A. A. C.'s Improving Grounds.

The members of the A. A. C. are busily engaged, as opportunity offers, in cleaning and improving their ball grounds in the west part of town and are planning improvements which will make these grounds the best in Southern Oregon.

Last year the club acquired the grounds containing four acres, at a cost of \$200, and built a grand stand costing \$450, besides clearing the ground of brush and putting it in shape for baseball and football games.

The American Athletic Club was organized about two years ago and has a present membership of about 30. The officers are as follows: President, Fred Smith; vice-president, Chas. Moore; secretary, Claude Davis; treasurer, Will Baughn; trustees, P. P. Proctor, Will Riggs and J. V. Stouff.

The club maintains a gymnasium in the city hall which is devoted strictly to athletic purposes. No cards are allowed in the rooms and all injurious habits are discouraged among the members.

The primary object of the club is to promote athletics and in this direction they have filled a place in Grants Pass which might otherwise have been void. Two years ago, when the baseball spirit was at a low ebb in Grants Pass, the A. A. C. produced a team which, modest at the start, increased in excellence until they acquired the championship of Southern Oregon, defeating teams from all of the Rogue River Valley towns.

The club is progressive and determined, organization, fulfilling a commendable purpose and is thoroughly deserving of substantial and liberal support from the business men and all who enjoy athletic contests and entertainments.

OUR PERSONAL COLUMN

People as They Come and Go From Day to Day

L. L. Jewell returned Sunday from Portland, where he spent several days on a business visit.

Wm. Hoge visited Grants Pass this week, taking a brief vacation from his work at the Oro Fino mine.

August Hockenstein of Salem was in Grants Pass this week, arriving Sunday, to attend the funeral of J. G. Schmidt.

Mrs. Martin Warner, who has been quite sick for some time past, is now regaining her health and was able to sit up for the first time on Thursday last.

Miss Ida Weston went to Portland Thursday and will spend several weeks in the city studying the styles and selecting goods for the spring millinery trade.

Dr. Clive Major, formerly of this city, but now of Placer, where he is practicing his profession, was in Grants Pass over Monday night, a guest at the Palace.

Orville Sturgis, who is employed at the Granite Hill mine, left Wednesday with Mrs. Sturgis for a short visit with relatives at Medford and Jacksonville.

Mr. and Mrs. Geo. Cramer left on Tuesday for a two weeks pleasure trip in California. They will visit at San Diego, Los Angeles, Palo Alto, San Francisco and other points.

R. D. Boyard C. Sawyer, Lawrence and John Brown left last Sunday for Klamath County, where they expect to work in the smelter now being erected at that place.

Dr. W. L. Cameron, one of the leading surgeons of Medford, was in Grants Pass Monday evening in consultation with Dr. G. H. Douglass on an important case in Douglass' practice.

Mrs. J. W. Griffith, now of Ashland, has been visiting Grants Pass friends this week. Mr. and Mrs. Griffith intend soon to remove to Portland to make their home there. Misses Mary and Bessie Griffith will accompany them.

Mrs. H. H. Brown of Astoria, arrived here Monday evening to join her husband, Rev. Herbert H. Brown, who this month is occupying the pulpit at Bethany Presbyterian church. Mr. and Mrs. Brown are occupying the Geo. Cramer residence.

Elmer Wertz entertained at his home Tuesday evening some 16 of his young men friends. Games of various kinds made up the chief diversions together with an elegant lunch, made the evening a most enjoyable one to the young men.

Mr. and Mrs. Charlton B. Perkins, who left here last week to return to Hong Kong, China, after visiting for several months with his parents, Mr. and Mrs. H. C. Perkins, sailed Wednesday from San Francisco on the steamer Korua.

I. A. Robie, superintendent of the Grants Pass factory of the California Pine Box & Lumber Co. left Sunday for San Francisco on business at his Company's headquarters which are in San Francisco. Mrs. Robie accompanied him and they expect to be gone about 10 days.

A. N. Halbert was in Grants Pass Tuesday from Sams Valley. Mr. Halbert is a leading farmer of his section and though residing in Jacksonville, and nearer Medford than Grants Pass, yet he does most of his trading in this city for he secures a better price for his farm produce here than in the Jacksonville townsite.

Mrs. Bessie Anderson, Mrs. Alice Rosenbaum and Ray Heling, after visiting Leland and Grants Pass for several days left on Sunday evening's train for Portland. Mrs. Rosenbaum resides in that city and her mother, Mrs. Anderson and her brother, Mr. Boling, will visit with her for some time, while Mr. Boling is receiving treatment for his eyes.

