

GOOD for OLD and YOUNG

August Flower keeps the children healthy and strong—full of vigor and frolic the whole day long. So when mamma needs more they rush off in high glee. And about the druggist: "Please give it to me!"

Inability to get up brisk and fresh in the morning, lack of appetite, pallor, muddy complexion and poor spirits—these all indicate a disordered stomach and bad digestion—in adults and children, too. They also indicate the urgent need of taking Green's August Flower regularly for a few days.

It's a reliable old remedy for all stomach troubles, never fails to cure indigestion, dyspepsia and chronic constipation, and is a natural tonic for body and mind.

Two sizes, 25c and 75c. All druggists.

LELAND

The roads are drying up as the sun is warm and drying.

Pasturage is good and stock is doing well as the grass is growing fine.

The Yellowhorn mine, above Placer is running a full crew, and has plenty of good rock in sight.

The steam shovel has discontinued work as the earth was too wet to handle. They have a large amount of work to fill in the bridge here yet.

The railroad company fills the Brimstone gulch, that shovel will be here for the next year.

The Sherington ledge is under bond. That mine has been well developed and has as good rock as any in the Greenback, being in the same line of the quartz formation running in a southeastern direction from Tunnel 9, then running west to Galice creek.

Some mines on Tunnel 9 creek which belong to George Strong that have lain idle for the want of capital, are being opened up and worked by Idaho miners who have come here as the climate in Idaho is so cold that they cannot work in that country. Here we can work when we have water, and as this mine of George Strong's has a good water right it is a mine that attracts attention.

We are moving along as if the weather were September or the last of April, a little snow in the air, some on the high lands; people are plowing, but in the low lands it is too wet.

How sweetly the meadow larks also the blue birds sing and robins by the million. The people who like robins we wish they would take one part of them for they are the most destructive bird that we have. We don't want to go into detail regarding the value of different birds, but the robin is the most worthless bird we have; they build their nests near our berries, hatch out two or three broods a year. If it were only those that nested near a would be alright, but they bring their relatives from far and near and that is why we are opposed to robins.

We have also a sort of a mixed yellow bird, the name we can't call, but we hope and wish the state legislature will make an appropriation for them as they have made a law for killing song birds. People here who raise a moderate amount of berries cannot realize any profit from them, unless they hire a cheap boy to herd the birds.

W. C. T. U. Column

All matter for this column is supplied by the Grants Pass Woman's Christian Temperance Union.

The Grants Pass Woman's Christian Temperance Union met on Friday afternoon, January 27th, at the home of Mrs. Loughridge for our regular meeting. Forty-two members and friends of the union besides the little folks were present and an interesting program was carried out under the direction of Mrs. Hale, superintendent of the department of Anti-Narcotics. Program consisted of recitation by Miss Wilson, instrumental music by Miss Mangum and an address containing much food for thought was made by the Rev. Mr. Williams of the Episcopal Church. We wish more mothers might have heard him. He is deeply interested in the young people. The Oregon Tobacco Law was read and discussed. We should study our laws and do what we can for their enforcement. After the dismissal the defeated side in the membership contest, which was held some time ago, served refreshments of delicious cake and coffee and we enjoyed a short time in social converse. But I wish our readers to know of our line of business especially considered, the Franchise question. A letter was read stating that Miss Laura Clay, a member of the famous Cassius M. Clay family of Kentucky, who is on this coast in the interests of Woman Suffrage, would perhaps come to this county to lecture. We are sure she will be welcomed here, and hope that people all over the county will want to hear her. You can find out about her by writing to Mrs. C. G. Ament, Grants Pass. So many thoughtful women are beginning to see the injustice of being classed with idiots and lunatics, and having nothing to say in regard to the laws which they must and should obey. Miss Clay is a bright, intelligent woman, well posted and thoroughly alive on this matter which will come before the voters of Oregon next June, and which means so much to every woman. The last time the Suffrage question was voted on in this state our County gave a good majority for it and we hope for much this time. The initiative petition secured last fall contained about 2000 more names than was actually necessary, and our union secured more than any other one in the state, sending in 219 verified names.

Let us be interested in what concerns our welfare and do all we can to interest others. Shall we be like the people in Nehemiah's time who "Had a mind to work?"

Mrs. L. W. Hood, Press Sup't.

Let there be an abstinence from intoxicating drinks throughout this country during the period of a single generation, and a mob would be as impossible as combustion without oxygen.—Horace Mann.

Startling But True.

People the world over were horrified on learning of the burning of a Chicago theater in which nearly 600 people lost their lives, yet more than five times this number or over 3000 people died from pneumonia in Chicago during the same year, with scarcely a passing notice. Everyone of these cases of pneumonia resulted from a cold and could have been prevented by the timely use of Chamberlain's Cough Remedy. A great many who had every reason to fear pneumonia have ward off it off by the prompt use of this remedy. The following is an instance of this sort: "Too much cannot be said in favor of Chamberlain's Cough Remedy, and especially for colds and influenza. I know that it cured my daughter, Laura, of a severe cold, and I believe saved her life when she was threatened with pneumonia." W. D. Wilcox, Logan, New York. Sold by all druggists.

LITTLE POCKET PHYSICIAN

Hyomei Inhaler That Is Guaranteed by Rotermund to Cure Catarrh.

Thousands who have been cured by Hyomei call the inhaler that comes with every outfit "The little pocket physician," as it is so small that it can be carried in the pocket or purse.

Prior to the discovery of Hyomei, statistics showed that at least 97 out of every 100 persons in this state were suffering from catarrh in some form. The remarkable results following the use of Hyomei are shown by the smaller percentage today of people suffering from catarrh.

There is really no excuse whatever for anyone having catarrh now that Hyomei is so readily obtainable. If you have any doubts about its value, Rotermund will let you have a complete outfit with the understanding that unless it cures catarrh, it will not cost you a cent.

A complete Hyomei outfit consists of the "little pocket physician," a medicine dropper, and a bottle of Hyomei, and costs only \$1, while additional bottles of Hyomei can be procured for 50 cents, making it the most economical, as well as the most reliable treatment for the cure of catarrh.

Do not delay longer the use of Hyomei, if you have catarrh. This is a purely local disease, and Hyomei goes right to the spot where the catarrhal germs are present, destroys them, soothes and heals all inflammation, and makes a permanent and lasting cure.
