DROWNED IN ROGUE RIVER THE LOCAL HAPPENINGS

Caner Johnson Unable to Swim Swift Current

A. E. Kaiser of the New Channel Mining Co., whose mine is 20 miles down Rogue river, arrived this morning with information of the drowning of Caner Johnson, whose home is near Grants Pass. Johnson, who is 28 years of age and a companion of about the same age, had shot a deer on the opposite side of the river and were swimming across the river to secure the animal. The companion arrived on the opposite bank safely but Johnson was carried down stream by the swift water and caught in an eddy, which prevented his reaching the shore. He was then carried down stream. He was seen by Mr. Kaiser to gain a footing for an instant, but in his exhausted condition, the rapid waters took him off his feet and carried him down the river over the riffles. A party started down the river Wednesday afternoon in a boat to search for the body. The young man was a brother of Mrs. Chas. Grey. Both boys had been working at the mine.

BROUGHT 190 OZS. GOLD Result of Seven Day Test Run at Deep Gravel Mine.

W. J. Wimer of the Deep Gravel Mining Co. at Waldo came to Grants Pass Tuesday with 190 ounces of gold, the result of a test run of seven days and nine nights, with a two-inch nozzle at 180 feet pressure. There have been several clean-ups this season all of which gave splendid returns. The flumes and races were cleaned up and this test run made with the last water of the season.

The company, which is composed of W. J. Wimer and E. A. Roames last year installed a Hendy Elevator which has proved a splendid success. It is a tubular elevator, the pipe being 16 inches in diameter, and the gravel is raised 4 1/2 feet. The gold taken out runs about \$18.50 to \$19 per ounce, bringing the test run to about \$3500.

SALMON AT THE RAY DAM Fish Now Going Up the River by the Thousand.

A representative of the Medford Mail visited the Ray dam last Thursday evening for the purpose of ascertaining the exact condition of affairs as appertains to fish passing the big dam. Men were busily engaged in constructing a rack across the river, nearly opposite the fish ladder. The object of this rack is to prevent the fish from passing up the river to the dam and past the ladder—and it surely will do the work for which it is intended and the fish ought to have no trouble in passing the dam by way of this ladder.

There are a great many fish lying just below the dam which are, of course, unable to get over, but these, Dr. Ray says, he will take from the river with a seine and place them in the water again above the dam. He is also contemplating the construction of a fish way right at the dam, which will, without a doubt, give passage for all fish that do not get up over the regularly established fish way. There were tons and tons of fish in the river last week endeavoring to get over the dam. These ranged in size from six inches to four feet—and the water was black with them—in fact so thick were they that they were wedged in in great piles—all struggling to go up the river—Mail.

Artificial Lake. The Ashland Tidings reports that surveyors were at work most of last week, running elevations, preparatory to finally deciding on the feasibility of the proposed big artificial lake, north of Ashland, which capitalists are interesting themselves in. Lines were run from the proposed dam at the old placer diggings, near the Wyant place, south to a point 300 yards this side of where Ashland Creek empties into Bear Creek, and the engineers on the work pronounce the enterprise entirely practicable.

One Lady's Recommendation Sold Fifty Boxes of Chamberlain's Stomach and Liver Tablets.

I have, I believe, sold 50 boxes of Chamberlain's Stomach and Liver Tablets on the recommendation of one lady here, who first bought a box of them about a year ago. She never tires of telling her neighbors and friends about the good qualities of these tablets.—P. M. Shore, druggist, Rochester, Ind. The pleasant purgative effect of these tablets makes them a favorite with ladies everywhere. For sale by all druggists.

New Music Received. The Grants Pass Music House is receiving sheet music almost daily. Whenever a popular piece is received at the stock houses, we are at once supplied with copies. Among the latest received are: Dolly Dimple, two-step. A Daughter of Shiloh, two-step. Queen of Hearts, waltz. Kale Karney. Bodella. Look Out For the Coon in the Moon. There Are 57 Ways to Catch a Man. My Boo Boo Baby. Just a Glean of Heaven in Her Eyes. If we do not have in stock what you want, we will order for you.

Brutally Tortured. A case came to light, that for persistent and unmerciful torture has perhaps never been equaled. Joe Golobek of Colusa, Cal., writes: "For 15 years I endured insufferable pain from rheumatism and nothing relieved me though I tried everything known. I came across Electric Bitters and it's the greatest medicine on earth for that trouble. A few bottles of it completely relieved and cured me." Only 50c. Satisfaction guaranteed by National Drug Store and Grants Pass Pharmacy.

C. A. Wallace, who arrived from Michigan last fall with his family and took the Flanagan place on shares is now bringing in ripe peaches and apples. On Monday he shipped 23 boxes of peaches from Merlin to Portland. He reports the peach crop good.

