**CAME DOWN TO SEE BUGS**

Owing to Rain They Were in  
Hiding

Prof. A. B. Cordley, entomologist  
of the State Agricultural college,  
passed through Grants Pass Tuesday  
on his way to Corvallis from Jackson-  
ville, where he had been to examine  
the condition of some Asiatic lady  
bugs that he planted last year in an  
abandoned orchard in P. Britts  
pasture, near that town, but owing to  
the day being cold and rainy, he could  
find no trace of the bugs. These bugs  
in their native haunts feed upon the  
San Jose scale and the department of  
agriculture is introducing them into  
the United States in the expectation  
that they will eradicate this pest  
which is causing such damage to the  
fruit industry of the country. The  
department sent Prof. Cordley 50 of  
the beetles and 30 of them survived  
the journey from Washington, where  
the department is breeding them, and  
were brought to Rogue river valley,  
the professor counts the conditions  
more favorable to their survival than  
in any other section of Oregon.

ation free. Western Hotel.

**FLAGS GIVEN TO SCHOOL**

Handsome Gifts by Ladies of  
Woman's Relief Corps.

Last Thursday afternoon three flags  
were presented to the Grants Pass  
schools by the Women's Relief Corps.  
The ceremony was quite interesting  
and impressive and was attended by  
a number of people outside of the schools.  
All the pupils of the three school  
houses assembled under charge of their  
teachers at the central building. The  
presentation speech was made by Mrs.  
Hildreth and an impressively patriot-  
ic address was made to the pupils by  
the W. R. C. inspector, Mrs. Ross  
Schenck of Toledo. R. Thomas,  
chairman of the school board, in a  
brief speech, expressed the thanks of  
the school for the gifts of this organi-  
zation. The flags are of wool bearing  
30 feet in size and are very hand-  
some. The gifts are greatly appre-  
ciated by the schools.

**High School Literary Program.**  
The program rendered on Friday  
last, October 29th, was a thorough  
success in every way. A number of  
visitors, including three of the lower  
room teachers were present. The pro-  
gram opened with a song by the  
school. Ben George "reigned" with  
dignity as president and Helen Clark  
officially as secretary.

The following pupils carefully and  
skillfully rendered their parts:  
Ella Savage, recitation,  
Addie Robinson, "The Yellow  
Stone Park" essay.  
Ethel Riggs, recitation.  
Ora Lane Williams, "Benedict  
Arnold" essay.

An instrumental solo was given by  
Prof. Davenport.  
The question for debate was,  
"Resolved, That the powers should  
intervene to put an end to the war in  
the east." The affirmative was re-  
presented by Fritz Deonand Blanche  
Tardine; the negative by Lloyd  
Harvey and Katie McCarthy.

The debaters were confused by a  
great disturbance on the outside—some  
show people who were exercising  
their vocal organs.

The instrumental solo by Prof.  
Davenport was a thorough success.

**THE LOCAL HAPPENINGS**

Brief Notes and Items of Interest  
and Importance.

P. M. Coran on Saturday pur-  
chased two desirable lots in the Ire-  
land & Meade addition.

Jas. McIntire this week purchased  
a 10-acre tract of land in the north  
part of town from J. A. Savage.

W. A. Paddock has sold an Orient  
runabout automobile to a Grants Pass  
man, who wishes his name withheld.  
The machine will arrive in five or six  
weeks.

A Halloween dance was given at  
the Opera House on Tuesday evening.  
There was a fair attendance and the  
event was a pleasant one to all at-  
tending.

A. R. Cleveland on Friday waived  
preliminary examination before Jus-  
tice Furman in answering to a charge  
of bigamy and was bound over to  
await the action of the circuit court.

The Woman's Club will meet at the  
Presbyterian church parlors at 2:30  
Saturday afternoon, November 5, at  
which meeting Mrs. Jos. Moss will  
give her report of the State Federa-  
tion of Woman's Clubs.

Rev. J. W. McDougall has been  
transferred to the M. E. pastorate at  
Albany. His departure from Grants  
Pass is sincerely and universally re-  
gretted. Rev. D. T. Summerville as-  
sumes charge of the Grants Pass field.