C. B. Wilson, of Newberg, and a former neighbor of J. L. Myers, when the latter resided in Newberg, was in Grants Pass over Saturday night for a short visit with Mr. Myers and to see this city. Mr. Wilson is now chief clerk of the legislative special committee that is investigating the asylum affairs and he was off on an over Sunday trip to take a look at Southern Oregon.

Mrs. M. R. Rice, who came from Portland and has held the first trick at the operator's desk in the depot for the past two months, has been transferred to Albany where she will hold a similar position in the depot at that place. Albany was Mrs. Rice's former home, her husband, now deceased, having been the Company's agent at that place for several years. No assignment for the position made vacant by Mrs. Rice's change will be announced until about the 10th of next month, the first trick being held in the mean time by A. B. Cornell.

W. M. Cheshire, who went to Portland to assist his wife home, came with Mrs. Cheshire last Saturday as far as Dillard, where they stopped to visit with Mrs. Cheshire's parents and to give her a rest, the journey being very trying to her by reason of her feeble strength. They will come on home the last of this week. Mrs. Cheshire had been in Portland for some time where she had undergone a surgical operation. She is recovering very satisfactorily and is steadily regaining her strength and has every prospect of fully regaining her health.

Father T. O'Carroll of Roseburg was in Grants Pass Wednesday. His visit is in the interests of the new Providence Hospital of Roseburg which is being instituted to meet the needs of Southern Oregon in its line. It will be conducted on the plan of St. Vincent's hospital in Portland and will be built in sections. A handsome location containing four acres near the Soldiers' Home has been secured and work on the first section of the hospital, a \$10,000 edifice, will be commenced in the near future. Next week Father O'Carroll intends to be in Grants Pass to solicit subscriptions in behalf of the hospital.

A. L. Swain, who recently came to Grants Pass from Indian Territory and bought a fine residence property on the head of Sixth street and a business lot on Sixth street, known as the Sam Axzell property, is having the brick hauled for a brick business block which he will erect at once on the Axtell lot. The building will be 25x50 feet and one story, but so constructed that the second story can be readily added. The work will be under the supervision of his son-in-law, C. R. Cole, who will hire men to assist him. The frame dwelling house now on the lot will be sold by Mr. Swain to be moved to some other part of the city by the purchaser. It is expected to have the new building completed by the first of April. As to who will occupy it, Mr. Swain has not decided. He was formerly in the mercantile business and he may put in a grocery store, and he may rent it to other parties for store purposes.

City Council Meeting

The regular meeting of the Council was held this Thursday evening and all the members were present.

Petition of F. A. Burnett and others for a granite sidewalk on North Main street referred to street committee. The committee is also to consider a petition signed by J. V. Smith and others for the opening of Fourth street across the railroad grounds.

The petition of W. A. Murray et al for a sewer in the alley between blocks 64 and 65 was referred to the sewer committee. J. L. Fryer and others asked that North Main street be opened through Railroad and Laurel Park additions, which is to be considered by the street committee.

The committee on fire and water endorsed the petition for a hydrant on the corner of Fourth and Manzanita streets and the Water Company has agreed to put it in.

The need of better fire protection for the north part of the city was considered by the council and the committee on fire and water was authorized to secure an option on a suitable location.

The sewer committee were given further time in which to make a report on the Seventh street and other proposed sewers.

Ordinance passed requiring granite sidewalk on south side of G street from Seventh to Eighth and on north side of H street from Eighth to the city boundary.

The garbage question was brought up and each councilman thought his section of the city was being made a common dumping ground for all the garbage of the city, while the Mayor thought no partiality was being shown and that such residents as did not use their back yards as a catch-all for rubbish used the streets and alleys, some of which in consequence were rendered in a very unsanitary condition as well as unhealthily in appearance. It was determined to provide a public garbage depository and that a severe punishment should be given to all who put rubbish in the streets and alleys. Councilman Hall was authorized to look up a suitable location for a garbage ground.

The Fire Company were granted the use of the hall now occupied by the A. A. Club.

The proposition to buy a road roller and rock crusher was brought up and an offer was made to sell the machine for \$2000. The proposition of a Portland house, but no action was taken other than to authorize the street committee to look up prices and merits of the various road rollers.

