CITY COUNCIL AR-RANGES FOR ELECTION Change right at the opposite side of Very few people realize what 5,000,-

Will Proceed Under Charter Regulations-Big Advertising Bill-Railroad Troubles.

The council met Thursday evening with all present except Conncilman The old trouble with the railroad

streets that in one form or other, has been before the various councils for the last 20 years, was up again. This time it was owing to an order of the railroad company requiring conductors to keep closed the vestibule doors of the cars on the opposite side from the depot, thus preventing persons traversing Sixth street from setting on through when a passenger train was standing at the depot. The city attorney was authorized to draw up an ordinance compelling the railroad company to keep open both the vestibule doors to passenger cars in the depot yard in Grants Pass. The long time that trains were left standing across the streets was brought up, but City Attorney Hough said there was no legal redress, as under the agreement by which the railroad company would remove their depot out of Sixth street trains were to have up to 15 minutes in which to stand on the track across the streets.

Bonds were approved of Marshal L. McGrew and of J. I., Shasks on sewer contract, Simon Klovedhal, of Eugene, who secured the contracts for the Second and Seventh streets sewers, had not appeared to sign up and his bond was not presented for consider-

The new ordinance providing for a city board of health was defeated on its third reading, it being thought best to let the county board of health have entire charge to enforce the state health regulations.

A new ordinance governing construction of cement sidewalks was introduced and read first and second

Ordinance passed requiring lights and other poles on Sixth and G streets to be painted gray.

The election dilemma was up and Glenwood, in which they killed Mrs. discussed at length. City Attorney Petersein, wife of Itheir foreman, in accordance with the method pre- riot the witnesses were unable to selecting the machinery. scribed by the city charter and then identify the men who shot Mrs. in December, following the election Petersein city election to their places. MAKES OLD THINGS NEW

Elquid Uencer is a wonder ! It will make the whole interior of your house shine like new, making re-finishing or re-varnishing entirely unnecessary. It is not a varnish, but a surface food and cleaner, building up the original finish and making it brighter than ever. It is applied with a piece of cheese cloth and no experience is necessary. No drying to wait for. Removes all scratches, stains, dirt, dullness. It can be applied to any finish with beneficial results. Natural wood, as well as any color of paint, will be better for an application of Liquid Veneer.

Clauld Dencer will improve even the most beautiful furniture. It will take that smoky look from the Piano and other Mahogany, and is highly beneficial to Golden Oak, White Enamel, Gilt, Silver and other finishes.

Liquid Uencer sells at 50 cents a bottle, and a bottle is enough to renovate the ordinary home. Try it and you will always buy it. A few trial bottles at 10c. each