Roscoe Jarvis, the 16-year old son  
of D. W. Jarvis of Neil creek near  
Ashland was killed on Saturday by a  
fall from a lumber flame which he  
was walking. He fell 80 feet into the  
creek, striking his head on the rocks  
of the stream bed and death was in-  
stantaneous.

A. C. Hooper of the Pitt Hydraulics  
Mining Co., passed through Grants  
Pass last Thursday, returning from  
Portland. Mr. Hooper states that they  
have installed an arrastre at the mine,  
and expected it to be in operation this  
week. The arrastre does the work of  
a two-stamp mill.

Services at the Christian church next  
Lord's day at usual hours. Evangelis-  
tic services will begin at the Chris-  
tian church Sunday, November 6th.  
Rev. J. J. Evans, State Cor-  
responding Secretary, will do the  
preaching. Services each evening at  
7:30. All invited.

The A. A. C. football team will go  
to Medford Sunday, provided the  
trains are near enough on time, and  
will play the Medford team. The  
boys intended to go to Ashland last  
Sunday but were prevented by the  
lateness of the train which was  
delayed by the wreck at Jefferson.

Dr. Arthur W. Lister, a graduate of  
the Pacific Northwest Dental College,  
will locate permanently in Gold Hill.  
His office will be temporarily at the  
Cottages Hotel, one block above the  
postoffice. Dr. Lister is well equip-  
ped to do any and all work in the  
most up-to-date methods, at usual  
prices.—Gold Hill News.

Monday, a 10-stamp mill for the  
Opp mine, near Jacksonville, now  
under bond to Dr. J. E. Reddy, ar-  
rived in Medford and is now being  
placed in position at the mine, says  
the Mail. Dr. Reddy has great con-  
fidence in the prospect for future  
favorable developments at the mine,  
as is shown by the substantial in-  
crease in the plant.

In the absence of the pastor a popu-  
lar meeting was held last Sunday  
evening at Bethany Presbyterian  
church, under the direction of the  
Ladies' Benefit society. The subject  
was "Mormonism" and interesting  
papers were read by Mrs. R. Thomas  
and Mrs. H. S. Prescott. A recitation  
by Miss Ethel Riggs and a song by 10  
little girls were special numbers ap-  
preciated with pleasure by the congrega-  
tion.

All the towns of Southern Oregon  
are prospering and expanding their  
territorial area. Even little old  
Woodville is feeling the impetus of  
new life and is taking on a growth  
that has created a demand for more  
lots and last week J. S. Howard, the  
well known civil engineer, laid off an  
addition embracing 40 lots for Hall  
Bros. This addition lies between  
Ward creek and the county road and  
is a very desirable location for resi-  
dence property.

City Auditor Maybee disclaims any  
defiant attitude in declining to spend  
all of his business time at the city  
hall during the registration month,  
an accusation contained in a sarcastic  
communication published in the  
Herald. He intimated his willing-  
ness to resign if the council required  
an auditor who would spend his  
whole time there. Mr. Maybee has  
other business which he cannot  
afford to utterly ignore for the au-  
ditor's salary, \$20 per month. If it  
were required by the city law that the  
registration be done at the city hall,  
Mr. Maybee would have resigned.  
As there is no such requirement, he  
kept the books open at his office ex-  
cept for two hours in the afternoon,  
when they were open at the city hall.  
Mr. Maybee is a good official, per-  
forming his duties satisfactorily.

The question has been asked—In  
what way are Chamberlain's Stomach  
and Liver Tablets superior to the or-  
dinary cathartic and liver pills? Our  
answer is—They are easier and more  
pleasant to take and their effect is so  
gentle and so gradual that the user  
hardly realizes that it is produced by  
a medicine. Then they not only move  
the bowels, but improve the appetite  
and aid the digestion. For sale at 45  
cents per bottle by all druggists.

**A Sniff of Autumn  
is in the air . . .**

An ounce of prevention, you know, is  
worth a pound of cure, and if you are a  
man of prudent judgment you will provide  
yourself with clothing of heavier weight  
and take no chance of catching a Fall cold  
trying to get a little longer wear out of  
your thin and seedy Summer Suit.

