NO EXCUSE FOR CATARRH

Worst Cases Quickly Cured by Breathing Hyomei - Guaranteed by Rotermond.

There is really not the slightest excuse for anyone having catarrh, now that Hyomei is so widely known and so easily obtained. The worst cases of catarrh are quickly cured, simply by breathing the remedy through the pocket inhaler that comes with every outfit.

Used in this way for a few minutes four times a day, every particle of air that reaches the nose, throat and lungs is laden with germ-killing and health-giving Hyomei.

The sale of the old-fashioned stomach remedy is for catarrh has been reduced to almost nothing since the introduction of Hyomei. Rotermond will tell you that his sales on this out-of-date line have fallen off at least two-thirds in the last few years, while the demand for Hyomei has increased as its curative powers became more widely known.

The complete outfit, consisting of a neat pocket inhaler, a medicine dropper, and a bottle of Hyomei costs only one dollar, while extra bottles can be obtained for 50 cents, making Hyomei the most economical, as well as the most reliable method for curing catarrh.

Rotermond positively guarantees a cure when Hyomei is used in accordance with directions, or he will refund the purchase price.

Has Stood the Test 25 Years. The old, original GROVES' Tasteless Chill Tonic. You know what you are taking. It is iron and quinine in a tasteless form. No cure, No pay.

W. C. T. U. COLUMN.

All matter for this column is supplied by the Grants Pass Woman's Christian Temperance Union.

Rejoice, my comrades, that prohibition in San Francisco is the real thing and according to Mayor Schmitz the present state of things will continue for some time regarding the saloon.

The Memorial service held in the Methodist Episcopal Church, May 27, was well attended, the building being filled to its utmost capacity. The sermon by the pastor of the church, Rev. C. O. Beckman, was a masterly effort, teeming with love and best wishes for the boys in blue. Among other dangers to our government he spoke of the bondage worse than slavery with which their sons and daughters must cope, and the dangers to our national life from the drink traffic.

Mary H. Hunt, founder of World's and National Superintendent of Scientific Temperance Instruction, has passed on to the larger life beyond. Hers was a beautiful life full of the ministry of love and helpfulness. She was a scientist and made a life long study of the work. Twenty-two million children now owe their knowledge of the effects of alcohol and narcotics on the human body to her devotion. Her reply to the committee of 50 defending this teaching was made a senate document.

Before another issue of the Courier the new officers for County and State will be chosen by the vote of the people. The question of the equal suffrage being extended to women, and the Liquor Dealer's Amendment (or rather repeal) of the local option law and other things will be settled for the time at least. As Ella Wheeler Wilcox says, "Nothing is ever settled until it is settled right," and we are wondering what the results will be. We hope, and confidently expect, that a large majority of the ballots cast on June 4th will say 302 X Yes.

We are sure that every true Christian will vote 305 X No, that every really patriotic citizen will vote 305 X No, that every voter who has at heart the best interests of home and native land will vote 305 X No. We have too much confidence in the manhood of our state to believe that they will submit to the greater dominance of the saloon power. We want to see good laws enforced and the local option law left as it stands upon the statute books of Oregon and as the citizens of the state have said by their votes that it should be. Why was this law enacted? Because the best element in this state wanted it so. Why are the liquor men promoting this amendment? Because they wish to know no law that interferes with their business, to be under no control. Are not their privileges great enough already? The form of ballot is misleading and deceptive as it claims to give prohibitionists and anti-prohibitionists equal privileges. What is fair about the temperance people being required to secure 90 per cent of the voter's names to a petition before this question can be submitted to the people. Only 8 per cent were required for their amendment, and that is the number needed to vote on an amendment under the initiative.

Is there anything unfair in the people being allowed to say whether they want saloons, and if they do not want them in their midst why should they not have an opportunity to vote them out? Other places know the benefits of prohibition and in our own state it has been tried in some places to the satisfaction of good people.

We wish the right to be victorious and it will be if the good people are thoroughly aroused to their duty, if those who do understand will manifest interest and see to it that those about them who do not understand are shown the fallacy of it.

Many are careless, have given it no thought, and do not realize what is at stake. The local option law was drafted by the temperance forces, the amendment by the liquor men. Our law was framed following the model of the Texas law and in that great state saloons have been banished from 141 counties. It is a grand law and the liquor dealers have spent thousands of dollars to defeat it. The churches, the Anti-Saloon League, the W. C. T. U. and all good people in general wish it retained, and not made powerless by amendment. The Advocate says, "The adoption of this amendment practically turns the state over to their (the saloons) control and gives the temperance forces, the wives, mothers and children, no hope for deliverance from this curse in this generation." But while we expect to win, the temperance army does not stop for one defeat or many, and will go on and fight it out on this line until the victory is won.
