

"DO IT TO-DAY!"

"And to think that ten months ago I looked like this! I owe it to German Syrup."

The time-worn injunction, "Never put off 'til to-morrow what you can do to-day," is now generally presented in this form: "Do it to-day!" That is the terse advice we want to give you about that hacking cough or demoralizing cold with which you have been struggling for several days, perhaps weeks. Take some reliable remedy for it TO-DAY—and let that remedy be Dr. Boschee's German Syrup, which has been in use for over thirty-five years. A few doses of it will undoubtedly relieve your cough or cold, and its continued use for a few days will cure you completely. No matter how deep-seated your cough, even if dread consumption has attacked your lungs, German Syrup will surely effect a cure—as it has done before in thousands of apparently hopeless cases of lung trouble. New trial bottles, 25c; regular size, 75c. At all druggists.

W. C. T. U. Column

All matter for this column is supplied by the Grants Pass Woman's Christian Temperance Union.

One afternoon, thinking I would like a change for supper, I went out and gathered a few mushrooms. I had been told exactly how to tell mushrooms from toadstools and was not afraid of them myself. They were prepared and cooked according to rule and taken to the table. Now my husband is somewhat prejudiced against mushrooms, fearing that a toadstool might have crept in, and, refusing to eat them himself, objected to my partaking of them, saying that he thought there was enough good food without running the risk of eating toadstools. Now will not his sentiments in this apply to drinking beer? Suppose that beer has a slight food-value as some contend, is it wise, while there are so many good, wholesome, nutritious foods to run the risk of the alcohol contained in beer for the slight nutrition it may contain? Before deciding that it is ever good for the human system let us call upon the witness stand some who have studied its effects and know whereof they speak. Senator Gallinger, what have you to say about it?

The devilish crushing a man in his long, winding arms, and sucking his blood from his mangled body, is not so frightful an assailant as this deadly, but insidious enemy, which fastens itself upon its victim, and daily becomes more and more the wretched man's master, and finally dragging him to his grave at a time when other men are in their prime of mental and bodily vigor.

Now let us call some of the medical fraternity for with their years of experience who is better prepared to judge than they? Dr. Burgen, of Toledo, state your opinion:

Beer drinkers are absolutely the most dangerous class of subjects a surgeon can operate on. Insignificant scratches are liable to develop a long train of dangerous troubles. Sometimes delirium tremens results from a small hurt. It is dangerous for a beer drinker to even cut his finger. All surgeons hesitate to perform operations on a beer drinker that they would undertake with the greatest confidence on anyone else.

Dr. Ridenour, do you consider beer a harmless beverage?

Beer drinkers are peculiarly liable to die of pneumonia. Their vital power, their power of resistance, is so lowered that they are liable to drop off from any form of acute disease, such as fevers, pneumonia, etc. As a rule when a beer drinker takes pneumonia, he dies.

Now, Dr. John Madden of Milwaukee, Wis., what is your opinion?

Beer produces fatty degenerations, which the stronger drinks do not produce. It is also responsible for many heart disorders.

Most important of all, perhaps, is the fact that beer drinking is the primary school of the drunkard.

Dr. Madden gives the per cent of alcohol in beer as from 3 to 5 or even 6 per cent. Many more testimonies similar to the above might be given but space forbids. Enough has been said to prove to any fair-minded person that beer is an injury and a great one, too. Will the temperance people remove beer from the condemned list as they are advised by some to do? I think I can say emphatically, NO!

A Healing Gospel.

The Rev. J. C. Warren, pastor of Sharon Baptist Church, Belair, Ga., says of Electric Bitters: "It's a God-send to mankind. It cured me of lame back, stiff joints, and complete physical collapse. I was so weak it took me half an hour to walk a mile. Two bottles of Electric Bitters have made me so strong I have just walked three miles in 50 minutes and feel like walking 50 more. It's made a new man of me." Greatest remedy for weakness and All Stomach, Liver and Kidney complaints. Sold under guarantee at all drug stores. Price 50c.

Startling But True.
People the world over were horrified on learning of the burning of a Chicago theater in which nearly 600 people lost their lives, yet more than five times this number or over 3000 people died from pneumonia in Chicago during the same year, with scarcely a passing notice. Everyone of these cases of pneumonia resulted from a cold and could have been prevented by the timely use of Chamberlain's Cough Remedy. A great many who had every reason to fear pneumonia have warded it off by the prompt use of this remedy. The following is an instance of this sort: "Too much cannot be said in favor of Chamberlain's Cough Remedy, and especially that it cured my daughter, Laura, of a severe cold, and I believe saved her life when she was threatened with pneumonia." LELAND

We are having a little cloud juice. Our merchants are doing a good business, our hotel likewise.

The weather has been fine and warm, the grass is growing fast, stock is doing well.

We see the pauper expense is large this year; that makes the taxpayers go down in his jeans.

