A. E. VOORHIES, PROPR. Entered at the post office at Grants Pass, regon, as second-class mail matter.

THURSDAY, DECEMBER 1, 1904.

Little excitement or very intense interest is noticeable as yet on ac count of the annual city election which will be held next Monday,

Though no platforms are presented, it is generally understood among the people that the saloen question and a prospect of a close race between the Ashland will have all night street that if elected it will not be as the two candidates for mayor. Both Dr. lights now. At the meeting of the representative of any one faction, but Findley and Mr. Good are known to city cancil Tuesday evening, the of the entire people of Grants Pass, be capable and agright men and good question of arranging for the city and I shall strive to give an imparrial be capable and oright men and good destion of arranging for the city capable and original for the city countries and original for the city capable and original for the city cap mayor in a manner satisfactory to the sition of Manager Steele of the light. common welfare. general public. Mr. Good, it is not- ing company offered to furnish are I have no desire to be radical or any radical reform in this direction to charge hereafter \$8 for midnight water, and sewage problems. will be instituted. The present sal on | or \$8.50 for each light each month for | Any action I may take on munici-Findley has issued a statement exterm contract. The difference be. my policy, if elected. plaining his position on this subject tween the cost of the all night service and there is no doubt that if elected and the midnight service being so lithe would be moderate and fair in the it was decided to take the all this matter as in all others. In the night service at \$8.50 per light per past year we have had a strong and mouth from mouth to menth. There the policies under which Mayor Gilkey has worked will result in a continued advance in the moral standing

THE MINERS ASSOCIATION

Get a Machine Shop For Grants Pass.

A meeting of the executive committee of the Grants Pass Miners Association was held at the chairman's office last Friday afternoon. There were present Chairman W.B. Sherman, Secretary J. M. Booth and C. L. Mangum, R. L. Coe, C. G. Ament and C. C. Higgins, the only absent member being Arthur Conklin, who was out of the city. A report was made by the special committee, consisting of Joseph Moss, W. M. Hair, Joseph Welke and T. P. Cramer, having the matter in hand of securing for Grants Pass a first class machine shop and foundry, stateling that financial arrangements were about consumated to assist E. M. Hall, who now has a small foundry and machine shop, in enlarging classes of mining, mill and other me, chine work and casting.

The problem of putting the Miners Assocition on a stronger financial basis, and of broadening its scope of endeavor so that it would be practically a board of trade and be in a position to take up any proposition that would be of benefit to Grants Pass and Josephine county, was considered. President C. L. Mangum of the Association, stated it would require not less than 400 a month to meet the expenses of the minerals ex hibit room and a further sum of \$5 or \$25 a month was needed to carry on special work that would require at tention from time to time. To secure this guaranteed revenue, which would be over and above the membership A SPECIALTY OF GRAPES fees and does of the Association, two plans were considered, one to have a flat rate of \$1 a month for all who 50 cents for subscribers. A special soliciting committee was appointed consisting of C. L. Mangom, Judge J. O. Booth and H. C. Kinney and the matter of adjusting the rate was lot to this committee. les operating in this district, he fol-safe in saying that Grants Pass go-the bencht of a very large jast of their expenditures, among which were the Greenback, expending during the past year \$500,000, Leaning the \$250,000, Golden Drift, \$150,000. Takether \$500,000. Takilma, \$400,000, and a large number of smaller companies tauging from \$100,000 down to \$2000. As a basis i
