Communitives Made Comfortable

Incipient consumption is cured by J. W. Davenport, Wingo, Ky., writes, Jane 14, 1962: "I want to tell you I believe Ballard's Snow Liniment saved my life. I was under the treatment of two doctors, and they told me one of my longs was entirely gone, and the other bally affected. I also had a lump in my side. I don't think that I could have lived over two nion hs longer. I was induced by a friend to try Ballard's Bnow Liniment. The first application cared me sound and well. It is a wonderful medicine and I recommend it to suffering humanity.

determined to devote his life and energies to their relief.

Having found the cause of their suffering, he next sought for the means of relief, and found in Nature's laboratory—the earth, certain roots which had remarkable and valuable medicinal virtues for the cure of these allments.

Using chemically pure glycerine, of proper strength instead of alcohol, he propared extracts of these, and the result was so satisfactory that the combination became his "Favorite Prescription." The roots used are: Lady's Silpper root, Black Cohosh root, and Golden Seal root. The world knows it as Da. Priscon's Favorite Punscription, which has the wonderful and unprarilled record of a half-million of cures in the last forty years.
