M. L. Baldwin was here last Sunday. J. T. Payne is plowing for Frank Topping.

Kally Fields and his son George spent Sunday at Provolt. O. M. Knox, the Powells creek lumberman, was at Provolt last week.

Ed Layton of the Mountain Lion mine, was at Provolt Sunday on business. The party at Mrs. Sharp's was attended by L. W. Smith and daughters and the Fields Bros.

Miss May Smith, the waitress at the City hotel, is very ill with brain fever. There are two chances to one against her.

Hay is selling very low here this season, \$6 to \$8 per ton. Hops are from 8 to 10 cents per pound. Most of our hops men are holding for 20 cents.

Jim Spencer, one of our young men, was out hunting one day last week and shot at some ducks at long range, and had the misfortune to bend his gun barrel. We suppose he strained the gun shooting so far.

G. W. Fields, who has been staying at L. W. Smith's for the past three months, was taken very ill one day last week but we think he will recover soon as he will have the best of care taken of him.

The Brainless Wonder, N. D. Miss Caroline Smith, was at Williams Creek, Sunday on business. Kolly Fields was at Grants Pass a couple of days this week on business.

Miss Ethel Embler of Williams is the guest of Miss Alice Lewman this week. Willie Farris, of Applegate was at Provolt Tuesday visiting relatives and his many friends.

Fred Benedict of Applegate who left to attend the Ashland high school returned the first of the week. Look for the Provolt news next week as I will give a description of Provolt and its surroundings.

Everitt Lewman of Laurel Grove, was at Provolt Tuesday to get supplies, returning the same day. A. Rehnkeff, one of our hop growers, who had been at Grants Pass for some time, returned home Monday.

Ollie Hall, of Little Shasta, Cal., returned to Provolt after several months with his parents at that place. Zeb Hyde of Laurel Grove, passed through Provolt Thursday en route to Williams, where he remained till Saturday.

W. M. Sonson and Luis Loesch, the Provolt hop growers, left for Grants Pass Saturday to attend the hop growers union and see about selling their hops.

John Sparlin, a young cattle raiser of Williams, was at Provolt the first of the week. While here he sold to L. W. Smith a fine cow and calf. Mr. Sparlin has disposed of a number of fine leaf cattle this season.

H. Messinger has sold his hay in the barn and stack to W. I. Sweetland, of Grants Pass, receiving \$6 per ton. This hay will be fed to beef cattle during the winter that will be kept at Mr. Messinger's farm.

The Fall term of the Provolt school closed Friday. The afternoon was spent with singing, recitations and dialogues. There were 23 visitors present and an enjoyable time was

had. School will begin Monday for the winter term. The teacher will be Jessie Futson of Drain, Oregon.

Hay in the Applegate Valley is getting very scarce. Many farmers hauled their hay to Grants Pass early last fall. Baled hay is selling at \$10 per ton in the barn, while loose hay is almost impossible to buy at all until the winter months are over and cattle can be turned on the ranges, which probably will be very early this year.

There are many reasons for an early spring, for there are many wild flowers in bloom, the willow buds are blooming, and the deer are moving back into the high mountains. In fact all wild animals are scarcer this fall than for many years past.

But what about the placer miners of the Applegate valley, who have to depend upon the snow and rain of winter? I would think they would go into some other business as Oregon's winters are getting dryer year by year and warmer, which makes the farmers and hop grower smile.

Will Bowler, a Williams creek hop raiser, has purchased the Pernoll half interest in the Flowers & Pernoll hop yard on Applegate and will go into the hop business on a larger scale. Mr. Bowler has seven acres on Williams creek which is not large enough to work when hops are at such low figures as at present.

Mr. Pernoll quits the hop business and will devote his time to his other farm interests. "COMPLETELY DISCOURAGED" Is the feeling and plaint of women who are "run down" so low that work drags, head aches, back aches, hands tremble, voice quivers, little things annoy and everything seems wrong.

Look the other way just a minute and see what Dr. Pierce's Favorite Prescription has done for more than a half-million women in the last thirty years. What it has done for others it can do for you.

Believing that alcoholic, stimulating medicines were doing much harm, Doctor R. V. Pierce turned his investigating mind upon the problem of producing a remedy for the use of weak and suffering women that should be free from alcohol and at the same time EFFECTIVE AND SAFE.

Nature has provided abundantly for such needs and Dr. Pierce found in native medicinal plants such as the roots of SOLIDAG, LADY'S SLIPPER, BLACK COHOSH, TRILLIUM and NICE COHOSH, the needed medicinal properties which by peculiar processes strictly his own, without the use of alcohol, he has extracted, preserved and combined in exact proportions to secure from each its best effect.

This compounded his "FAVORITE PRESCRIPTION" is a remedy for the pains and drains, weakness and inflammation of the uterine system that has won worldwide fame by curing more than ninety-nine out of every hundred who have used it properly.

In taking this you will know what you take and take what you know to be good. If in any doubt as to what is best for you, write and ask advice of Dr. R. V. Pierce, 663 Main Street, Buffalo, N. Y., and reliable medical advice will be sent you by return mail in securely sealed envelopes. All correspondence free and strictly confidential.