Conductor Charles Wilson, now carries his right hand in a sling on account of a crushed thumb. Friday while uncoupling cars at the gravel pit, his thumb caught between the deadwood and drawhead and was badly crushed. He hopes, however, to be able to save the member.

M. C. H. Day met with a painful accident last Tuesday which has laid him up with a broken wrist. He was riding his wheel down the hill on C street and when he reached the Gilbert creek bridge it had gained such velocity that he was unable to make the turn necessary to bring him onto the bridge and he crashed into the railing. He has been working on Dr. Stricker's new house and was going home after work.

A Silent Ceremony. The marriage of Frank L. Demaree and Mrs. Louise Ewing occurred at the home of George Thissell, Jr., near Winters, Cal., last Sunday. The ceremony was performed by Rev. Thomas and interpreted in the sign language by R. L. Demaree, brother of the groom. The groom and his bride are deaf mutes, and were formerly students of the deaf mute institution in Berkeley.

At the close of the ceremony a pretty wedding lunch was served, after which the happy couple was driven to the depot to catch the 3:30 train en route to Sacramento, where they will spend their honeymoon.

Frank Demaree, the groom, is a brother of Mrs. Thissell Jr., and R. L. Demaree of Grants Pass and Mrs. F. P. Mitchell, of Oakland, and the bride is the oldest daughter of the late Mrs. Fred Sieferman, of Woodland. Both are well known in Winters and have many friends who wish them all happiness in their new relationship.

Those present at the wedding were Mrs. George Thissell Jr., Mrs. F. P. Mitchell and son, Dudley of Oakland, Mr. and Mrs. R. L. Demaree Mrs. J. Emery, Miss Irene Thissell and James Johnson of Madison, five Japanese workmen of Mr. Thissell came in also to witness the ceremony the first American wedding they ever witnessed.

Bring Your Wife Along. Women are the best judges of dress, their own or the Men's. They know a good thing when they see it, and you may rely firmly on their good judgment. Bring her with you, by all means, let her help you select your Summer clothes. She'll understand that "genuine goodness" of a Schloss Art-Tailored Suit, better, perhaps, than you. However, you are sure of good treatment here, whether you bring her or not. The difference in the cost of a Schloss-made Suit and that made by the "merchant tailor" will be enough to open her eyes to the possibilities for money saving. Just think, we sell a suit like either of those shown in the picture at so little a price as \$12.50. The "merchant tailor" would want to charge \$25 for a suit not so good in fit, style or quality. Here is a clear saving of \$12.50, which your wife can find good use for in adding to her own wardrobe. No wonder she is bent on breaking you of the "merchant tailor" habit. This label on Schloss made clothes is to protect the wearer. It stands for reputation, uniform excellence and up-to-dateness. "Drop in and let us talk it over." P. V. Harth & Son. Outfitters to Particular People. GRANTS PASS.

GREATEST COPPER BELT. Dr. Leroy Concur with Clark in Above Statement. Dr. A. LeRoy, of the Oregon Information Bureau, at Portland, while here last week, visited the Granite Hill and Red Jacket mines and secured some splendid quartz for exhibition at the bureau. He took 75 pounds from the 200 foot level at the Granite Hill and 20 pounds from the 100 foot level at the Red Jacket. Dr. LeRoy says that Southern Oregon has a future before it and will be heard from in the quartz mining world and he also says that he can heartily concur with Senator Clark's statement, that Josephine county contains the greatest copper belt in the world. Mr. LeRoy has been untiring in his efforts to bring Oregon before the world and to post homecomers as to the resources of this state. Jubilee Singers. The Glee Club from Claffin University are prime favorites when there is any singing to be done. They render the old-time songs with rare effectiveness, their voices chiming most melodiously, and then they have an original parlor song, "The Old Flag Has Never Touched the Ground, Boys," which always fetters the house and leaves an uproarious encore. Portable Wood Saw. O. O. Lund now has in running order a portable wood saw, with which he can do a variety of work, such as running the older mill, water pump, and spry pump. Mr. Lund takes it for granted that all people are anxious to save money, and he now offers them an opportunity to do so in buying their wood in 4-foot lengths or in poles and having it sawed at his own yards, thus making quite a saving in expense. He will also spray orchards. The general offices of the Southern Pacific company at Portland are being consolidated with those of the O. R. & N. Co. General Manager Calvin has made the following statement: "All work of the Southern Pacific in this district, will be handled by myself and General Superintendent O'Brien. The former general office of the Southern Pacific at Third and Washington streets are being removed to the Worcester building to facilitate operations. Mr. Koehler is going away on a long vacation." It is reported in Portland that Manager Koehler has resigned and that his resignation is permanent. He will soon start for Germany and will be in Europe for an extended visit. \$100 Reward, 1900. The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is Catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials. Address: F. J.
