Ice water on draught in 6-  
gallon cooler on inside and drawn  
through wall with faucet. Call  
when passing and dry.

**G. B. Burhaus Testifies After Four Years.**

G. B. Burhaus, of Carlisle Center,  
N. Y., writes: "About four years  
ago I wrote you stating that I had  
been entirely cured of a severe kidney  
trouble by taking less than two bottles  
of Foley's Kidney Cure. It entirely  
stopped the brick dust sediment, and  
pain and symptoms of kidney disease  
disappeared. I am glad to say that  
have never had a return of any of  
those symptoms during the four years  
that have elapsed and I am evidently  
cured to stay cured and heartily re-  
commend Foley's Kidney Cure to any  
one suffering from kidney or bladder  
trouble." For sale by H. A. Rotermund.

**UNPAINTED OUTHOUSES  
EASILY MADE LOOK NEAT**

**Formula Which the Government  
Uses to Make Buildings  
Look Clean.**

Unpainted and unsightly outhouses,  
fences, etc., give an otherwise attrac-  
tive farm a most forlorn and discourag-  
ing appearance. A paint made by the  
formula used by the government in  
making the paint used on light houses,  
barracks, buildings, etc., can be made  
very cheaply and by any person and it  
can be applied by a brush, broom or  
a pump. All the exposition buildings  
are painted with this mixture and it  
can readily be made of any color de-  
sired. During the dry season is the  
proper time to apply it for then the  
pores of the wood are open and the  
paint thoroughly fills all interstices  
and gets set before the rains come.  
There are many buildings, fences, etc.,  
in Josephine county that would be  
both improved in appearance and  
preserved from the effects of the  
weather were they coated with this  
paint.

The following is the formula for  
making this government paint and  
farmers and others should cut it out  
and paste the clipping where it can  
readily be found and then the first  
spare time they have make up a quan-  
tity of the paint and then brighten up  
their premises:

Half a bushel unslacked lime, slack  
with warm water, cover it during the  
process to keep in the steam; strain the  
liquid through a fine sieve or strainer;  
add eight quarts of salt previously  
well dissolved in warm water, three  
pounds of ground rice boiled to a  
thick paste and stir in boiling hot;  
half pound of Spanish whiting and a  
pound of glue which has been pre-  
viously dissolved over a slow fire,  
and add five gallons of hot water to  
the mixture, stir well and let stand  
for a few days covered up from the  
dirt. It should be put on hot. One  
pint of the mixture will cover a  
square yard if properly applied.  
Small brushes are best. There is  
nothing that can compare with it for  
outside or inside work, and it retains  
its brilliancy for many years. Color-  
ing matter may be put in and made of  
any shade, Spanish brown, yellow  
ochre or common clay.

**SHOULD PAY MORE  
HEED TO FARMERS**

**Founders of Agricultural College  
Intended School Make In-  
telligent Tillers of Soil.**

There is a feeling through the state  
of Oregon that the Agricultural Col-  
lege should be developed more along  
the line of the original intention. The  
colleges of letters and arts are  
very well, but the experiment farm  
and agricultural subjects should re-  
ceive the greater attention. Dr.  
Withycombe and his staff have been  
doing the best in their power, with  
means at hand but have been handi-  
capped because the agricultural end  
of the institution has been made the  
side issue instead of the main.

To this view the O. A. C. needs im-  
provements on the farm, a new dairy  
barn, improved apparatus and better  
specimens of improved cattle quite as  
much as new dormitories or assembly  
halls or the like. With the needs of  
the dairy industry, the work of the  
Agricultural College is of practical  
worth. There is every reason why  
the agricultural districts should be  
closer to the college. Acquaintance  
has come through the work of the in-  
stitutes.

Dr. Withycombe's valuable work in  
the way of forage plants has done  
much for agricultural Oregon. Through  
correspondence information of  
value along any line of farm busi-  
ness is available. That the main idea  
of the Agricultural College may not  
be subordinated to something else  
should be the aim of its management.

**In Self Defense**  
Major Hamm, editor and manager  
of the Constitutionalist, Eminence,  
Ky., when he was fiercely attacked  
four years ago, by Piles, bought a box  
of Bucklen's Arniea Sale, of which  
he says: "It cured me in 10 days  
and no trouble since." Quickest  
healer of Burns, sores, cuts and  
wounds. 25c at all druggists.

The railroad surveyors, who have  
been at work near the Mountain ranch  
in Curry county, stopped at the Bay  
Hotel Friday night on their way to  
Southern Humboldt, to which place  
they were hastily and unexpectedly  
called on account of pressing needs  
in that section of the country.—Cres-  
cent City News.

The Courier has the largest corps of  
correspondents of any paper in South-  
-ern Oregon.

