THE LOCAL HAPPENINGS

Brief Notes and Items of Interest and Importance.

Engraved Cards—Courier Building. J. M. Ward has decided to remain permanently in Southern Oregon as a piano and organ salesman for Allen & Gilbert-Bauncker Co. Family will re-side in Grants Pass. Had intended being away during the summer, but plans have been changed and he will stay throughout the summer without a break. See him for information in his line. Phone 713, Grants Pass.

Egens is to have a gas plant for light and power purposes, and a franchise for that purpose has been granted F. W. Walters and associates of Salem. The franchise is for 30 years and the gas company is to pay to the city one-half of one per cent of its annual gross receipts. The city is to have the right to regulate charges, and all mains are to be laid in alleys.

F. A. Clements, who has an interest in a store at Placer in company with E. H. Wise, and who is also interested in farming and mining in that section was in Grants Pass Monday. Mr. Clements stated that the farmers were certain of big crops and some had already begun to cut their alfalfa hay. There was much activity in mining and many prospectors were in the hills about Grave creek, while many of those having claims located were developing their properties.

E. G. Borden returned Monday from Portland, where he had been for two weeks on a big mining deal he has in hand. Mr. Borden states that he found Southern Oregon in much fever with the mining men of Portland and many of them were looking up properties here and would like to invest. In fact he felt certain that a large amount of Portland capital would be invested in the mines of this district. He visited the Lewis and Clark fair and he thinks that Josephine county will have the largest and most complete minerals exhibit of any district of the Coast taking part in the fair.

J. E. Verdin spent Monday in Jacksonville looking over some mining propositions in that district. While there Mr. Verdin was at the Opp mine and he states that the recent strike was a big one, and while outside reports were greatly exaggerated yet there was no doubt but what a large amount of free gold and telluride was taken out, enough to swell the company's dividends by several thousand dollars for the month. The general class of ore is all improving as a greater depth is reached and the proof is being fully established that the Opp contains one of the largest ore bodies in Southern Oregon.

Joseph A. Wharton, bookkeeper for Hair-Riddle Hardware Co., has had a cottage erected on lots he bought some time since on the southeast corner of First and A streets. This structure has three rooms and is so arranged that it can be enlarged, which Mr. Wharton will have done either this fall or next spring. The carpenter work was done by J. A. Hubbard, M. C. H. Day and Arthur Fitzgerald. This week these men began work on the erection of a handsome five room cottage for Walter Harmon. Mr. Harmon's cottage is to be on Fifth street and on the fine block he has on the head of that street and extending across to Sixth street.

Dr. M. C. Findley writes that he is having a very profitable time in New York City, where he is taking post graduate work in eye, ear, nose and throat surgery. Last week he performed an operation on the eye of a patient for Prof. Herman Knapp, one of the most noted specialists of that city, and was complimented on the success of his work. Dr. Findley has been present when most remarkable and difficult operations have been performed by noted specialists and he has been able to learn all the latest in his line of surgery. The doctor expects to return to Grants Pass and resume his practice the latter part of next week. Dr. F. R. Bowersox, of Jacksonville, who is also in New York City taking post graduate work in abdominal surgery, will return with Dr. Findley.

Just What Everyone Should Do. Mr. J. T. Barber of Irwinville, Ga., always keeps a bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy at hand ready for instant use. Attacks of colic, cholera morbus and diarrhoea come on so suddenly that there is no time to hunt a doctor or go to the store for medicine. Mr. Barber says: "I have tried Chamberlain's Colic, Cholera and Diarrhoea Remedy which is one of the best medicines I ever saw. I keep a bottle of it in my rooms as I have had several attacks of colic and it has proved to be the best medicine I ever used." Sold by all druggists.

FARMER BY SUMMER MINER BY WINTER

An Applegate Miner Pumps Water From His Mine to Irrigate His Land.

J. E. Swinden, who owns a tract of land near Murphy on which he carries on placer mining, fruit raising and general farming, was in Grants Pass last Saturday to get a gasoline engine and a pump, which he had purchased of the Grants Pass Hardware Company. Mr. Swinden has some rich placer ground on his place and each winter he operates a giant. But some of his best placer ground lies so low that he cannot secure a dump for the giant and he has been unable to work it. He proposes to try the scheme of drifting on the pay channel and to keep down the water so he can work in the drift he will use the gasoline engine and pump. Being of a practical turn of mind he will not let the water from his mine go to waste, but will use it to irrigate his orchard and farm land, so while he is digging gold out of the ground the water from his mine will also be producing gold for him in the larger crops that his land will produce.

It is but 25 feet to the pay dirt and it is so rich that Mr. Swinden feels certain that he can make his drifting work profitable and that it will enable him to irrigate his land at no cost other than for the ditches. Southern Oregon is famous for the number of farms it contains from which a double yield of gold can be had, one from the placer "and quartz mines and the other from the grain, grass, fruit and stock that can be grown. Great is the country in which the farmer can raise a crop of gold during the summer months and dig a crop of gold during the winter season.

A Prospector Who Makes Money. Alex Shannon came in last Friday from Holland, where he has been prospecting in that vicinity and on south to Shelly creek for some months past. Mr. Shannon, in company with W. O. Cornwell located two fine claims on Shelly creek. These they sold at a good price recently to some new comers. They also located two claims near Holland, that are promising. Mr. Shannon sold his interests in these claims to Mr. Cornwell and he will now try his luck prospecting in another district, possibly Wolf creek.

Mr. Shannon reported that when coming to Grants Pass he saw a couple of men operating a prospect on the timbered hill on the stage road a mile beyond Wilderville. They were only about 200 feet distant above the road and the rock that rolled down from their work looked well and indicated that they had an encouraging prospect.

That Tired Feeling! If you are languid, depressed and incapable for work, it indicates that your liver is out of order. Herbine will assist nature to throw off headaches, rheumatism and ailments such to nervousness and restore the energies and vitality of sound and perfect health. J. J. Hubbard, Temple, Texas, writes, March 23, 1902: "I have used Herbine for the past two years. It has done me more good than all the doctors. When I feel bad and have that tired feeling, I take a dose of Herbine. It is the best medicine ever made for chills and fever." 50c a bottle, at Rotermund's and Model Drug Store.

No Secret About It. It is no secret, that for cuts, burns, ulcers, fever sores, sore eyes, boils, etc., nothing is so effective as Bucklen's Arnica Salve. "It didn't take long to cure a bad sore I had, and it will cure a sore eye," writes D. L. Gregory, of Hope, Tex. 50c at all drug stores.
