GREENBACK

Mr. Farley of Grave is in Green-
back today.

Mrs. Hoxie of Golden visited this
place today.

Enoch Irwin of Martha visited this
place Sunday evening.

The weather still continues warm
in this neck of timber.

Miss Clara Bennett of Placer visited
the boarding house Sunday.

C. R. Stewart and H. A. Stebinger
of Greenback made Wolf Creek a visit
last Sunday.

It is rumored that Charles Carville
of Placer came near being drowned a
few days ago.

Oscar Johns of Glendale visited
Greenback Saturday evening and
Sunday morning.

Masters Albert and Wesley Irwin of
Placer made Everett Dutton of this
place a visit Sunday.

We see that "Farmers" has given
"Wideawake" quite a dig. Wonder
what it is all about?

John Browning and friends, from
Placer, who had been hunting, visited
Greenback on their way home.

Mr. and Mrs. Moody of Grants Pass
moved here last week. Mr. Moody
is an employee of the Martha mine.

Frank Harrington of this place left
for the mountains for a much needed
vacation which we hope he will en-
joy.

W. O. Benjamin, one of the stamp
mill employees, burned his hand on an
electric belt but it is not a serious
burn.

Miss Alice Scharingson, Miss Eva
Slover, Mr. Tate and Mr. Nierne of
the Martha visited Mr. and Mrs. Cal.
Clark of this place Sunday evening.

Mrs. W. H. Bassett and sister, Miss
Jeanita Greninger of this place left
for Ashland a few days ago where
they will visit friends and relatives
of that place.

The youthful stage driver of Leland
visited Greenback with his painted
polk-a-dot horse, one day last week.
Henry can drive any sort of horse; he
is a fine, young fellow.

One of the Greenback stamp mill
employees has been suffering severely
from a very sore hand, which has
kept him from work for the past
few days. We hope he will recover
rapidly.

Miss Ethel Dutton of Greenback
was going down the steps at the
boarding house one day last week
when she slipped and sprained her
ankle, which was fortunately not a
severe sprain.

We were all alarmed by the call of
fire this afternoon but going to in-
vestigate matters it was found that the
cable upon which the buckets run
from the Martha carrying ore to the
Greenback stamp mill, had slipped
off of the wheel, catching the electric
wires running beneath it, causing the
burning out of all the insulation. It
caused a great deal of excitement
but the damage was soon righted.
All of the mill men threw off their
hats, rolled up their sleeves and pre-
pared for business. All ran rapidly
up the stairs especially C. H. Dutton,
who it is said missed the first flight
entirely.

Mrs. Inman of this place who was
recently burned out has been feeling
real poorly. We extend our regrets
to her.

HONEY SUCKLE.

of Bear Grove, Ia., of all usefulness,

ing, which I would never have sur-
vived had I not taken Electric Bitters.
They also cured me of General
Debility." Sure cure for all Stomach,

New Telephone Manager.

Representatives of the Pacific
States Telephone & Telegraph Com-
pany have started a house to house
cavass among the farmers of this
county, offering an extremely low
rental rate for instruments to be used
in connection with the central offices
of the company throughout the
county. For 8 1/2 cents a month the
subscriber is given free switching
with all other subscribers connecting
with his central exchange. Under
this rate it would appear that no
rural resident need be without a tele-
phone and its attendant advantages,
especially as every assurance is given
of prompt and efficient service.

John B. Goodrich is in charge of
the cavass in this county and he
states that he may be seen at the cen-
tral office of the company in Grants
Pass, or will visit any community or
organization of farmers interested in
telephone matters.

DAVIDSON

We are still having some warm
weather.

Quite a number of the young people
from this vicinity are attending camp
meeting at Michigan City.

Haying is progressing nicely at
present and some of the farmers have
already got the second crop in the
stack.

W. B. York, Wood Jeter, L. W.
Carson and Jas. McFadden were
visitors from here to Grants Pass
Saturday.

We have no news at all this week as
everyone is busy with the hay and do
not take time to go anywhere so it
gives us no chance to talk about them.

GRAVE

A. L. Penwell was very sick last
week.

Lost, strayed or stolen—a bay horse
with a saddle on.

The dance at Leland last Saturday
was a grand success.

Miss Clorrah Light of Grave is
visiting friends in Grants Pass.

Mrs. Lydia Johnston made Grants
Pass a visit some time last week.

Mrs. Wilson's mother, Mrs. Stewart
of Oklahoma, is visiting her now.

Carl Stewart and Henry Phillips
made Grave a visit Sunday, July 23d.

Mr. and Mrs. Ches. Clark were
guests of Mr. and Mrs. Jos. Clark last
Sunday.

E. M. Light and Horatio Cushing
made Grants Pass a business trip one
day last week.

Geo. Light of Leland is helping his
father, E. M. Light, get his second
crop of hay baled.

Mr. and Mrs. H. L. Wilson have
leased their hotel at Wolf Creek and
have moved back to Leland.

John Browning has returned to
Placer where he will go to work for
the Columbia Mining Company.

Mrs. Mary E. Light and daughter
Adah, have returned from their trip
to Canyonville and Myrtle Creek.

