HIGH SCHOOL NOTES.

There were quite a number of students absent from school the first of the week.

We are sorry to see that our Superintendent is affected with the Pink Eye. We wish him a speedy recovery.

The members of the graduating class are very busy preparing for the Class Day program to be given May 18.

Supt. Turner and Principal Harrison were in the Grants Pass Booster crowd that went to Medford last Friday evening.

High School students are beginning to realize that the end of the year is close at hand. There are only four more weeks before the examinations begin.

On account of an unavoidable condition, Miss Edith Holland has withdrawn from school for the remainder of the year. However, we hope to see her with us again next year.

The first, second and third year classes have each effected an organization by the electing of officers and the choosing of class colors. In addition, a member of each class has been selected to represent his class at commencement.

Miss Addie Robinson, a member of the graduating class, expects to continue her education by taking a regular college course in the University of Oregon. We hope that other members of the class will decide to do the same.

The High School expects to enter into a debating league with the High Schools of Salem, Albany and Roseburg and this debate is to be given for the purpose of covering expenses incurred by sending a delegate to a meeting to be held at Salem this Spring for the purpose of making final arrangements for the league. After the expenses of the delegates are paid the balance will be placed in the library fund.

The debating contest to be held on Wednesday evening, May 9th, in the High School building is one worthy of every citizen's patronage. The two divisions of rhetoricals have chosen from their respective societies, representatives that will be the contestants in the coming debate. The subject under discussion is one that has aroused great deal of attention among the people of this country and is stated as follows: "Resolved, That the government should own and operate all the railroads and telegraph systems of the United States." The representatives of the first division of rhetoricals, Randall Hood, Fritz Dean and Nina Paddock will support the affirmative side of the question while the representatives of the second division, Henry Norton, Amy Isaacs and Herbert Gilkey will uphold the negative side.

WOODVILLE

C. S. Hatch, our enterprising blacksmith, has added an improvement to his place in the shape of a fine windmill.

A. D. Helms, who recently purchased Mrs. Seaman's farm across the river, has put out 1000 apple trees of the Yellow Newtown variety, and 100 trees of different varieties.

Mrs. J. D. Cochran arrived from Roseburg Friday evening to join her husband, who is principal of our school. They have secured board at the pleasant home of Mr. and Mrs. Alex Schindler.

Clifford Schindler was so unfortunate last week as to shoot himself through the hand, inflicting a painful but not serious wound. Dr. Loughridge dressed the wound and no bad results are anticipated.

Messrs. Sherman and Ferguson, formerly of Ashland, have become residents of our city, and have come prepared to do all kinds of blacksmith work. Mr. Sherman has purchased what is known as the Harper house with 15 acres of land of J. H. Bagley, and Mr. Ferguson, also, contemplates buying property here.

He also holds a service at Wimer every Sabbath afternoon, and gives a free lesson in music on Friday evenings here. We are pleased to meet Mr. Day and hope that his stay here will be both pleasant and profitable to all concerned. Mrs. Day has not arrived yet, having stopped in Portland for a visit with her mother.

Home Talent Entertains.

The orchestral concert given at the opera house Monday evening by the Grants Pass orchestra under the direction of Prof. W. A. Henry was accorded a good attendance and the audience was enthusiastic and fully appreciative of the very enjoyable quality of music which was rendered. The orchestra comprises some 16 pieces and under the direction of Prof. Henry has attained a degree of proficiency which makes their selections most delightful. The vocal numbers by Mrs. W. L. Ireland and Mrs. W. W. Walker were received with the appreciation which is always accorded these popular vocalists. Especially enjoyable instrumental numbers were the two solos, violin and cello, by Prof. Henry and the trio, piano, clarionette and cello by Miss Willis and Messrs. Wharton and Henry. The pupils string club of six pieces also gave a specially enjoyable number.
