

A FAMOUS REMEDY

To Save Big Trees of Calaveras

An estimate of the timber growing on what is known as the "north grove" of the Calaveras Big Tree Grove in California, has just been completed by the forest service of the Department of Agriculture. The area covered by the big trees is about 100 acres. The entire north grove comprises 640 acres. This work forms part of the co-operative forest studies which the service has undertaken at the request of the State of California. There is an earnest and widespread desire to save the Calaveras grove from such a sale as would result in its destruction. The owner is willing to dispose of it, and an accurate and satisfactory appraisal of the value of the timber should help to make an agreement on a fair price if Congress sees fit to purchase it.—Oregon Timberman.

A Scientific Wonder. The cures that stand to its credit make Bucklen's Arnica Salve a scientific wonder. It cured E. R. Mulford, lecturer for the Patrons of Husbandry, Waynesboro, Pa., of a distressing case of Piles. It heals the worst burns, sores, boils, cleers, cuts, wound, chilblains and salt rheum. Only 25c at all drug stores.

Fine wedding stationery at the Courier office.

"Cured MY cough with German Syrup" He wrote to Dr. G. G. Green: "An' as true as I tell you, doctor dear, I'm feelin' finer than ever I've been!"

The poor consumptive should not be the victim of experiment, as he often is, but the moment the dread disease manifests its presence he should be given Bo-schee's German Syrup—a pure, non-alcoholic medicine that is made specially for the cure of consumption, and has a world-wide fame as a certain remedy for catarrh, colds, coughs, croup, sore throat and all bronchial affections in old and young. It is sold in all civilized countries, and has been famous as a consumption cure for almost half a century. Trial bottle, 25c. Big bottle, 75c. At all druggists throughout the world. W. C. T. U. COLUMN.

All matter for this column is supplied by the Grants Pass Woman's Christian Temperance Union.

Not all of Oregon's prohibition towns being mentioned in last week's paper, I wish to call attention to a few more. St. Johns is still dry despite the efforts of the liquor men to have it otherwise. The Pacific Searchlight says, "Prohibition prohibits in some instances. The members of the Corvallis club think so. Hood River 'blind piggers' are thinking seriously about the prospect of the law meaning something and a persistent violator at Amity saw his ropes glimmering in the face of the Prohibition law. Twenty-five saloon keepers in Coos wondered what would come next when they were closed up." Mr. Elmore of Brownsville, a staunch prohibitionist, is quoted as saying, "Eight years ago Brownsville banished the saloon. The city was in debt and ill improved. Today with a five-mill tax the city has its own lighting and water facilities, is out of debt and has \$500 in the treasury." The mayor of Newburg in an article in the Pacific Advocate makes some fine points for prohibition. He says "We are proud of our city and I do think we have a right to be. I was asked to tell how we planned our campaign to get rid of the saloons and how we carried the election. In the first place we never had any saloons to get rid of so have been saved that trouble. Today we would invite you to come to us as clean a town as the sun shines on, and see for yourself what a town without revenue from saloons is like. I challenge comparison with any saloon town in any state in the Union. We have no drunkard's families to support with city funds. Our merchants are happy and prosperous. Our homes are happy, too. We are told that our street improvements for the last year are ahead of any other town of our size in the state. Our people are not asleep on the temperance question. We vote not only to keep the curse out of our own fair city, but to drive it from the state and nation as well." Is it any wonder that Newburg is called the "white city"?

We hope that in no far distant future our own fair city may throw off the curse of the licensed saloon, that it may be made a safer, cleaner place, that the money now spent for that which degrades and destroys body and soul may be turned into legitimate channels. A good location fine climate and beautiful scenery is ours and may Grants Pass be known far and near for its energy and its high moral and intellectual standards. "It is not a question as to whether prohibition will prohibit, but whether there is anyone back of the law to see that it is enforced." And now an election will soon be on hand in this county and state, may the voters see to it that men are elected to office who will enforce the laws, and may they have reason to feel that behind them is a public sentiment backing them up in the performance of every duty. And may those elected be men conscientious in taking their oath of office and may those oaths be kept inviolate.

I leave to society a ruined character and a wrecked example. I leave to parents as much sorrow as they can bear. I leave to my brothers and sisters as much blame and mortification as I could bring to them. I leave to my wife a broken heart—a life of shame. I leave to each of my children poverty, ignorance, a low character and a remembrance that their father killed a drunkard's grave.—Ex.

