

Eminent Doctors Praise its Ingredients.

We refer to that boon to weak, nervous, suffering women known as Dr. Pierce's Favorite Prescription.

HUGO

Sam Alderson was a Grants Pass visitor Saturday.

Harry Oden, who has been quite sick for the past month, is able to be out again.

Mr. and Mrs. Geo. Erickson were Grants Pass visitors the early part of last week.

A. R. Cleveland is on the sick list also this week; he is wrestling the grippe around.

By the way! its getting about time to be smoking "candidate" cigars again, isn't it?

Mrs John Sanders of Merlin and Mrs. Fisher of Greenback were Hugo visitors Sunday.

Several of the Hugo people attended the dance at Merlin Saturday night; all report a fine time.

John Sanders went to Greenback on Monday of this week, he taking a load of household goods for Mr. Fisher.

Andy Steele left Monday for Portland and will later go on to Seattle, Wash., where he makes his Sommer headquarters.

There is some talk of the saw mill in Brimstone canyon starting again in the near future. A good thing if it is run on a "pay up" proposition.

An extra gang of Japs are working in Hugo, moving the passing track and spur, nearer the main line, on account of the spur being off the right-of-way.

Ha! Ha!! ye old-time prophets and yellow jackets, just wait another month and tell us about good weather. You have talked about snow long enough.

Several gents of Hugo were courtin' in Grants Pass last week; they were C. Triplett, W. Purdy, H. Triplett, Foster Bros., Pete Perzier, W. L. Chapin, Wm. Brown and W. E. Sanders.

There is quite a large crew of men working on Section 46, since the March storms commenced. Mr. Goff intends having this section of the road again in good condition, if the bad weather ceases, in the near future.

The article in last week's issue on the "Hobo" question is O. K. and there is no room for complaint unless it is on the time a hobo should work on the street. I think it would be nearer right to say five hours instead of 2 1/2. That would give Mr. Hobo two "squares" a day and of course the marshal would find a place for him to sleep. If the peo, le would not be so hospitable to that class they would be compelled to go to work and in this way our country would be free from worthless bums. Feed them gratis and they are not looking for anything better. S. C. Ribbler.

WIMER

(Too late for last edition.) We have been having a nice little snow storm.

The miners are smiling at the prospect of another good run.

Miss Ida Carter spent Saturday night and Sunday with the home folks.

Will Hillis and Emma Neathamer made a flying trip to Jacksonville last week.

Weddings seem to be in order as several are announced for the near future.

Miss Emma Neathamer is home again after spending several months in Woodville.

Miss Ruth Swinney has been employed to teach the Spring term of school in the Wimer district.

E. D. Thompson is in our midst again after spending several months with relatives and friends in the east.

School opened in the Mayse Creek district Monday, March 12, with Miss Millie Frier of Josephine county in charge.

The farmers have been busy sowing Spring grain, most of them having finished before they were forced to lay off by the recent storm.

Mr. and Mrs. Will Williams were charivariated at their home last Sunday night. There were about 35 persons present and the boys were invited in and treated to candy and cigars, and cake and soft drinks were served.

A dancing party was given by James Neathamer Saturday night. A good time was reported by all who were present. Scribblers.

A Jamaica Lady Speaks Highly of Chamberlain's Cough Remedy.

Mrs. Michael Hart, wife of the superintendent of Cart service at Kingston, Jamaica, West India Island, says that she has for some years used Chamberlain's Cough Remedy for coughs, croup and whooping cough and has found it very beneficial. She has the highest confidence in it and would not be without a bottle of it in her home. Sold by M. J. Adams.

The Company has the largest circulation of any paper in Southern Oregon.

Ashland Normal School Notes.

Miss Nellie Mulkey left for Southern California last Saturday, going down there to stay with her sick brother.

The Seniors are now busy preparing for the presentation of Shakespeare's "Hamlet." It will be given sometime in May.

"Professor is back." This was the welcome news that greeted the students as they congregated last Friday morning. Prof. Mulkey did spring a surprise upon the whole school, as no one was expecting him so soon. His son was doing as nicely as could be expected, though not perhaps as well as might be wished. During Chapel exercises Professor gave an interesting account of his experience in the wealth-surfeited land of Southern California, where millionaires are as thick as "hoppers" in Oregon, the little town of Redlands having 42 and Pasadena more than 100 millionaires. He pictured the country as a veritable paradise, and yet, he says that, "There is no place like home."

The Ladies Literary Society met Friday afternoon, and after the installation of the new officers an excellent program was rendered. When the singing and speechmaking was over the question "Resolved, That labor unions are a greater menace to the industrial world than combinations of capital" was debated. The affirmative was upheld by Viola Philester and Jessie Wilson. The negative by Ida Robinson and Cora Carter. The negative side won. Miss Broad is the new president of the society, and the girls are to be congratulated upon the selection of such an able parliamentarian to wield the gavel.

