territory before the scrimmage began. Ground was gained rapidly toward high school's goal, and in the last half minute of the first half, before time was called, Gagneau made a fierce rush for a touchdown, and accomplished his purpose. Al Schmidt kicked out for the goal but failed.

During the rest of the half, the ball was in high school territory. Short halves alone prevented the A. A. C.'s making their score bigger. Captain Jordan's men played their positions well and they introduced a few little interesting catch plays. The teams lined up as follows:

G. P. H. S.	A. A. C.
Marrin, Capt.	C. Smith
Akerrell	B. G. Moore
Harvey	L. G. Shade
Randle	R. T. Wertz
Welch	L. F. Riggs
Moore	RE. F. Schmidt
Harding	LE. Gagnon
Hackett	QH. Cheshire
Coe	RHR. Stephenson
Harmon	LHB. A. Schmidt
Stoelquist	FB. Jordan, Capt.

AN OLD-FASHIONED TIME

Halloween Parties Prove Successful Affairs.

The Halloween party at the Woodmen hall last Friday night given by Azalia circle was a success. The seating space and standing space was all taken and dozens of people could not get inside of the hall. It was so crowded.

The following program was rendered:

Piano solo—Miss Flossie Hancock
Vocal solo—Miss Edna Parker
Recitation—"Little Orphan Annie"
Vocal solo—Miss Minnie Schallhorn
Instrumental trio—Max Smith
Vocal solo—Miss Whitten
Reading—Miss Ethel Johnson
Recitation—"Seein' Things at Night"
Witches Drill—Miss Ethel Riggs
Circles Drill—Miss Ethel Riggs

The drill of the witches wearing red capes and tall pointed hats and carrying brooms was a pleasing feature and reflected credit on the instructors, Mrs. Calvert and Mrs. Wertz.

Apples, doughnuts and cider were served and halloween games indulged in while dancing was in progress in the banquet room. Fortune telling by the witches was also a feature.

Mrs. Denay was chairman of the entertainment committee and to her efforts and enthusiasm, much of the success of the evening was due.

Several classes of the Newman M. E. Sunday school were entertained last Friday evening at the home of Mr. and Mrs. H. L. Gilkey. The evening was spent in playing games and social converse and telling ghost stories. Mr. and Mrs. Gilkey made all present feel at ease and the guests went home with the memory of a pleasant evening spent with their hosts.

HESS BLEW OUT THE LIGHT

And the Neighbors Extinguished the Blaze.

When J. J. Hess left his home on Ninth and J streets last Friday evening he extinguished the light by blowing down the lamp chimney—fifteen minutes afterward, he and the neighbors were fighting fire and succeeding in extinguishing it, but not until two rooms had been nearly gutted and furniture in the other rooms damaged.
The lamp had a metal bowl which prevented Mr. Hess from seeing that the blaze had been blown down the wick. The explosion which resulted was sufficient to tip the lamp over but not break the bowl. The oil spilled out gradually so it was several minutes after Mr. Hess left the house before the fire got much headway. J. H. Baker was the first to notice smoke issuing from the house and he, not finding anyone at home, broke open the door and operated the garden hose. Neighbors assisted with buckets and pans and had the fire extinguished by the time the hose cart arrived.
The house was a four-room building belonging to Miss Ethel Adams and was considerably damaged. The loss on furniture was covered by insurance.

MORE LIGHTS ARE NEEDED

On Sixth Street at Railroad Crossing.

One dark evening a week or more ago, W. B. Sherman was driving across the tracks on Sixth street while the freight was switching on the tracks nearest the bank. Mr. Sherman was riding on a high seat and in the dark, made darker by the cloud of dust, did not see the cars on the track. He took looked up and down the track and saw the engine and box cars moving some distance away and supposing the track at the crossing was clear, started to drive rapidly across. A brakeman called to him just in time for Mr. Sherman to rein the team around to prevent a catastrophe. One horse was struck on the collar by a car.
