J. A. Slover returned Monday from Marshfield where he went two months ago with a view of locating in that place and in going into the drug business, but he has concluded that Grants Pass suits him quite well enough. Marshfield is a good town, but Mr. Slover found every line of business overdone and the prospects of the place becoming a great city is not so certain as the enthusiastic boomers of that place would have people believe.

SOUTHERN OREGON PIANISTE WHO SHOWS MERIT

Another One of Grants Pass' Young Ladies Winning Encomiums.

Miss Marjorie Kinney arrived home Saturday evening from Portland, where she graduated the previous day with high honors from Portland Academy. Miss Kinney will continue her studies and she will leave this Fall for California where she will enter one of the colleges of that state.

Miss Kinney has achieved a high degree of success in her musical studies and shows marked natural aptitude on the piano.

Sunday's Oregonian gave a highly complimentary notice of Miss Kinney together with a picture of the young lady, the mention being as follows:

"Miss Marjorie Kinney, daughter of H. C. Kinney, of Grants Pass, who gave a recital last Wednesday evening in Aeolian Hall, is a pianist who is assured of a bright future. Her playing shows her to be possessed of abundant musical temperament and poetical conception, with the necessary technical equipment and strength for the achievement of a complete musical success. For novelties, Miss Kinney played the first movement of the Sonata, opus 5, by Richard Strauss, and the difficult concert study 'En Route' by Godard, and the exquisite 'Humoreske,' by Dvorak. In Liszt's 'Twelfth Rhapsodie' her octave development and clear passage work showed to great advantage. Miss Kinney had the able assistance of Miss Jessica E. Park, pupil of Mrs. Rose Bloch Bauer, who sang charmingly, especially Schumann's 'Ah No, I Cannot Believe it,' and the 'Kashmiri' song of Woodford-Finden. The accompaniments were well played by Mrs. C. J. McCracken. Miss Kinney is a member of the graduating class of Portland Academy and has studied piano with W. Gifford Nash for several years. Miss Kinney's father has done much for music in Southern Oregon. He is director of the Rogue River Valley Choral Union, and is a prominent business man at Grants Pass."

Returned for Another Year.

Rev. and Mrs. E. I. Harrington arrived home Saturday from a two weeks trip to the Willamette Valley. While away Rev. Harrington attended the annual conference for Oregon at Albany of the Free Methodists. Rev. Harrington having been pastor of the Free Methodist church in this city for the past two years it was expected that he would be transferred to another charge, but the members of his church here made such a strong request for his return that conference assigned him here for another year.

When Rev. Harrington took charge of the work in this city for his church the roll showed but seven members and they had no house of worship nor a pastor. In the two years of Rev. Harrington's pastoral work a commodious church building has been erected and a comfortable parsonage put up and the membership has more than quadrupled while the Sunday school has an attendance of about 80. The heavy financial obligations have all been met but a small debt which will be paid this year. With his church strong and in a prosperous condition Rev. Harrington hopes to have even a better growth in the year to come for his church. While away Rev. and Mrs. Harrington spent a week at Falls City in Polk county, with Rev. Harrington's parents, who reside there.

There will be a celebration at New Hope on the Applegate two miles below Murphy on the Fourth. A fine program is being arranged and a quiet enjoyable day will be had. The grove is one of the best on the Applegate and a fine spring will supply the only beverage allowed on the grounds.

County Commissioner-elect M. A. Wertz moved his sawmill from on Rogue river four miles west of the mouth of the Applegate to a body of timber on Brimstone gulch a mile from Leland. Mr. Wertz expects to have his mill running by next week. The mill has a capacity of 25,000 feet per day.

Claude A. Riddle broke several bones in his right hand at Madras last Sunday while playing baseball. He was catching behind the bat when the batter swung at the ball, the bat striking the back of Mr. Riddle's hand, fracturing several of the bones. Mr. Riddle was formerly in the employ of the Journal and for several months had charge of the Madras Pioneer.—Crook County Journal.

The annual meeting of the Rogue River Baptist Association convened in Medford Thursday and will be in session over Sunday. A program for the four days embracing topics of interest to the Baptists of Rogue River Valley has been arranged. Grants Pass is well represented in the list of talent, Rev. J. B. Travis, Rev. J. C. Austin and Roy Hackett each having a place on the program.

Don't be duped by transient optical grafters but patronize your home optician and get a square deal. Alfred Letcher, Jeweler, on Front street is the only one in Josephine county who has a registered certificate from the Board of Optometers of Oregon, a list of which can be seen at his store, so get your eyes tested and fitted properly by calling on him. Charges very reasonable.

A sample cluster of gooseberries has been left at the Courier office by N. C. Boynton that for size are hard to beat to be picked so early in the season as they were. There were five berries in the cluster and the smallest one measured three inches in circumference and the largest three and a quarter inches around. They were grown in this city on Mr. Boynton's premises and the bush had only the usual cultivation of berry bushes.

The various mine, milling and development companies in Josephine county are requested to send their names and the name of the manager to the post office for the Post office directory. A great many people in the eastern states address letters to certain mines and send them to Grants Pass. If the post office officials have the name on their list it can be sent to them. In this connection it would be well for those who forgot to fill out the blank places in their box on May 1st, to call and see about it.

A Douglas county farmer has found that it pays to raise heavy draft horses as the following from the Roseburg Review shows: "Victor Phipps sold today to a San Francisco horse buyer perhaps the largest team of horses in the county. The animals are half-brothers, one weighing 1675 pounds and the other 1685. The price received is \$450, and the buyer afterward remarked that had not one of the horses a blemish upon his foot he would have just as quickly paid \$600 for the team. On Thursday E. L. Rice had his fine team in town. One of these animals weighs 1540 pounds and the other 1545. He had a handsome offer for them. As we have often stated it pays to raise good stock."
