

A Heavy Load to Carry.

Along with dyspepsia comes nervousness and general ill-health. Why? Because a disordered stomach does not permit the food to be properly digested, and its products assimilated by the system. The blood is charged with poisons which come from this disordered digestion, and in turn the nerves are not fed on good, red blood, and we see symptoms of nervousness, sleeplessness and general breakdown. It is not head work, nor over physical exertion that does it, but poor stomach work. With poor, thin blood the body is not protected against the attack of germs of grip, bronchitis and consumption. Fortify the body at once with Dr. Pierce's Golden Medical Discovery—a rare combination of native medicinal roots without a particle of alcohol or dangerous habit-forming drugs.

A little book of extracts, from prominent medical authorities extolling every ingredient contained in Dr. Pierce's Golden Medical Discovery will be mailed free to any address on request by postal card or letter. Address Dr. R. V. Pierce, Buffalo, N. Y.

Many years of active practice convinced Dr. Pierce of the value of many native roots as medicinal agents and he went to great expense, both in time and in money, to perfect his own peculiar processes for rendering them both efficient and safe for tonic, alterative and rebuilding agents.

The enormous popularity of "Golden Medical Discovery" is due both to its scientific compounding and to the actual medicinal value of its ingredients. The publication of the names of the ingredients on the wrapper of every bottle sold, gives full assurance of its non-alcoholic character and removes all objection to the use of an unknown or secret remedy. It is not a patent medicine nor a secret one either. This fact puts it in a class all by itself, bearing as it does upon every bottle wrapper The Badge of Honesty, in the full list of its ingredients.

The "Golden Medical Discovery" cures, weak stomach, indigestion, or dyspepsia, torpid liver and biliousness, ulceration of stomach and bowels and all catarrhal affections no matter what parts or organs may be affected with it. Dr. Pierce's Pleasant Pellets are the original little liver pills, first put up 40 years ago. They regulate and invigorate stomach, liver and bowels. Much imitated but never equaled. Sugar-coated and easy to take as candy. One to three a dose.

KUBLI

It is reported that Mayor Retaille, of Davidson is quite ill.

The recent wet weather is hard on farmers as it will make seeding very late.

K. J. Kubli went to Grants Pass Monday after a load of freight for his store.

Rollie Caris, Rollie Doney and Joe York are at present cleaning ditch for Ed Layton on Farris Gulch.

Clinton Cook, who has been baling hay on the Kelly place below Grants Pass, returned home Saturday.

If April the 20th doesn't come soon the Courier will have to add another sheet to the paper for candidate cards.

E. J. Davidson was successful in capturing a large coyote in a trap one day last week. They are a very cunning animal and hard to trap.

J. T. Cook, who has been on the sick list for some time and is suffering from a case of salivation, is slightly improved at this writing.

Miss Beattie Doney left this place Tuesday for Grants Pass, where she expects to enter the Grants Pass Hospital to fit herself for a trained nurse.

Pearl Davidson who has been caring for Miss R. Bingaman, who has been quite sick at her home at Williams, returned home Saturday. She reports Miss Bingaman steadily improving.

Grandma Kubli celebrated her 76th birthday last Monday by giving a quilting. Quite a number of the neighbors were present and all went home vowing they had a jolly good time and wishing Grandma many more as happy birthdays.

We have a nice Sunday school organized here which meets every Sunday at 11 o'clock, with Mrs. Annie Berry superintendent, Miss Elsie McFadden as secretary and Mrs. Ike Vincent as treasurer. Would be glad to have everybody come and help the good cause along.

There will be a dance at the Kubli hall Saturday, April 7, given in honor of Carl Barton, who expects to leave soon for Washington to join his step father, L. Pettibone, who is working in a logging camp in that state. His mother is also going. They expect to go by wagon and team.

School is progressing nicely with Victor Dickey of Molalla, Clackamas county as teacher. He now has 35 on the roll. The neighbors met Saturday and set up the new seats, which makes quite a difference in the looks of the school house and also makes it more convenient for the pupils and teacher.

Chas. Burkhalter spent Sunday and Monday at home. He is cleaning up in the mine on Oscar creek and reports a fine prospect and expects to finish this week. Leander

Ashland Normal School Notes.

Normal Notes
"We the Juniors, few but great, Will entertain you at eight, On Friday night in Chapel Hall, With 'Orange and White' upon the wall."

