Only 42 Years Old.
"I am only 42 years old and don't expect again when I get to be 100 old to feel that way as I can get Klistro Bitters."

JACKSON COUNTY HAS 3 CREAMERIES

Josephine Has One and May Have Two More This Winter.

Jackson county is soon to have its third creamery in operation and the fourth one is being considered and will likely be built next Spring.

The dairy industry is one of the factors in the splendid prosperity that Jackson county is enjoying and when Josephine county stops importing from \$10,000 to \$20,000 worth of butter and cream each year and pays that money to home dairymen then will a big dent on the county's wealth be stopped and a most decided impetus given to its prosperity.

There is every likelihood that a creamery will be built in Grants Pass this Winter, as the various districts of which this city is the trading point are going quite extensively into the dairy business.

WHEN THE HORSE HAD THREE TOES

Then He Lost One and Became the Modern Animal That is Man's Best Servant

Great has been the advance from the three-toed horse of prehistoric times to the magnificent animal that carries us at a speed equal to the ordinary express train.

BARE SOIL LOSES ITS FERTILITY

Lack of Covering of Vegetation Causes the Humus to be Dissipated

Farmer's Review: In talking with an agricultural scientist the matter of the loss of soil humus came up. He lamented the fact that our farmers have so generally eliminated a large part of the humus from their soils without recognizing the process by which they were doing it.

Cure of Bright's Disease.

Mr. Robert O. Burke, Elkhart, N. Y., writes: "Before I started to use Foley's Kidney Cure I had to get up from 12 to 16 times a night, and I was all bloated up with dropsy and my eyesight was so impaired I could scarcely see one of my family across the room. I had given up hope of living, when a friend recommended Foley's Kidney Cure. One 50 cent bottle worked wonders and before I had taken the third bottle the dropsy had gone, as well as all other symptoms of Bright's disease." For sale by H. A. Rotermund.
