

A FAMILY SAFEGUARD

Green arranges with the Niece of Dr. Bo to handle her famous Uncle's Great Throat and Lung Cure.

The best family safeguard is a reliable household medicine that will cure croup, coughs, colds, chills, sensations, running eyes and nose, sore throat and bronchial affections—that will keep the children proof against all contagious diseases.

Such a medicine is Boschee's German Syrup, which has a record of 35 years in the cure of consumption, catarrh and all lung and bronchial troubles.

The fame of German Syrup as a conservative cure, since its purchase by Dr. Green from the niece of the famous Dr. Boschee, has extended to all parts of the earth. It has big sales everywhere. Two sizes, 25c and 75c. All druggists For Sale by Dr. J. C. Smith.

PICKETT VALLEY

Mr. Collins is working for A. Hussey this week.

Mr. Hussey has been sick this week. We sincerely hope he will be well soon.

The Gold Standard Company has let a contract for a 50-foot tunnel to tap the ledge at greater depth.

It is reported around here that the Gold Standard is stocked for \$100,000. We wish the company success.

M. Heeney is working for the Peacock Mining Company. They are doing a good deal of work on their property and are getting good copper ore as a result.

The settlers of Pickett Valley are organizing a new school district which has been needed for some time. All they need is a school house and a teacher, they have the children to put in the school house.

Grip Quickly Knocked Out.

"Some weeks ago during the severe winter weather both my wife and myself contracted severe colds which speedily developed into the worst kind of la grippe with all its miserable symptoms," says Mr. J. S. Eggleston of Maple Landing, Iowa. "Knee and joints aching, muscles sore, head stopped up, eyes and nose running, with alternate spells of chills and fever. We began using Chamberlain's Cough Remedy, aiding the same with a double dose of Chamberlain's Stomach and Liver Tablets, and by its liberal use soon completely knocked out the grip." Sold by M. Clemens

One by one our cherished illusions fall. The other week we discovered that our "Oregon Pine" is not a fir but a Douglas Spruce. Now it is learned that our celebrated Port Orford Cedar is not a cedar at all. The scientific name for it is the Lawson Cypress.—Coco Bay Harbor.

DAVIDSON

E. N. Provolt for county commissioner and don't forget it.

Miss Lemon of Williams, who has recovered from her recent illness, is visiting Miss Pearl Davidson.

Joe York the rustler, is butchering and expects to deliver quite a number of hogs to W. I. Sweetland during this week.

It is reported that Ike Vincent has bought Dr. Findley's little ranch here, formerly known as the old Levi Miller estate.

The Northside Applegate River Ditch Co. have commenced cleaning out their ditch and preparing for the irrigating season.

The five-stamp mill at the Mountain Lion mine is hammering away again on good ore, which adds much to the life industry in our vicinity.

Clyde Jeter, the miner, made a flying trip out here Sunday and as he took the old gentleman off with him instead of the girl, we are all wondering what's up.

Frank Bailey has moved his family to Provolt to reside this Summer. Frank has been employed at the Mountain Lion mine during the last year and will continue working for the company, however.

Willie Wooldridge of Kahl was seen passing through Davidson street last Sunday taking two girls home from Sunday school; still, according to the census of our population there are about eight young men to one girl in this neighborhood.

S. E. Isham, who has been prospecting on Miners Creek, has returned to Grants Pass; Mr. Isham has some quartz claims which he desires to work and then he expects to return to his Miners Creek placer claims and do some further development.

Primary election passed off quietly in Murphy, with only a small democratic vote polled. The rivalry for nominations appeared to be among the republicans who turned out almost their full vote. But as the democratic nomination for Sheriff, which was so decidedly in favor of Lon Heberlie created no contention, and as the endorsement of the other candidates was about all that was necessary, the democrats did not turn out en masse as they will on the general election day.

THE FARMER TO BLAME
SAYS ROBERT WASHBURN

If His Land Suffers From Drought or Lacks Water for Irrigating When Near Small Stream.

"It is the farmer's own fault, if, in these days of scientific discovery, he does not reap all the returns he should from his land, be it located wherever or however it may, in or without the rainbelt, so long as there is a small stream with a slight fall nearby," such was the remark the other day of Mr. Robert Washburn, a man of wide experience in agriculture, horticulture and individual irrigation enterprises throughout the great Pacific Northwest, being at present an extensive owner and operator of Rogue River lands. "Devastation to crops as a result of droughts and barrenness of land from lack of water, are two evils that can easily be overcome," continued Mr. Washburn, "if the flow of a little stream is only utilized by anyone of the modern mechanical devices now being made for just such work and are already accomplishing for many the desired results. The simplest and most inexpensive of these devices for elevating the water of a stream to a higher level is, perhaps, the hydraulic ram. It is a self pumping engine that is rapidly fulfilling the need of the farmer and small irrigator for a sure scheme of getting out of their land all those bountiful returns yielded where water is plentiful."

LELAND

The people here feel sad over San Francisco's destruction.

The weather is fine, but a little rain would do much good.

Our primaries passed off quietly, the republicans in the lead. So mote it be.

Some new parties are coming in looking for mines with the view of buying.

Lawrence Espey, the blacksmith, has so much work that he was compelled to hire another man.

F. H. Davis, an old man who has been living alone on Tunnel 9 creek, has gone to live with his daughter at Grave.

Foxy and Foxy can improve with his or her writings. The reason the incubator did so poorly is that it got too ramblunctious. That was not our fault.

Wide-awake is glad to get a letter through the columns of the Courier. It would please me very much to form an acquaintance with Foxy. Are you foxy by nature? We think we have some of your cousins on the range here.

A petition was circulated in Leland last week asking the railroad company to keep the white laborers on the track and not to hire Greeks. It is reported that Roadmaster Donnell has recommended that Greeks be hired to take the place of white men.

The Hotel Leland has changed hands, Mrs. Furman having assumed charge. Mr. Luttrell and family will go to Grants Pass to reside, so what is our loss will be Grants Pass' gain. Mr. Luttrell has been here nearly a year and in that time has made many friends.

Oh, S. C. Ribbler, you ought to be a warbler. Yes, you have a nice little valley and quite productive, but you live too far from Leland to catch the latest news. Our town is growing fast. Last week a nice dwelling house was finished; how many will be next week is hard to tell. Money is plenty and business is good. You see this is the center of attraction for the miner and farmer, and it is one of the healthiest places in Oregon. Come over and see us, S. C.

We see by the Courier that a man got hooked by a saddle horn, and had to have one of his ribs taken out. That was bad. Our saddles here don't have horns.

Will Give Medal Contest at Merlin

Meeting of W. C. T. U. April 20 had been announced as a Christian Citizenship meeting and because of unavoidable reasons, for which no one was responsible, the programme was not given. During the transaction of the business which came before the members it was proposed that the Medal Contest programme be repeated at Merlin for the Merlin W. C. T. U. Mrs. Lanterman was present and expressed a desire to have the programme and will make necessary arrangements and advertise for the same.

Mrs. Lanterman gave us a good talk on the prosperous and united work of the Union at Merlin. Their membership is 12.

Scientific Temperance Instruction was announced for next program meeting, May 4th, but our superintendent, Mrs. M. Day, cannot furnish a program that day because of the Epworth League convention which will be in session at that time. There will be no program.

H. I. C. Calvert, Member of Program Committee.