Cured Consumption. Mrs. B. W. Evans, Clearwater, Kan., writes, My husband lay sick for three months. The doctors said he had quick consumption. We procured a bottle of Ballard's Horehound Syrup, and it cured him. That was six years ago and since then we have always kept a bottle in the house. We cannot do without it. For coughs and colds it has no equal. National Drug Co and at Rotermond's.

TIE CONTRACTS. Bids for furnishing 45,000 ft ties hewed on two sides and bark stripped or square sawed, not less than five inches of heart, to be delivered at points to be designated along the right-of-way of The California & Oregon Coast railroad betw Grants Pass and Love's Station; said ties to be of the following dimensions: 8x7 in by 8 ft. No bid will be considered for less than 1000 ties and the company reserves the right to reject any and all bids. For further information apply to the company's assistant engineer, John F. Richardson, Grants Pass, Oregon. T. WALN-MORGAN DRAPE, 3 23-2t General Manager.

LADIES. Did you know that Accordion Plating is more popular than ever among genteel dressers? Hot irons injure delicate fabrics. We use the steam method exclusively. We can do your work just as satisfactorily as if you lived in Portland. We do Accordion-Sunburst and Knife Plating to order. MISS O. GOULD, MARQUAM BLDG. PORTLAND, ORE.

MURPHY

Equinoctial storms, whist parties, bad colds and candidates—Murphy has 'em.

Mrs. H. L. Reed and Grandma Cockerline are on the sick list this week.

Mrs. Belding of Grants Pass commenced a three-months term of school here Monday morning, with about 20 pupils.

Jeff Lindsay is completing his 9-room residence, which is quite an addition to his already valuable farm in the Applegate bottom.

Had you noticed that smile on Ed Herriott's face? It's a boy, he tells us, and we hope he'll make as genial a stage and wall driver as his father.

We understand the Williams Bros. will run the Kendall sawmill the coming season. They are well known and well liked here and we wish them a profitable season.

Oscar and Grace Bunch are driving a beautiful black filly they lately bought of Ira Tompkins. There are several good horses on the river, but his is one of the neatest roadsters we've seen.

Chas. Richton is up from Portland this week making practical tests with his quartz mill for the benefit of purchasers from a distance. Mr. Richton has in the Pratt mill a piece of machinery second to none for the reducing of quartz.

J. D. Hays, who has been for a number of years a Pullman conductor out of Portland, is now visiting with his mother. Mr. Hays has a position with the contractors of the Klamath irrigation project and will go to Klamath county as soon as work is commenced this Spring. He leaves the Pullman company of his own accord and we understand is promised a place at any time he wishes to return.

Editor Meserve of the Courier passed through our vicinity Monday evening en route to Provo It to attend the telephone meeting at that place Tuesday evening. If some of our prosperous Murphy farmers would take as much interest in telephones as they do in other luxuries of no more importance, we would soon have a system installed that would be a profit and a pleasure to the whole community. In this age every progressive neighborhood needs a telephone and the more they progress the more they need it. Murphy is progressive, Murphy also needs a rural telephone and Murphy gets what she needs.

J. W. Gilmore and his "horseless" grubber have cleared quite a patch of ground this Winter and he is now plowing preparatory to planting corn. Since Mr. Gilmore located here he has cleaned up a nice little ranch with a self devised grubber constructed of a 6-inch drum set in a 4-post frame with a 14-foot sweep mortised on the upper end of drum. The machine is anchored to a tree or stump by a chain from the top and bottom of frame and long enough to allow a man on either end of the sweep to pass between the tree and the machine. This rigged with a steel cable, a ball bearing block, two men at the lever and one man to sling chain, will clear land surprisingly fast. This land is the finest of deep, red soil, ideal for grapes and it is the plan of Mr. Gilmore to put it all to vineyard as soon as the roots and trash left from clearing are rotted so the grape vines can be readily cultivated. The Strenuous Life

Results in Stomach Troubles and Physical Breakdown—Rotermond Offers Simple Remedy.

The strenuous life of modern times forces people to rush through their meals hastily, hurrying from the table in the mad rush after the almighty dollar. The result is incomplete digestion, inflammation of the walls of the stomach, and lack of secretion of the gastric juices, ending in chronic stomach trouble and nervous breakdown.

