LAUREL GROVE

J. E. Swinden and wife are sick.
Will Haberman made a trip to Grants Pass last Saturday.
Grain is heading out now and promises to make a good yield.
J. B. Lindsay has purchased a new cream separator and says bring on your creamery now.
Some hay cut and farmers are all ready to cut hay, if it ever quits raining, but when will that be?
Well, well, still everything is lively at Laurel Grove. Box socials and dances—Laurel Grove has 'em.
Things are quiet in our burg since election, some little change will be made and we hope for the better.
Miss Lena Lindsay returned home after an absence of four weeks working for Mrs. Rexford of Applegate.
Gifford Knox and Charles Ogleby were out from Grants Pass visiting their best girls last Saturday night and Sunday.
The social at Laurel Grove on last Saturday night was well attended and all report a jolly good time. They took in about \$27 for the school.
I will ask S. C. Scribner through the columns of the Courier that if he knows who I am, I would be pleased to meet him any time. S. C., please make yourself known to me. will you?
JUMBO.

An Alarming Situation

frequently results from neglect of clogged bowels and torpid liver, until constipation becomes chronic. This condition is unknown to those who use Dr. King's New Life Pills, the best and gentlest regulators of stomach and bowels. Guaranteed by all druggists. Price 25c.

DAVIDSON

Still it rains. We were told that it would cease raining after election, but it begins to sound a little like politics before the election.
James McFadden, who went to California last Fall to work for a mining company, returned home in time to cast his vote for Chamberlain.
W. H. Miller of Jacksonville with his wife and children are visiting relatives and friends at Davidson, and incidentally looking after business affairs.
Joe McFadden started for the Frozen North on the evening of the 4th inst. after casting his first vote. He will go to Nome and may remain there during next Winter.
L. C. Bayse, who held a position as foreman at the God Drift mine during the past year, has moved to Farris Gulch and will assist in working the Layton placer this Summer.
Mr. Tompson and H. B. Luce the miners will form a partnership to do some general prospecting in this locality. They are doing some work on the old Black Lode from which a number of pockets have been extracted.
Mr. and Miss E. J. Davidson and daughter, Miss Pearl, started on their way to Nome, Alaska, this week; they will stop off at Albany and Portland on the way to Seattle. We hope that their fortune may be speedily made and trust to the enticing charms of Southern Oregon for their return.
Why don't some of our old timers who foretold the hard Winter through the interpretation of swarms of yellow jackets, tell us why, or when it was that we were blessed with such a glorious rain fall as appears to be our lot to receive this Spring and Summer? Is it because the people of the Pacific Coast were so prompt in responding to the needs of the sufferers throughout the great calamity that befell San Francisco and other neighboring cities, that our crops are being watered from the clouds so as to increase them several fold for our generous efforts bestowed? If not, why not?
Death From Lockjaw
never follows an injury dressed with Bucklen's Arnica salve. Its antiseptic and healing properties prevent blood poisoning. Chas. Oswald, merchant, of Rensselaersville, N. Y., writes: "It cured Seth Borch, of this place, of the ugliest sore on his neck I ever saw." Cures Cuts, Wounds, Burns and sores. 25c at all drug stores.

LELAND

Sam Hudson has returned from the Pass.
The cool weather has been very unfavorable for rising little chickens.
A new arrival at George Chapin's home—it is a girl. G. W. is a proud daddy.
Prospectors are getting thick in this vicinity as this is a central location for miners.
T. J. Mackin keeps supplies for the miners as cheap as can be bought in Southern Oregon.
Everything is progressing in this vicinity. We have no sickness to report as fever is scarcely ever known.
A. A. Porter is building a new house in place of the one that was burned down recently. Mr. Penwell is one of the carpenters.
Election passed quietly. We see the county ticket is badly chopped up. We suppose it is the peoples' will. Wide Awake went and voted and did not have to have somebody make out his ticket.
Miss McArthur is the guest of Mrs. George Chapin. She is one of the Grants Pass young ladies, having graduated in Grants Pass school receiving the diploma and is now qualified for business.
Cloud juice in abundance. The sun will shine for a part of a day then we will have a shower, so one cannot cultivate or make hay. Cutting of the first hay crop has been postponed so long that to secure the usual amount of hay will make it late in the season. Vegetables are doing well and wheat never looked better.
WIDE AWAKE.