Friday evening the dormitory people gave a short reception in honor of Professor Mulkey. They then adjourned to the chapel where the Congressional Literary Society gave their weekly program. After a recitation by Walter Herndon, a solo by O. B. Newton and an oration by Fred Peterson, the debate was taken up. The question was "Resolved, That Hannibal was a greater military commander than Napoleon." The affirmative was supported by Smith and Martin; the negative by E. Pollard and O. B. Newton. The great generals were alternately placed on high pedestals of fame and glory and then ruthlessly torn down. Some of the debaters even went so far as to quote history in support of their arguments. The judges decided in favor of the affirmative. The society now adjourned and went in a body to the "ladies' dorm" where an old-fashioned taffy pull was enjoyed. The taffy was fine!

KUBLI

Jas. Cook and son were Medford visitors last Saturday.

Luke Lilly of Sterling visited with his sister, Mrs. Barrow, Thursday.

Fred Miller made a flying trip out here Saturday looking after his mining interests.

Miss Pearl Davidson visited the past week with friends in the Williams vicinity.

Mr. Mesky has been trying the grippe. He is better now and says he doesn't care to grippe again.

Clinton Roberts intends hauling several tons of alfalfa hay to Grants Pass as soon as the roads are in shape for heavy traffic.

Richard Lewman has purchased the Farris property and is now making preparations for a large grape vineyard. We see where you are right, Dick.

After a week of "Summer time" we were surprised Sunday morning to see the nearby hills wearing a new overcoat of snow, reminding us that "it's" March.

K. J. Kubli and W. W. Woodriffs are making it interesting for the covotes of this section of the country, killing two the past week. A few more and the sheep can range in the mountains with safety.

Lusch Payse and wife of the Golden Drift mine are here this week visiting Mrs. Bayse's parents, Mr. and Mrs. Vincent and Mr. Bayse's sister, Mrs. Jas. Cook. They will a so visit Chas. Bayse at Jacksonville before they return to the mine.

Chas. Burkhalter was here Saturday and Sunday from the Oscar Creek mine of which he is foreman. On account of water getting low they are only running one giant now. The mine is a good paying one and produces a fine quality of the yellow metal.

Carl parties are in fashion here now, we have several good players at piano, whist and crib and along toward the hour of midnight they most generally hold a good hand, (of rice and cake) and then its all off until there is a show for more of the fine refreshments.

Say! why don't you subscribe for the Courier and read Josephine county's best paper? R. U. Wise.

No sensational or questionable matter allowed in the Couriers.

LELAND

We have no sickness to report. The steam shovel will soon commence work. The grain came through the Winter in good shape.

We hear of one man that wants to run for justice of the peace. Some of our people were in Grants Pass last week paying taxes.

Kelly Duncan has a start in a fine hog. He believes in raising good stock.

We read of blizzards in other parts of the state, but here it is calm and serene.

Some of our middle-aged men, from 68 to 81, are able to cut their fire wood also do other work.

People are plowing for gardens and some new land is being brought under cultivation on Tunnel 9 Creek.

We don't know what the outlook will be regarding fruit; so far but little damage has been done.

We have had little change in the weather, as March is a treacherous month. We had two inches of snow. It melted soon; now we are having frosty nights.

We hear of people having the grippe, but our people are clear of it. With our pure water and clear conscience we are a happy people, hardly any law-suits.

Mrs. Anderson has sold her ranch below Leland to Geo. Strong, a stockman. He will go into the stock business as he has had a good deal of experience in that line.

A report is current that the Grave Creek wagon road is to be extended to the Copper Stain on Mt. Reuben in the near future. That will benefit many a miner. Wide Awake.

Cured Hemorrhages of the Lungs.

"Several years since my lungs were so badly affected that I had many hemorrhages," writes A. M. Ake, of Wood, Ind. "I took treatment with several physicians without any benefit. I then started to take Foley's Honey and Tar, and my lungs are now as sound as a bullet. I recommend it in advanced stages of lung trouble." For sale by H. A. Rotermund, Foley's Honey and Tar stops the cough and heals the lungs, and prevents serious results from a cold. Refuse substitutes.

Gives Health, Vigor and Tone.

Herbine is a boon for sufferers from anemia. By its use the blood is quickly regenerated and the color becomes normal. The drooping strength is revived. The languor is diminished. Health, vigor and tone predominate. New life and happy activity results. Mrs. Belle H. Shriel, Middlesborough, Ill., writes, I have been troubled with liver complaint and poor blood, and have found nothing to benefit me like Herbine. I hope never to be without it. I have wished that I had known of it in my husband's life time. 50c at National Drug Co. and at Rotermund's.

BUSINESS POINTERS.

Petaluma Incubators at Cramer Bros.

Planet Jr. Garden tools at Cramer Bros.

Women's Kidneys.

Women are more often afflicted with kidney disorders than men, but attribute the symptoms to disease peculiar to their sex, while in reality the kidneys are deranged. Nervousness, headache, puffiness or dark circles under the eyes, pain in the back, are signs of kidney trouble that must not be ignored, or a serious malady will result. Foley's Kidney Cure has restored the health of thousands of weak, nervous, broken down women. It stores irregularities and strengthens the urinary organs. It purifies the blood and benefits the whole system. For sale by H. A. Rotermund.