How much better it would be to eat more slowly, cure the stomach trouble with Mi-o-na, and soon regain perfect health. The headaches, sleeplessness, nervous troubles, pain after eating, specks before the eyes, backaches, melancholy and gloomy foreboding would be soon overcome and perfect health and strength would be restored.

Proper treatment of the weakened digestive system with Mi-o-na will cure every case of stomach trouble. The results of this treatment are so astonishing and so pronounced, that those who have tried it never fail to appreciate its value as a healing agent. So reliable is Mi-o-na in curing all forms of stomach weakness and troubles that Rotermond gives a signed guarantee that the remedy will cost nothing unless it cures. Each box of Mi-o-na sells for 50 cents, and is invaluable to anyone who suffers with indigestion, nervousness or weak stomach.

KERBY

More rain and snow at present writing.

Bright, warm days and very cool nights.

Mrs. O. A. McCallister, has moved to Grants Pass.

Hurry up! you Grants Pass people and get that railroad built.

W. H. Carter has returned from the Pass where he was on business.

S. L. Benson, who has a farm on Rogue river, was in Kerby Thursday.

W. F. Hogue with a load of passengers started for the Pass Sunday morning.

The heaviest snow storm of the season visited these parts the night of the 12th.

The miners all seem happy with the prospect of a late run and a profitable clean-up.

Miss Mary Stone of Loves Station, is visiting her mother a few days this week.

After an absence of several months Dr. Klopper has again taken up his residence in Kerby.

F. G. Burrows, road supervisor of district 13, is busy these days collecting road and poll tax.

The social dance given in the W. O. W. hall was well attended, everyone reported having had a good time.

APPLEGATE

And still it rains.

The hop last Saturday near Provo It was enjoyed "considering."

Mrs. Geo. Hoffman left Sunday for Sacramento where she will visit her daughter, Emma.

Fred Wright, who has been attending the business college at Ashland, returned home Saturday.

Clarence Winetrot and Henry Perrot, who have been attending school at the Ashland Normal, returned home last Thursday.

Mr. Pottenger of Medford was over Sunday and drove away a fine bunch of beef cattle which were fed by G. W. Winetrot during the winter.

Mr. Harrington made a flying trip to Medford Sunday.

Harley Mansfield and Annie Benedict visited Grants Pass last week.

Mr. and Mrs. G. W. Winetrot made a business trip to Medford Tuesday.

W. I. Sweetland was out from Grants Pass Sunday. From this place he drove a bunch of stock cattle.

Claud Hawkins, superintendent of the Madrone Mining Co., situated four miles north of Applegate, was among us Sunday.

Last Saturday morning Ed Gates met with a most painful accident. While cutting kindlings he almost removed his fore finger. H. Mansfield took Mr. Gates to Jacksonville to the doctor, shortly after the accident occurred. Since then he has gone to Grants Pass, and from there he will probably go to his home in Eastern Oregon.

The Applegate citizens will soon erect a new dance hall. It is to be 60x100 feet and will have all conveniences. S.

LAUREL GROVE

Oscar Bunch says he will team this Summer.

Daniel Lindsey is thinking of going to Canada this Spring.

We are to have a mill in our valley this Spring. Good luck to all.

H. E. Gething passed through our burg one day last week en route to his mine.

The horse buyer, took a number of big horses from this part of the country this Spring.

Miss Estella Williams went to Grants Pass on Monday to work at the home of our genial stage driver, Ed Harriet.

Well, we are wondering who will be our next county judge. There seems to be some difference among our voters as to that.

Walter Hair is improving his ranch that he bought of E. N. Provolt. He is a first class stock man and has some good horses and cattle.

The snow is gone in the valley and almost gone on lower hills and rain is falling. The more rain the more rest, but the Nigger says more grass.

We are informed that E. N. Provolt is out for commissioner. We hope he will be elected for we need the commissioner on this end of the road awhile.

The quartz mill owned by Chas. Richton and Jim Bumgardner is running full blast. We wish them much success with their new venture for they are hustling fellows.

Harne Alger is very busy improving his farm. He is an up-to-date farmer in every respect and makes a good income from his ranch. He says

where most farmers miss it is in not raising plenty of good blooded hogs, and plenty of berries and garden stuff of all kinds. Our rustling road supervisor, C. F. Gntner, is out collecting road taxes again this Spring. If we had more men like him in our district we would have better roads. He believes in fixing the road right and good as far as he goes, then it will not need repairing every year. Our roads show up better this year under his care than they have for a good many years before. Foxey.
