COUNCIL ACTS ON IMPORTANT MATTERS

Water Company Asks for 50 Year
Franchise—Fast Bicycle
Riding Stopped.

Council met this Thursday evening with all the councilmen present but Councilman Williams. Mayor Good having removed from the city Councilman W. M. Hair, as president of the council, becomes acting mayor and he presided with ease and dignity indicating that it was no new duty to him to preside over a deliberative body.

Petition presented for opening alley from Pine street through Block 2, Miller's addition to Lund's woodyard. Petition granted on condition that city be deeded free of cost land for said alley to be 20 feet wide.

Saloon license granted to John B. Hyde.

Street Commissioner Gillfillan's report for May accepted.

Payment was made of \$25 for repairing band stand in Depot park.

Ordinance read first and second time and left to come up at next meeting to grant a new franchise to the G. P. N. W., L. & P. Co for a period of 50 years. The franchise provides that the company shall erect a pumping station and put in an intake from Rogue river to be located in Riverside addition at a point known as "White Rocks" and that a second reservoir shall be built adjoining the present one. New and larger mains are to be laid on all the business streets and a pressure of not less than 60 pounds be maintained and that a valve shall be placed in the main from the pumping plant to the reservoir so that a direct pressure can be had from the pumps in case of fire. The city to pay \$4 per month for fire hydrants and five cents per 1000 gallons for water for sewer flushing and street sprinkling. No provision was made as to what the rates to private consumers should be. The company is to have its monthly bills due from the city paid in cash and not by warrants as other expenses.

On motion of Councilman Hall the city attorney was ordered to revise the ordinance submitted by the company and insert a clause giving the city authority to order an inspection of the reservoirs whenever the council deemed this necessary and also to provide that the reservoirs be properly inclosed. Acting Mayor Hair had the further clause put in providing for forfeiture or penalties in case that the company shall fail to comply with its franchise.

An ordinance to restrict the speed of bicycles riders and to further limit their use of sidewalks was introduced and will be passed at the next meeting.

Ordinances were introduced providing for macadamizing Sixth Street from Rogue River to A street and F street from Gilbert creek to Seventh street. To bring the proposition before the citizens the council decided to hold a session on Wednesday evening, June 1, to meet with the property owners along these streets and consider means of providing for payment of the work.

A dozen or more of lateral sewers were authorized to be put in and the list of bills for current expenses were audited.

NEW RAILROAD OFFICIAL VISITS GRANTS PASS

Traveling Freight Agent Henshaw
Makes First Trip to Rogue
River Valley.

H. A. Henshaw the newly appointed traveling freight agent in Oregon of the Southern Pacific, Union Pacific, Oregon Short Line and the Oregon Railroad & Navigation Company, known as the Harriman Lines, was in Grants Pass Tuesday on his initial trip to Rogue River Valley. Mr. Henshaw succeeds H. E. Lounsbury, who has been promoted to the position of resident freight agent for Oregon with headquarters in Portland. Mr. Henshaw put in the day calling on business men and prominent shippers and he made a most favorable impression by his thorough knowledge of traffic conditions affecting Grants Pass and tributary territory and by his perfect sincerity in striving to bring the fullest co-operation between his company and the people of Rogue River Valley in the upbuilding of this section of Oregon. He is a courteous man and has every indication of being a sufficient hustler to meet the requirements of a modern railroad man. Mr. Henshaw was a Marion county boy and began railroad work at the age of 17 as a messenger. Afterward he became an operator and then a station agent and after serving for 14 years in various capacities he has attained by merited promotion to his present responsible and lucrative position.

WOMAN PRISON CHAPLAIN.

Ministers Regularly to the Hardened
Characters Confined in Lar-
amie (Wyo.) Jail.

The only woman in the world engaged as chaplain in a prison is Mrs. May Preston Slosson, of Wyoming, and she performs her duties with a zeal that is worthy of all praise. She is a regularly ordained minister of the Gospel and might be settled over a prosperous church, but she sees her duty lies among the convicts at Larameie and has chosen that as her field of effort, reports the Chicago Chronicle.