We are now displaying some particularly  
snappy Fall styles for Men selected from  
the best productions of Schloss Bros. & Co.  
the Fine Clothes Makers, whose celebrated  
ready-to-wear clothing has raised the stand-  
ard in Men's Apparel.

You will find fit and grace in cut, quality  
in fabric and honest workmanship in the  
making. Add to these the fact that you  
have seen nothing like these clothes, and  
you have exclusiveness. Take these points  
altogether, and you have the foundation  
for the fame of superiority enjoyed by  
Schloss Hand Tailored Clothing.

The picture represents a popular Fall winner, and has to be seen to be appreciated. Look  
at these suits before they have been picked over.

**WALDO'S BIG MINING SUIT**

Testimony Being Taken Before  
Reporter Calkins.

Litigation pertaining to water  
rights is coming to be a matter of  
much importance in the court pro-  
ceedings in Southern Oregon, and  
with the rapid increase in the de-  
mands for water for irrigation and  
mining the value of water rights will  
continually enhance and the contest for  
their control will be the more closely  
drawn. The principal cause for this  
great amount of litigation over water  
rights are the loose laws that have  
been in effect under which those  
rights were acquired. The provisions  
of the state law were so indefinite  
that a water right could be expanded  
as occasion might require to the  
serious detriment of other users, or a  
new right acquired that would in-  
fringe on a prior right.

A water right suit is now pending  
in the circuit court for Josephine  
county, the rulings on which  
will have an important bearing  
on the relative rights of water owners  
or those wishing to secure water  
rights. This case is that of an ac-  
tion brought by Simmons, Logan &  
Cameron to restrain the Deep Gravel  
Mining Company from using the  
amount of water that the latter  
claim they are entitled to use. Both  
rights are for mining purposes and  
the ditches of both companies are  
located near Waldo and take water  
from the Illinois river and the water  
rights are among the oldest in South-  
ern Oregon, those of Simmons, Logan  
& Cameron being taken up in the  
early '90's one of their three ditches  
being opened in 1833 or '34, while that  
of the Deep Gravel Mining Company  
was acquired in 1893. The point of  
contention is that the Deep Gravel  
company has enlarged their ditch un-  
til it now carries a much larger quan-  
tity of water than it did at the time  
it was first put into use, thereby de-  
priving the Simmons company of the  
quantity of water that formerly came  
to their ditches.

The individuals concerned in this  
litigation are Mrs. Jane Simmons and  
J. T. Logan of Waldo and Theo. Cam-  
eron of Jacksonville, who are the  
plaintiffs and are represented by Judge  
W. C. Hale and A. S. Hammond, while  
the defendants are W. J. Wimer  
of Waldo and A. E. Beames, of Jack-  
sonville and Mr. Beames is handling his  
own and his partner's interest in the  
Deep Gravel Company. Being a  
suit in equity and the evidence to be  
voluntaneous, Judge H. K. Hanna ap-  
pointed P. M. Calkins the official  
court reporter, referee and he began  
Monday to take the testimony and on  
Wednesday completed the evidence for  
the plaintiff and he is now taking the  
evidence for the defendants and it  
will probably be Friday or Saturday  
before all the witnesses are examined,  
of which there are a dozen or more.

**Card of Thanks.**  
We wish to extend our thanks to  
the kind friends who assisted during  
the illness of our child and extended  
sympathy. Mr. and Mrs. P. G. Mc-  
Intyre.

**SCHOOLS ARE CROWDED**

No More Primary Scholars Re-  
ceived until February 15.

At a regular meeting of the school  
board of the Grants Pass schools held  
Tuesday night it was decided that no  
more primary pupils would be per-  
mitted to enter school until the beginning  
of the next school term, February 15,  
1905, at which time they may enter  
during the period of two weeks only.

The crowded condition of the  
schools will not permit the entry of  
students in the primary grades at all  
times of the school year without do-  
ing injustice to both the teachers and  
the pupils previously enrolled.

**Many Mothers of a Like Opinion**  
Mrs. Pilmer, of Cordova, Iowa,  
says: "One of my children was sub-  
ject to croup of a severe type, and  
the giving of Chamberlain's Cough  
Remedy promptly, always brought  
relief. Many mothers in this neigh-  
borhood think the same as I do about  
this remedy and want no other kind  
for their children." For sale by all
