

OREGON FOREST RESERVES

What the Government Report of 1901 Shows.

The following extracts on the forest reserves of Oregon are copied from the United States Forestry report of 1901:

SUGAR PINE. The largest of all the pines, ranging from one hundred and twenty to two hundred and fifty feet in diameter...

WESTERN YELLOW PINE. A magnificent tree almost equalling the sugar pine in size. It ranges from one hundred to two hundred feet in height...

DOUGLAS FIR Douglas fir, known and sold throughout the world as Oregon pine, incomparably the finest, most abundant and most useful of the many timber trees of the Northwest...

Ums; bridge timbers, lumber, piling, railroad ties, masts of vessels, spars, fuel, paper, car timbers, interior finishing, flooring, ceiling, siding, mah, doors and turnouts...

Women are more often afflicted with kidney disorders than men, but attribute the symptoms to disease peculiar to their sex...

Statistics show startling mortality from appendicitis and peritonitis. To prevent and cure these awful diseases, there is just one reliable remedy...

Rich in Dormant Wealth Rich Opportunities Are Here for the Taking. Southern Oregon is coming into prominence as one of the sections of the United States that is yet practically undeveloped...

PROVOLT ITEMS Mrs. Daisy Lewman was at Grants Pass Saturday. Fred Bight of Applegate was at Provolt Sunday.

CLINTON COOK and wife paid Grants Pass a visit Friday. Geo. Herriott visited friends on Missouri Flat Sunday.

Leland Sittings.

No weddings to report this time. We have some little sickness, the result of severe colds.

Our legislature has raised the taxes. So much they have done, but the bills they have passed, oh my!

Our Hotel Leland is doing a big business and is crowded. People like to come here for the accommodations...

Some of our tax payers are getting ready to go to Grants Pass to pay their taxes so as to receive the three per cent rebate.

Our merchants are doing a good business as a good many prospectors come here to buy in their supplies...

A large amount of packing is being done at Mr. Reuben. The wagon road from Glendale to Mt. Reuben is in a bad fix...

The Ajax quartz mine has about completed their long tunnel for tapping the main ledge. A good deal of prospecting for quartz is being done in this district.

Fine weather predominates. People are planting gardens and doing other necessary work as February has been a warm month.

Clinton Cook and wife paid Grants Pass a visit Friday.

Geo. Herriott visited friends on Missouri Flat Sunday.

L. C. Carson and mother visited friends on Applegate Sunday.

J. S. Jensen has been helping Harvey Alger spray his orchard this week.

Mr. Berry and Mrs. White and daughter paid Grants Pass a visit Saturday.

Miss Rhoda York, who works in Grants Pass, paid for parents a visit Sunday.

Clinton Roberts, an enterprising young farmer of Knoll, paid Grants Pass a visit Friday.

Manley Rexford, an enterprising farmer of Applegate, paid Grants Pass a visit Saturday.

The weather still remains warm and if we don't have some rain soon, it will be too dry to plow.

Guy Jeter, who lives in Grants Pass, is visiting his sister, Mrs. Yokum, who lives on Clear Creek.

K. J. Knoll, the Knoll merchant, paid Grants Pass a visit one day this week bringing out a load of freight for his store.

Mr. Thompson, who owns a strawberry ranch on Rocky creek, near Davidson, was in Grants Pass Saturday and Sunday.

Floyd Bailey, who is working in the Mountain Lion mine, paid his home on Williams Creek a visit Saturday and Sunday.

Joe McFadden, W. S. Bailey and Frank Bailey took a trip to Grants Pass Saturday. Mr. Bailey bringing out a load of freight for his store at Davidson.

The north side Applegate River Ditch Company will begin cleaning out their large ditch in a few weeks.

The fine weather is doing the crops lots of good. The fall wheat is looking better than it has for many years and the alfalfa is growing rapidly...

Legon Woolbridge of Knoll, went to Jacksonville Monday to secure a teacher to teach the Missouri Flat school. The teachers are getting pretty scarce now and I think some of our young ladies in this vicinity should try for a school.

Gives health, vigor and tone. Herbine is a boon for sufferers from anemia. By its use the blood is quickly regenerated and the color becomes normal.

PROVOLT ITEMS

Mrs. Daisy Lewman was at Grants Pass Saturday. Fred Bight of Applegate was at Provolt Sunday.

George Beck, of Grants Pass was visiting relatives and friends here Saturday and Sunday.

W. Fields of Provolt left Saturday for Footh creek to secure a job on the dredger, which will begin work soon.

Sherman Fields and G. Herriott will soon leave for Elgin, Oregon, where they intend to spend the summer instead of in Eastern Oregon.