Mrs. Slosson received the first degree granted to a woman at Cornell university, where she worked for two years after she had received the master's degree at Hillsdale college, Michigan.

After graduating she accepted the professorship of Greek at Hastings college, Nebraska, and was married in 1891 to Prof. Edwin E. Slosson, professor of chemistry at the University of Wyoming in Larameie.

In Wyoming the prisoners of the state penitentiary were at one time kept without work on account of the opposition of the trades unions to their employment. Men deprived of the saving grace of work, no matter to what part of the community they belong, soon become thrown out of their balance. That happened to the prisoners, who got into a peculiarly morbid and unruly condition.

It was in that frame of mind that Mrs. Slosson conceived the idea which the authorities permitted her to put into practice. She arranged for a series of Sunday afternoon talks and experimental lectures by the professors of the university.

She herself gave two lectures before the convicts, and when the minister who was acting as the chaplain left the town the prisoners petitioned the governor to appoint her chaplain. He acceded to the request, and since July, 1899, she has filled the office not only to the satisfaction of the authorities, but, what is more important, to the satisfaction of those who are the enforced members of her congregation.

The prisoners number some 220 and consist for the most part of young men who have gone west from a spirit of adventure and have got into trouble either through drink or from "getting the brand on the wrong cattle," as cattle stealing is euphemistically referred to by the men themselves.

Blood Corpuscles at War.

The war between the white corpuscles of the blood and the microbes of disease was first described by the Russian pathologist, Metchnikoff. While devoting himself to the study of inflammations he in each case noted the presence of white cells in the blood currents in abnormal numbers. Inside these two cells he invariably found the specific microbe of the disease under consideration—it seemed that the big corpuscles were devouring the poisonous microbes. Sometimes the number taken up by a corpuscle was too great and it died as a result. If this over-coming of the white corpuscles by the microbes was general the patient died.—Medical Journal.

Strangers Now.

"I never wear the same dress twice," said the spinster who had more money than beauty.

"And is it true," queried the girl whose face was her fortune, "that you really have a different set of teeth for each day in the week?"—Chicago Daily News.

GRANTS PASS BEATS JACKSONVILLE TEAM

Fast Game Played and Heretofore
Champions of Southern
Oregon Done Up.

One of the most interesting games of baseball of the season was played last Sunday at the Grants Pass grounds between Jacksonville and A. A. C. vines and resulted in a rousing victory for the A. A. C. in a score of 3 to 0. The day was unusually disagreeable, but in spite of this fact the grandstand was packed with an enthusiastic crowd whose interest and approval in the game was evidenced by the continual cheers which burst forth throughout the game.

The way the boys played ball was certainly not slow—"something doing" every minute, and the game was played with a dash and spirit that did credit to both sides. The first score was made by Smith in the first inning and no other score was made until the seventh inning, when Hanks at the bat, sent the ball flying through the air and over the fence in a way that left nothing to be desired, and made a home run amid the cheers of the excited audience. Two scores were made in this run as J. Pernoll was on second base. Jacksonville never made a single score and this defeat was a sore trial for them as it is their first defeat of the season, but the American Athletic Club was clearly too much for them as was shown by the superior playing of our team.

The American Athletic Club has been most successful this season and have brought down to defeat three successive towns—Roseburg, Medford and Jacksonville and now hold the championship of Southern Oregon. They have a strong nine and their team work is exceptionally good. In addition to this they play a straight, clean game and give no cause for complaint in any way except the fact that they are too swift for the valley teams.

Saturday they will play Ashland at the grounds in West Grants Pass at 3 p. m.

Following is the line up:
A. A. C. Jacksonville
Pernoll p Wilcox
Smith c Thrasher
Schmidt, H. 1b Donegan, R
Faubion, H. 2b Numan
Schmidt, A. 3b Dunford
Carter ss Donegan, E
Faubion, S. rf Davidson