This was the unique and well-worked announcement sent to the Seniors and members of the Faculty, inviting them to the reception, arranged by the Juniors in honor of the Senior class. Being arranged by our enterprising and wide-awake Juniors it could not be otherwise than a success, but in this instance they outdid themselves, as well as all others and the reception will go down in history as the most successful affair of the kind ever held at the school. Chapel Hall was profusely and artistically decorated with "Orange and White," the colors of the Senior Class. Social games and various contests occupied the forepart of the evening. The social evening was followed by a banquet, with Prof. Mulkey presiding at the head of the festive board. Professor was in his perpetual happy mood and thus no comment is needed. Amid the clinking of glasses, the following toasts were proposed and responded to: The Senior Class, H. L. Sayle, Pres. Junior class; The Junior Class, O. B. Newton, Pres. Senior Class; Standards, Miss Edith McCone; Ships, Mrs. Wickersham; "The Where and When," Miss Norah Beebe. The way in which the toasts were given makes us form the conclusion that "Chance" Dewey is a back number. The Junior class deserves high praise for the splendid manner in which all was arranged.

There will be no debate with the High School. Owing to reasons known to themselves and suspected by the Normal boys, the High School has called it off.

An Old Address on Woman Suffrage.

The announcement of the passing away of Susan B. Anthony has cast a gloom over the whole civilized world for the world has come to recognize her as one of its grandest women. In spite of the bitter opposition to the principles for which she has devoted her life, she has won the admiration of even her enemies, the world over. She has simply thought and lived 50 years in advance of the times until the world has grown to where she was 50 years ago.

The following words from one of her addresses over 20 years ago show how difficult it was for her, with her progressive ideas, to understand the conservatism of others. Miss Anthony said:

"Is it not strange that men cannot comprehend that what to them would be degradation, slavery, is not to women elevation, liberty? Men prize the right of suffrage for themselves above all price, and count the denial of it the most severe punishment. If a young man is serving out a five or seven years penalty in a state prison and has a living friend outside who cares for him, that friend will get up a petition, secure the most influential names possible, begging the governor to commute the young man's sentence, if for no more than 48 hours prior to its expiration, that when he comes out of prison, he may not be compelled to suffer the disgrace of disfranchisement, and that he may not be doomed to walk among his fellows with the mark of Cain upon his forehead. And the only penalty inflicted upon the men, who a few years ago laid the knife at the throat of the Nation, was that of disfranchisement, which all men, loyal and disloyal, felt was too grievous to be borne, and our government made haste to permit everyone, even the arch leader of them all, to escape from the humiliation, the degradation, and again to be honored with the crowning right of United States citizenship. How can we thus, degrade them selves with the idea, that what to them is innocent and unbecoming, is to women honor and glory unspeakable? Why can't men put themselves in woman's place, and feel and act for us, as they would have us feel and act for them, if we possessed all the powers of government, and denied all to them?"

NEW HOPE

Hurry up with the railroad and the telephone.

Eugene Hayes of Murphy attended church at this place Sunday.

John McCallister and son, Will, have gone to the mill to work, Mr. McCallister being the head sawyer.

Services were held here last Sunday by Rev. Starmer. He will hold services here the second Sunday in May.

There seems to be something over at Grants Pass that attracts the attention of Howard Wynant. Some wonder what it is.

Miss Hazel Johnson and Victor Daniels were seen on our streets Sunday. I wonder what is the matter with those wedding bells?

One of Iowa's editors tells of his married experience thus: "Sing a song of swellheads, a fellow full of gin, coming home at 4 a. m., his wife won't let him in. His feet are full of tanglefoot, his head is full of wheels, the keyhole runs around the knob, he a funny feeling feels. He puts his feet upon the porch, his head upon the ground, and all the time within his 'mug' the wheels are going round. He thinks that he is sober, that everyone is tight, and that he's in his bedroom instead of out all night. He thinks the moon's a dollar and will buy a dozen drinks, and various other thoughts he thinks, and thinks and drinks and thinks. But when his wife she cometh (and with a hickory slot) he gives a shout and yelleth, 'Now, Mary Ann, quit that.'"

Eat What You Like

Don't Starve or Diet, but Use Mi-o-na, and Cure Your Stomach Troubles

The average treatment of stomach troubles consists of a rigid diet list, which often half starves the patient. Of course it would be foolish for anyone who knows that some foods are positively harmful and poisonous to continue eating them, even while following the Mi-o-na treatment, but in ordinary troubles it is not necessary to starve or diet if Mi-o-na is faithfully used, a tablet before each meal.

This scientific remedy, for the cure of stomach troubles, acts upon the whole digestive system, and strengthens the organs so that they are able to digest any food that is eaten without fear of distress. If you suffer from loss of appetite, belching of gases, sour taste in the mouth, furred tongue, severe pains in the region of the stomach, depression of spirits, bad dreams, lack of energy, a stomach cough, offensive breath, headaches, backaches, loss of strength and weight, you can be assured that these troubles are all due to imperfect digestion.

Strengthen the stomach by taking a Mi-o-na tablet before each meal, and soon you will gain in weight, strength will return, and your food will give nourishment so that the rich red blood will carry good health to every part of the system.

Rosenmund has so much confidence in the power of Mi-o-na to cure stomach troubles and resulting ill, that he gives a guarantee with every 50 cent box to refund the money unless it cures.
