

**VOTE FOR
JONATHAN BOURNE, JR.**

**Republican Candidate for United States Senator
Champion of Statement No. 1.**

Jonathan Bourne, Jr., candidate before the Republican primaries for the nomination of United States Senator in Congress, for the long term commencing March 4, 1907, was born in New Bedford, Mass., February 23, 1855; was a member of the class of 1877 at Harvard University; came to Portland May 16, 1878; was a Republican member of the Oregon Legislature in the session of 1885 and the extra session of 1886; was one of Oregon's delegates to the Republican National Convention of 1888, and Oregon's member of the Republican National Committee from 1888 to 1892, and a delegate to the Republican National Convention of 1892; and was elected as a Mitchell Republican to the Oregon Legislature in 1896.

Mr. Bourne has been more prominently identified with the development of the mineral resources of Oregon than any other man in the State, having expended in the last 20 years over \$1,000,000 of his own money in the acquisition and development of Oregon mines.

While Mr. Bourne has had his residence and main office at Portland since 1878, he has had another office at New Bedford, Mass., and has carried on the business of his father's estate since 1889, which makes him familiar with many of the large interests and leading men in the East. These qualifications, in conjunction with his tremendous energy, originality, executive ability and experience in business and political affairs pre-eminently qualify him for making an able and influential Senator for the State of Oregon.

Mr. Bourne has always favored extending the direct power of the people over their government as far as possible. He was one of the leading spirits in the Initiative and Referendum movement from 1896 until it was approved by the voters at the June election in 1902. In 1904 he was a member of the executive committee of the Direct Primary Nominations League, and holds the same position with the People's Power League at this time. In all of these movements he has been one of the few to guarantee the necessary expenses of preparing and proposing their measures to the people.

He says that the choice of United States Senator should be by direct vote of the people, and that the Legislature should be compelled to elect the man the people select. To accomplish this result, he is championing Statement No. 1 of the primary election law as the only method by which public opinion may be crystallized and made effective upon the Legislature.

In his petition for nomination he says:

"If I am nominated and elected I will, during my term of office, favor:

- Republican Politics.
- Amending National Constitution for People's Election of United States Senators.
- Publicity Political Campaign Expenses.
- National Control of Corporations in Interstate Commerce.

Rigid Exclusion of Asiatic Coolie Labor; Good Wages Make Good Citizens.

Legal Limitation Labor Hours for Safety on Railroads. Parcels Post, Including Rural Delivery. Pure Food Laws.

Liberal Appropriations for Panama Canal, Coast Defenses, River and Harbor Improvements, Including Columbia and Willamette Rivers, Coos, Yaquina and other Oregon Harbors, Celilo Canal, Government Canal at Oregon City.

Fair Share of Irrigation Fund for Oregon. Loyal Support of Successful Candidates. Rigid Enforcement Statement One. Roosevelt for Second Elective Term.

I desire that the following statement be printed after my name on the nominating ballot:

I will support President Roosevelt's determination that "Justice Be Done All Men."

LAUREL GROVE

Still a few hanging clouds
adorn the horizon.

Everybody well at this writing and
no one got cold feet.

Lik Sharp was seen on our streets
this week, also Jake Pollock.

Candidates, squirrels, flowers and
grippe—Laurel Grove has 'em.

Bert York's smiling face was seen
on our streets one day of last week.

H. T. Day and Walt Fair were in
Grants Pass doing business last Satur-
day.

C. O. Bigelow passed through with
a nice band of cattle one day of this
week.

Chickens, chickens. Everybody
going into the poultry business and
eggs only 15 cents a dozen.

Some people are suffering from a
severe attack of Spring fever, but a
little muscle and energy will cure
that.

And still we see candidates;
they all look anxious as much as to
say, "Won't you vote for me?" Well I
guess yes.

We are working our roads at present
so when gentlemen take a spin out
through our street they will see we
are up-to-date every in respect.

Married on Monday, April 23, 1906,
Dell Root and Miss Lena Lovik. We
wish them much happiness through
life. Mr. Root will work in the
Murphy mill this Summer.

H. L. Reed passed through our burg
one day of this week en route to
Williams Creek with a fine big horse
that belongs to the Grants Pass Breed-
ers Association.

I would like to get acquainted with
Wide-awake through our writing. He
seems like a man of the first water.
I would like to have Wide-awake up
at Laurel Grove and have him see
our Valley and the pretty girls it
has.

Everything is moving along fine at
present. Mill men are among us buy-
ing timber, hiring loggers and doing
business in general. Laurel Grove is
coming to the front rapidly and soon
her sister burgs will have to hustle
or they will get left.

We see Wide-awake wants more
solid news from Hugo or send emi-
grants over the mountain; we do not
blame him; when he gets through
showing his land, he may just send
them up to the famous Applegate bot-
toms, where land is fertile and loamy
and raises anything that you want to
plant. Here is the place to get your
money back. Foxy.

Smelter at Kennett to Be Enlarged

Editor Courier: Mr. Holden, man-
aging director of the Mammoth Cop-
per Mining Co. of Kennett has just
completed a visit of inspection of the
company's properties here and ex-
pressed himself as being much pleas-
ed with the work done. To increase
the efficiency of the smelter two more
blast furnaces will be installed while
mechanical roasters and a reverbera-
tory furnace will be put in to treat
the fines and fine dust. To insure
sufficient ore for the increased capac-
ity of the plant a large development
force will be put on at the mine.

It will take about one year to make
all the alterations and improvements
contemplated and Shasta county will
then have in operation the largest
smelter in California. W. S. K.

Mr. Phillips, the mail carrier and
stage man, is doing a good business.

The miners are busy cleaning up.
They have had a fair run this season.

The weather is balmy and invigorat-
ing. We had a little wind last Sun-
day followed by rain.

We are receiving some emigration
from Michigan, but of the laboring
class as far as we know.

Another saw mill is being erected
on Tom East creek, two miles below
Leland, making two mills in the vi-
cinity of our town.

A good many prospectors are start-
ing for the hills as grass is good and
the weather is fine for camping out
and Wide-awake has the gold fever
a long with the rest and thinks he
can find a rich ledge.
