Mrs. Sarah M. Perkins, a temperance worker for 70 years, has passed on to her home beyond. Her death was due to an accident which occurred in the streets of her home city, Cleveland, O. Mrs. Perkins literally died in the harness, and those who know her believe she would have wished it so. I advise all women to take Dr. Pierce's Favorite Prescription, also his "Piesant Pellets, if necessary," "Following the advice of a neighbor," What a weight of confirmatory evidence there is in those six words. The neighbor had tried the "Favorite Prescription" and recommended it. Mrs. Jacobs has also tried it and proved its wonderful properties and now she recommends it. Beside such testimony as this its maker's words are unimportant. Mrs. Jacobs' experience is a fact. Her neighbor's experience is a fact. The written experiences of 500, 500 other women are facts. There is no theory about it. There can be no question about it. In every neighborhood in this broad land there are women who have been cured by the "Favorite Prescription." It has cured more cases of female complaint than all other medicines for women combined. It is the only medicine of its kind invented by a skilled specialist in medicine—a regularly graduated physician of more than forty years' actual experience. will be "Only remembered by what they have done," but that is much for the cause of God and humanity. was a friend and co-worker with Mrs. Eliza J.