James Coffey of Williams, who has been employed at the L. L. ranch, at Provolt, made a flying trip to Grants Pass Wednesday on business.

James Rock and sister, Miss Millie, were at Provolt the latter part of the week and secured a good milk cow, which was taken to Thompson creek Sunday.

Miss Florence Mee of Thompson Creek is attending school at Williams and staying with her sister, Mrs. James Kennedy and family at that place.

Mr. Clark of this place was on a business trip at Talent Monday after a load of furniture and his cattle which were driven to his place recently purchased of Rev. E. Badger.

The baseball games at Applegate and Provolt have started again. Their first game was on Sunday, the 5th, at the Fern Dale grounds.

The dance given at Williams Saturday night was a grand success and largely attended from far and near.

Provolts was well represented by its young people as also was Applegate. There were 16 numbers sold at 50 cents. Everybody present had a good time.

Gardening has commenced through the valley, which is very early but on account of the tropical weather we are having at present, the gardeners feel safe in planting. It is often said that "when leaves begin to come, spring is at hand" and if so it is here, along the Applegate river.

The willows are all in leaf and the roads are getting dusty, and the wild flowers and fruit trees are all in bloom.

The hay fields are growing green with alfalfa and clover which stands from two to four inches in height, which was not so thrifty last season, nor so large at the first of April.

The news was received late Monday evening of a startling accident which happened to T. Topping at Williams Sunday the 5th.

While going to Grants Pass Mr. Topping was driving a span of coils, which was broke during the fall and which was full of life.

The accident happened on the water gap road some distance from E. Watts' farm. The team became frightened at a bush and started to run. They were hitched to a back and soon became unmanageable, being on a downward slope.

After a distance, the back was torn to fragments, which frightened the team at its flying pieces and made them run more vigorously than ever and after some distance further they ran into some tree tops, which caused the death of one of the horses by breaking its leg.

The doctor was called but nothing could be done toward helping the animal. The total loss is estimated at \$300 for the horse and \$175 for the rig.

Mr. T. is quite lucky to get off as he did considering the situation he was in. Last fall he was offered \$350 for the span but being so well matched in size and beauty he refused the offer.

Golden Cleanings. Mr. Clark has bonded his quartz mine to the Greenback Company.

Born—February 28, 1905, to Mr. and Mrs. Clark of Golden, a son.

The city mayor of Grants Pass went through Golden Sunday on business.

William Buble has gone to Ashland on account of his daughter's illness.

B. A. Pollock is on Jump-off-Joe on business. He will return in a few days.

School starts the first Monday in March and will be a three months term.

Mrs. Hamblin's baby is very sick with pneumonia. All we hope it will soon recover.

The roads are getting dry and in good shape and good, big loads may now be hauled over them.

Lots of good chances in quartz mines on Coyote creek for moneyed men and now is just the time for a man to buy.

Miss Maud Davies of Golden has been seriously ill for several days. We hope she will soon be up and around soon.

RICH IN DORMANT WEALTH

Rich Opportunities Are Here for the Taking.

Southern Oregon is coming into prominence as one of the sections of the United States that is yet practically undeveloped and which offers advantages to the timberman, the farmer, the orchardist, the stockman, the miner and the business man that are not equaled by other sections of the Pacific Coast.

There is yet a large area of government land in Southern Oregon that is subject to entry and this area was increased last week by the opening to settlement of a large tract that had been withdrawn from entry.

Of Oregon's productiveness and future prospects, B. H. Worthington, who recently came from Chicago, to assume the position of general manager of the Harriman railroad in Oregon, has the following to say after having viewed a tour of the state.

"If the lumber out in Oregon last year was loaded on railroad cars it would make a train 700 miles long," said Mr. Worthington. "If the wheat grown in Oregon was similarly loaded into 30-ton cars it would make a train 600 miles in length."

At least one-half of the state is capable of average productivity, and there is an immense future ahead for Oregon. "Oregon has a density of population of but a fraction over five per cent, while that of New York, Connecticut and Pennsylvania is 105 per cent."

Colonel John M. Fuller, of Honey Grove, Texas, nearly met his Waterloo from Liver and Kidney trouble. In a recent letter, he says: "I was nearly dead of these complaints and, although I tried my family doctor, he did me no good."

Incredible Bravery. It would have been incredible bravery if Chas. F. Lemberger, of Syracuse, N. Y., had not done the best he could for his suffering son, "My boy," he says, "I got a box bottle of your great Electric Bitters, which cured me. I consider them the best medicine on earth, and thank God who gave you the knowledge to make them."