The following bills were allowed: Mee Restaurant, meals, prison \$ 2 20

Union Restaurant, meals, prison 20 25

Hyle Bros, groceries quarantined \$ 6 00

G A Bryant, street work 3 00

Scott Pool, street work 8 25

D Morrow, street work 12 20

Geo Google, street work 4 00

F O Wilcox, street work 14 00

A car load of machinery arrived Monday for the Grants Pass Iron & Steel Works. In the shipment was a 5-ton cupola for the foundry which will put the foundry in shape to produce castings that may be ordered. A turning lathe with a 16 foot bed able to handle the largest shafting that is likely to be required for any machine used in this section was received as was also a planing machine that is capable of planing iron up to 36 inches wide and 12 inches thick and to any length. A large drill press and a number of other machines are soon to arrive and who all is installed in the new buildings, now almost completed. Grants Pass will have one of the largest and best foundries in the States shops in Oregon outside of Portland.

STRICKER—At Grants Pass, Ore., Saturday, Feb. 11, 1925, to Dr. and Mrs. Frederick D. Stricker, a daughter.

DIED. SCHMIDT—In this city, Saturday, February 11, 1925, John G. Schmidt, aged 48 years.

Mr. Schmidt was a pioneer business man of Grants Pass, where for many years he conducted a cigar manufactory and confectionery and tobacco business. He retired from business about three years ago and has since spent considerable time in traveling, visiting Southern California and eastern points. For several months past, he has been in almost a helpless condition and about a month ago he was brought home to Grants Pass from the sanitarium at Battle Creek, Mich., where he had gone in the hope of relief. Locomotor ataxia is stated as the cause of his death. The funeral services were held on Monday at the Catholic church in Grants Pass, and were conducted with respect to the deceased. The interment was at the Granite Hill cemetery.

Mr. Schmidt enjoyed a high reputation among his acquaintances as a man of strict integrity and uprightness. He leaves a wife, Mrs. Theresa Schmidt, and five children: John V., Frederick, Albert, Harry and Miss Florence.

BASYE—At her home near Kribbi, Ore., Wednesday, February 15, 1925, Mrs. Elizabeth Basye, aged about 90 years.

Mrs. Basye was a Southern Oregon pioneer and a resident of the Applegate valley for many years. She was thoroughly respected and respected by all her acquaintances. Her death was caused from a lingering illness from which she was helpless for months. She leaves five children: Mrs. C. L. Single of Waide, Chas. Basye of Jacksonville, Theodore Basye and L. C. Basye and Mrs. Nettie Cook of Kribbi.

Meeting at Minerals Exhibit Room. The executive committee of the Grants Pass Miners Association held a meeting Thursday afternoon. The resignation of W. B. Sherman, the secretary, was accepted and R. L. Cow was elected secretary. Mr. Sherman has made a capable secretary but his real estate and timber business required him to be out of the city so much of the time that he could not well attend to the duties of the office.

The matter of broadening the scope of the exhibit at the room of the Association, so as to include all the products of Josephine county was taken up and it was decided hold a meeting next Monday evening at the Association room of citizens of this county who are interested in the effort to build up the various industries of this section. An exhibit for the Lewis and Clark fair will also be considered. It is expected that there will be a good attendance of the business men of Grants Pass and of miners and others at this meeting as the questions to be considered are of importance to all.

THE LOCAL HAPPENINGS

Brief Notes and Items of Interest and Importance.

The Needlework department of the Woman's Club will meet at Mrs. A. B. Cornell's on Monday, February 20.

Mrs. Annie M. Allen, widow of the late J. A. Allen, has received a draft for \$3000, the amount of the insurance carried by Mr. Allen in the Woodmen of the World, from the clerk of Rogue River Camp, No. 55, of which the deceased was a member.

A concert by the M. E. Sunday school will be given in the Newman M. E. church on next Sunday evening, February 19. Admittance free. A collection will be taken, which will be used to pay for chairs for the primary department. Everybody come and bring your friends.

G. W. Steele, who had his leg broken last fall by the kick of a horse, has so far recovered from the injury that he can readily get about now on crutches and he hopes to have the full use of his leg within a month or two. Mr. Steele supplied various mines of this district with vegetables last season and he expects to again engage in the business this season.

The Headlight restaurant is now under the sole management of Will Lempe, he having bought out the interest of H. Willison. Mrs. Lempe is now assisting Mr. Lempe in the management of the restaurant and she makes a capable assistant, for everything, both in the dining room and kitchen are as clean and neat as in the best home. Mr. Lempe has added a lunch counter which he has installed in a movable tent and has at the depot each evening. In it he sells tamales, Chili con-carnie, sandwiches and coffee. While the Headlight was only opened last fall yet Mr. Lempe is securing a good business.

