condition of the city's health, and what diseases are most common.

Rotermund believes that the problem of long life is solved by proper it was good. care of the digestive organs. Let the stomach get out of condition and soon there will be nervousness, irritation, furred tongus, specks before the eyes, weakness, debility, indigestion, and other physical and mental troubles that directly result from a weakened stomach stomach

Of all the vital organs, the stomach is the most frequently abusid, and hence, the one which most frequently fails, and so with the discovery of a remedy like Mi-o-na stomach tablets, which is sold on an absolute guarantee to strengthen the digestive system, aid in assimilation of food, and cure all troubles caused by indigestion, an im-portant step has been taken towards solving the question of good health and long life.

Take one of the little Mi-o-na tab-lets before each meal, with the fixed determination that you are going to get well, and it will not be many days before you can cat anything without year of indigestion.

Rotermund sells Mi-o-na on an ab-solute guarantee to refund the money if it does not cury. A large box of the tablets costs but 50 cents, if it helps you; nothing if it fails.

Is It Just?

In the political conditions now existing which have disheartened many in the success of the principles of a republican form of government, we are surely reaping the barvest of the reasoning which enfranchised the non-taxpaying man, while the taxpaying woman remained disfranchised; which thrust the ballot unasked into the hands of the nergo just out of slavery, while the anthor of "Uncle Tom's Cabin'' pleaded for it in vain; which arged the Indians upon the lief. Western prairies to accept suffrage as a favor, while the opinions of mis-

sionaries and teachers who were tryinsane, and criminals on election day, which crowded with sovereignity many an Illiterate or ignorant alien from foreign lands, while denying representation to educated American women. Such inconsistency in the application of justice does not find is equal in all the world's history.

If you agree with the above, vote YES for Equal Suffrage Amendme 1, number 302, June 4th.
