No Poison in Chamberlain's Cough Remedy.

From Napier New Zealand, Herald: Two years ago the Pharmacy Board of New South Wales, Australia, had an analysis made of all the cough medicines that were sold in that market. Out of the entire list they found only one that they declared was entirely free from all poisons. This exception was Chamberlain's Cough Remedy, made by the Chamberlain Medicine Company, Des Moines, Iowa, U. S. A. The absence of all narcotics makes this remedy the safest and best that can be had; and it is with a feeling of security that any mother can give it to her little one. Chamberlain's Cough Remedy is especially recommended by its makers for cough, cold, croup and whooping cough. When taken in time it prevents pneumonia. This remedy is for sale by all druggists. No Poison in Chamberlain's Cough Remedy.

Quantipation is the result of indigestion, biliousness, flatuiency, loss of appetite self-poisoning, anemia, emaciation, uric acid, neuralgia in various parts of the system, catarrhal inflammation of the intestinal canal and numerous other ailments that rob life of its pleasures if they do not finally rob you of life itself.

Quantipation in the bowels, "is a common expression of people who look miserable and are miserable—yet who persist in "letting nature take its course."