The overland stage from Leland to
Placer, via Grave, has changed driv-
ers. The new driver is Geo. Jones.

The Grave "lion" has left. Some
people thought he was a wolf but from
his general appearance we couldn't
tell.

Mr. Porter is very busy now. He
has a crew of boys baling hay. Jas.
Duncan was baling hay and had very
bad luck as he broke his baler.

Seems as if the dress making estab-
lishment at Grave has changed
hands. The new proprietresses are
the Misses Ruby Penwell and Adah
Light.

Mr. and Mrs. Rogers and A. L.
Penwell of Grave made Leland a visit
last Sunday. Mr. Penwell is making
plans for the building of the new
hotel Mrs. Rogers intends having
built.

Miss Ruby Light who has been
visiting relatives at Grave and Leland
has gone to Portland to join a crowd
of friends and from there they are to
go on a trip to Salt Lake City, Utah.
We are all sorry to have her leave our
place.

It is not common in this day for
men to take 250 mile trips on horse-
back and is certainly noteworthy
when women accomplish it. Two
well mounted and attractive young
ladies of Holland, Josephine county,
Miss Grace Oswald and Miss Emma
Leonard, were in Ashland, Saturday,
en route from that mining
center to visit friends at Bly in the
Sprague River Valley of Klamath
county. They rode from Holland to
Wilderville, 30 miles, the first day,
and from Wilderville to Jacksonville,
40 miles the next, while the third
day they rested over night at Soda
Springs, above Ashland. They were
thoroughly enjoying their trip through
the mountain wilds and the interven-
ing valleys.—Ashland Tidings.

months, 75 cents.

LOVES STATION

Hello! Here we are again this
week to greet the opening of August.

Mrs. Griffith of Wilderville returned
to Pumpkin Center last Sunday. She
is stopping with Mrs. Lange.

Charley Welters and family are stop-
ping in Grants Pass a few days.
Hello Central! Give me No. 284—
Hello! Is that you Charley? Well,
bring us out some oranges please.

Elmer Hanscom, accompanied by
Misses Laura Lindsay and Amory
Lonigan were over to Selma as guests
of D. H. Hanscom on Monday even-
ing.

Miss Pearl Kouns and sister who
have been visiting their sister,
Mrs. Lange for some time, recently
took their departure for their home at
Hills, Cal.

Will Sargent and wife of this place
are staying at the residence of Will's
brother-in-law, Ernest Lindley, of
Deer Creek, who has been very ill
for some time with typhoid fever.

Marion Sargent, after spending the
winter and a cool summer at Cres-
cent City, returned to this vicinity
recently to take his brother Will's place
at the mill and to visit friends and
relatives. Marion thinks the atmos-
phere up here some different from
Crescent City. He soon raised a
sweat up here.

Mr. Cornwall, of Althouse, was
taken suddenly ill and was unable to
drive his team farther than Selma
last Friday. The team was driven on
to Swede Basin by W. S. Lonigan of
Selma. He was accompanied from
Love's Station by his daughter, who
arrived from New York last Thurs-
day.

Mr. and Mrs. Curtis, cousins of
Will and Clarence Taylor and Mr. and
Mrs. C. C. Taylor, landed safely at
home Sunday evening, from Breigh-
tenbush Springs where they had been
spending the last three weeks. Mrs.
Taylor returned very much improved
in health. Monday morning Mr. and
Mrs. Taylor and Mr. and Mrs. Curtis
left for Crescent City to spend a
week.

WILDERVILLE

C. F. Lovelace and crew are put-
ting in a bridge across Slate Creek
this week.

Charles Oglesbie got his thumb nail
torn off in the gearing of his bicycle
a few days ago.

Mrs. Spaulding of Swede Basin, is
visiting this week with her daugh-
ter, Mrs. Akers.

J. B. Robinson was on the sick list
a few days last week but is now well
and is at work again.

Conference met at the church Tues-
day of this week with Dr. M. C.
Wire, the presiding elder, in charge.

Mr. and Mrs. Durand and two little
children of Stockton, Cal., are visit-
ing at Mr. and Mrs. Akers. Mrs.
Durand and Mrs. Akers are sisters.

John Lewis and Leo Sams cut a bee
tree a few days ago getting 60 or 70
pounds of honey but they had quite a
scrap with the bees getting stung
several times, giving the men's jaws
the appearance of having the mumps.

Sunday as Mr. and Mrs. Akers were
going home from church the neekyoke
gave way while the team was going
down hill and they came near having
a runaway. After giving the occu-
pants quite a scare the team was
finally checked.

The Williams Bros. are doing a
rushing business with their saw mill,
with 12 wagons hauling lumber to
Grants Pass. UNCLE FULLER.

The Gold Hill News says that on
Sunday of this week E. G. Perham
and Ned Potter made a trip from the
mouth of Elk creek to the Condor
Water & Power Co.'s dam at Gold
Ray by boat—covering the entire dis-
tance in about six hours. While this
is not the first time such a thing has
been done yet it is the fastest time
that has been made on the trip and
they are the first to go over the Jack-
son Rapid without the use of a line.
The trip was made in the interest of
Dr. C. R. Ray to ascertain the possi-
bility of driving logs down the river.