Our Leland section boss has his road in fine shape. He has been on the road a long time so he understands his business.

Red Culp, who lives on Brimstone, is sick, diabetes is the trouble. Dr. Stuart from Glendale attended him and at last accounts he was getting along all right.

We hear of some good ledges found up at Placer. The Gold Bag is only using a few men. The miners are doing well on Mount Reuben as that creek runs plenty of water. Miners as a rule go on credit in the Fall, then in the Spring when they clean up, will pay the merchant. If it is a dry Winter then the merchant suffers, also if the miner don't get the gold then the merchant don't, so there you have it.

Frightfully Burned.

Chas. W. Moore, a machinist, of Ford City, Pa., had his hand frightfully burned in an electrical furnace. He applied Bucklen's Arnica Salve with the usual result: "A quick and perfect cure." Greatest healer on earth for burns, wounds, sores, eczema and piles. 25c at all druggists.

"You're rather a young man to be left in charge of a drugstore," said the fussy customer. "Have you any diploma?" "Why—er—no, sir," replied the drug clerk, "but I have something just as good."—Philadelphia Press.

ROTERMUND'S TEST.

Sold Hyomei for Years and Know It Will Cure Catarrh.

Rotermund has given Hyomei a most thorough and remarkable test. For a long time he has offered to refund the money to any purchaser of Hyomei, if it failed to benefit.

The remedy has made so many cures among his customers that he has urged its use in the most chronic cases of catarrh.

Breathed for a few minutes four times a day, through the inhaler that comes with every outfit, it soothes the irritated mucous membrane of the nose, throat, and lungs, kills the catarrhal germs, and restores complete health. Its healing, antiseptic fragrance penetrates to the most remote air passages, as no medicine taken into the stomach can possibly do. Immediate relief almost always follows the use of Hyomei, and great benefit is seen after a few days' treatment.

The complete Hyomei outfit costs only \$1, and consists of an inhaler that can be carried in the pocket or purse, and will last a lifetime, a medicine dropper, and a bottle of Hyomei. If this is not sufficient for a complete cure, additional bottles of Hyomei can be obtained for 50 cents.

Compare this small expense with the fees charged by specialists, and remember, too, if Hyomei does not cure, Rotermund will return your money.

La Grippe and Pneumonia.

Pneumonia often follows la grippe but never follows the use of Foley's Honey and Tar. It cures la grippe coughs and prevents pneumonia and consumption. Ask for Foley's Honey and Tar and refuse any substitute offered. Mr. G. Vacher, of 157 Osmond St., Chicago, writes: "My wife had a severe case of la grippe three years ago, and it left her with a terrible cough. She tried a bottle of Foley's Honey and Tar and it gave immediate relief. A 50 cent bottle cured her cough entirely." Refuse substitutes. For Sale by H. A. Rotermund.

PROVOLT

W. M. Jones and J. A. Lewman were at Grants Pass the first of the week.

L. W. Smith, the Provolt merchant, was at Grants Pass Friday and Saturday on business.

Fred and Will McCallister who have been employed by Edward Layton digging ditch, left Saturday for Murphy where they will remain till the present storm is over.

The new mine at Granite Gulch recently bonded by Beck & Hays of Grants Pass is in operation and development work is being done by the company. The implements are on the ground and underground work will begin Monday as the mine had to be timbered before being safe for work.

The miners of our vicinity are greatly enjoying the recent rains which have come and which will start the small gulches to running and furnish water for the placer miners who depend on the rains and snows of Winter, but the farmers can enjoy both sunshine and rains, for their crops are always growing and a prosperous season is assured.

The big ditch company on the east side of the Applegate owned by Cook, Rehkopf & Pernoll is now being enlarged to a capacity of 350 inches of water. The company has sold an interest to K. J. Kahl of Missouri Flat, which will be taken to his granite farm recently purchased of Chas. Bayse & Co. of Jacksonville, and situated on the Applegate above near Provolt. Mr. K. will make his new farm show in the next two years what can be done by irrigation. Hay on the extensive scale will be grown.

Afraid of Strong Medicines.

Many people suffer for years from rheumatic pains, and prefer to do so rather than take the strong medicines usually given for rheumatism, not knowing that quick relief from pain may be had simply by applying Chamberlain's Pain Balm and without taking any medicine internally. Rev. Amos Parker of Magnolia, North Carolina, suffered for eight years with a lame hip, due to severe rheumatic pains. He has been permanently cured by the free application of Chamberlain's Pain Balm. For sale by all druggists.

You have looked at a clock thousands of times and did not know that the four I's which are in place of the usual IV, are there because of the obstinacy of the king of France. When Henry de Vick carried to Charles V, the first really accurate clock, the monarch informed him that the IV was wrong, and should be changed to IIII. Vick said, "You are wrong, your majesty." Whereat the king thundered out, "I am never wrong! Take it away and correct the mistake!" From that time to this day the four I's have stood as a mark of the fourth hour.
