# BLACK-DRAUGHT THE ORIGINAL

A sallow complexion, dissiness, bilisomess and a coated tongue are common indications of liver and kidney diseases. Stomach and howel troubles, severe as they are, give immediate warning by pain, but liver and kidney troubles, though less painful at the start, are much harder to cure. Theaford's Black Franght never fails to henceft diseased liver and weakanest kidneys. It stirs up the torpid liver to throw off the gurns of lever and agos. It is a certain preventive of cholera and Bright's disease of the kidneys.
