OREGON GRAIN AND HOPS CITY COUNCIL

Farmers Realize Over \$20.000. 000 From Crops This Year.

More than \$20,000,000 is the estimated value of the crops of grain and hops raised in Oregon this year. The figures as to grain are based on the government crop report; as to hops, n the best information cobtainable from private sources. The value of the crop is reckoned at the present market price of each article quoted The following table shows the value

of the various crops : Wheat

Total value..... The state has 704,000 facres of wheat year the yield was 12,438,827. The ed. acreage this year is larger and some

showed a remarkable shortage in this and rejected. a calamity which very seldem strikes buy wood for city hall, this portion of the state. This year average price of wheat at 87 cents per ell ordered same to be credited and in all; hence no educational test is re-