The recent dry weather having made the streets and roads fairly passable, the automobile corps was on in force Sunday and the owners were giving their machines a good trial to be in readiness when the roads become dry and smooth. The Grants Pass automobile corps is to be increased by another member, T. W. Williams having joined and ordered an automobile which is to be here in a short time. It is almost certain that two other parties will order machines in the near future, which will increase the number of automobiles in Grants Pass to eight.

G. M. Savage, who in partnership with his brother, W. J. Savage, is operating a sawmill on Louse creek, 3 1/2 miles from this city, was in Grants Pass, Monday, Mr. Savage stated that they were running their mill the greater part of the time this winter and are getting a fine lot of lumber in stock ready for when the building season opens. Much of their lumber is under cover and will be seasoned when wanted by builders.

In addition to a fine quality of sugar and yellow pine and fir, they cut considerable oak and other hardwood lumber that has the reputation of being the best that is brought to the Grants Pass markets.

The Pacific States Telephone Company have had the work begun this week to extend and improve their telephone service in this city. Monday, Manager Oum received a car load of poles. These poles are taller and larger than those now used and will be used to replace the old poles on Sixth street from G street to the bridge and on some of the other principal streets. The old poles will be used to extend new lines to other parts of the city. So soon as the new poles are all set and the wires strung additional cables will be put in to give connection with the central station and a large switch board will be put in. When the improvements are all made, the Grants Pass central will be able to handle 500 telephones and to give a service that will be satisfactory and fully equal to the growing demands of the city.

Fred Mensch has been awarded a contract by the Surveyor General's office for the survey of several tracts of government land. Of the land to be surveyed, one tract lies on the South Umpqua and is in townships 29 and 30 south, range 1 west, another is in township 22 south, range 3 west on Upper Cow Creek, the third tract is near Dillard in township 29 south, range 6 west, the remaining tract is in township 40 south, 13 east, near Tale lake in Klamath county. Mr. Mensch will not begin work on these contracts until about the first of April or when the weather becomes settled as most of the land to be surveyed is in the foothills of the Cascade mountains and until late in the spring there would be much snow to make both surveying and camping out very unpleasant. Owing to tracts being small and at a considerable distance from each other, Mr. Mensch will not engage a regular crew, but will secure men in each locality where he will survey. Meanwhile he will continue his work with the Courier, the surveying expedition being more in the nature of an outing for recreation than otherwise.

Quite a startling occurrence happened one day this week at the home of Will Messinger near Murphy. He had some blasting powder in the amount of about half a gallon, which had become somewhat damaged. He brought it into the house in a pail to test its quality, placing a few grains on a piece of paper on the floor and lighting them. The powder did not burn freely, but grains of it would jump into the air and fall, still burning. One of these fell into the rail of powder and construction ensued. A blinding flash followed and the room was half full of flame. Several of the family were slightly burned by the falling powder, but no serious injuries resulted. It looked for an instant as though the house would be set on fire, but the only damage done was a hole burned in the cloth and paper frame up and will be, it is supposed, did not explode with the vim that it would otherwise or the fireworks might have caused more serious results.

Shirts Special Sale of Shirts. We have just received from the East a large line of Men's Work Shirts which were bought to sell at 50 cents. Since getting these in we have decided to hold A Special Sale on them and beginning Saturday, January 11th, we will place them on sale for one week at 40 cents each; two for 75 cents. We will also place in this sale a large line of Colored Dress Shirts, stiff fronts and Golis, regular \$1.25 values, this sale price 85 cents. A line of Golf Dress Shirts, values 50 and 75 cents, sale price 25 cents. Special sale on Men's and Boys' Work Gloves also. You'll loose money if you miss this sale. P. V. Harth & Co. Grants Pass, Oregon.

DO YOU KNOW. That the customer who is baited with coupons, raffle tickets, voting stickers, etc., pays for these alleged gifts along with the goods purchased, for those merchants could not afford to nor do they practice the generosity that they claim to extend to their customers. No lottery scheme is employed to draw trade to IKE DAVIS' STORE. His goods are marked in plain figures at prices that are not put up in order to make a show of reduction, but are at the lowest price on which a reasonable living profit can be made. Small profits and big sales is my rule—and full value is given on every article sold. DAVIS CARRIES MORE DIFFERENT ARTICLES THAN ANY OTHER STORE IN SOUTHERN OREGON. He buys anything that is for sale and fills in shortages with new goods, thus making it possible for him to supply all the needs of the FARMER, MINER, LUMBERMAN AND OF THE HOME. Remember the place for bargains is at