**EPITAPHS TELL STORY  
OF MANY WHO DIED**

**Thoughts Gathered on a Ramble  
Through the Cith of  
the Dead.**

The following tribute to the mem-  
ory of those who pass to the beyond  
through their fool acts is being passed  
around by the press:

"Take a walk through any of the  
cemeteries throughout the country  
and you will believe with us that  
fools are slowly but surely passing  
away, says an exchange. With silent  
tread you pass the last resting place  
of the individual who blew into an  
empty gun. The modest tombstone of  
the girl who lighted the fire with  
kerosene and the grass covered mound  
that covers the mortal remains of the  
boy who took the mole by the tail is  
near by. The tall monument is for  
the man who jumped off the cars to  
save a 10 rod walk. Side by side lie  
the remains of the intellectual idiot  
that rode nine miles in 10 minutes  
and the ethereal creature who always  
kept her corset laced to the last hole.  
Here reposes the young doctor who  
took a dose of his own medicine, and  
the old fool who married a young  
wife. Over yonder in the northwest  
corner where the gentle breezes sigh  
over the weeping willow lies the fel-  
low who told his mother-in-law she  
lied. Near by his grave, reposes the  
moudering dust of the editor who  
starved to death trying to run a first-  
class paper in a second-class town.  
Further on lies the boy who went  
swimming too early in the season, and  
the lady who kept strychnine and  
baking powder side by side in the  
cupboard. And that unmarked, weed-  
grown grave in the dark, damp, dis-  
mal corner, by itself, is the dreary  
resting place of the deader of them  
all—the man who didn't advertise."

**IMP OF INDIGESTION.**

**How to Get the Better of This  
Cause of Misery.**

A scientific writer upon stomach  
troubles says: "If you have ever  
suffered from indigestion—and who  
has not?—your imagination has  
probably pictured a ferocious little  
imp dancing in the pit of your  
stomach, causing that organ to neglect  
all of its duties, with a result that is  
not only painful, but fills you with  
misery from day to day." This  
writer certainly had suffered with in-  
digestion, for there is no more dis-  
agreeable, nerve-racking and sick-  
-all-over disease than indigestion.

A great many people who have been  
troubled for years for diseases of the  
heart, liver or kidneys, when they  
used Mionca stomach tablets found  
that not only did Mionca cure the  
stomach disorder, but it made them  
well all over and the other troubles  
were also cured.

If you suffer with nervousness,  
sleeplessness, indigestion, sick or  
nervous headache, pains in the back or  
sides, get a 50c box of Mionca from  
Rotermund and take one of the little  
tablets before each meal. It will do  
you a world of good and you will  
soon be well and free from indigestion,  
and its symptoms. Rotermund  
has so much faith in this medicine  
that he gives an absolute guarantee  
with every box. Ask him to show  
you this guarantee.

**New Rate on Hops.**

Effective August 25, the rate on  
hops from Pacific coast terminals and  
intermediate points to Eastern com-  
mon points will be reduced to \$1.50  
for 100 pounds carloads, minimum  
weight, space loading capacity of car,  
but not less than 20,000 pounds; and  
on the above date all arrangements for  
free storage and free in transit ser-  
vice heretofore furnished by this com-  
pany will be canceled.

Owing to lack of private storage  
facilities at hop-shipping points on  
the Southern Pacific Company's lines  
in Oregon, we will continue to store  
hops in company warehouses, for  
which our usual charge of 5 cents a  
bale a month will be made from the  
date hops are placed in storage.

In the past the company has pro-  
vided storage for hops at points along  
the line for a period of 90 days free  
of charge and likewise without cost  
at Portland when consignments were  
in transit; but it is stated that facili-  
ties are such that this cannot be con-  
tinued. Another point made is that  
in cases where hop men are shipping  
a carload they must load the hops  
themselves into the cars. The rail-  
road officials estimate the Willamette  
Valley pick this season will yield from  
110,000 to 115,000 bales.

**A Guaranteed Cure for Piles.**

Itching, Blind, Bleeding, Protrud-  
ing Piles. Druggists are authorized  
to refund money if PAZO OINT-  
MENT fails to cure in 6 to 14 days.  
50 cents.

**DAIRY INDUSTRY WILL  
RECEIVE BIG IMPETUS**

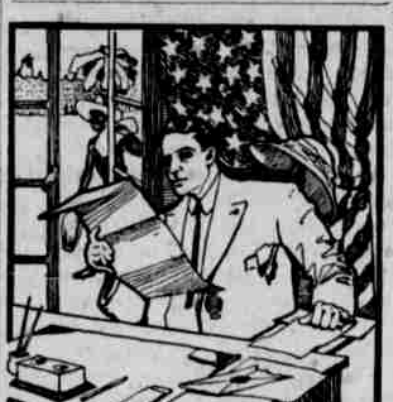

**Low Price of Hay Now Prevailing  
Apt to Turn Attention of  
Farmers Dairyward.**

The dairy industry promises to re-  
ceive a big impetus this Fall in Ore-  
gon by the unusual low prices of hay  
that is now prevailing all over the  
state. With hay now only bringing  
\$6 to \$8 a ton on the farm in Rogue  
River Valley and butter readily sell-  
ing for 50 cents a roll it is far more  
profitable to feed the hay to cows than  
it is to haul it to town. And he who  
hauls hay off his farm is steadily  
impoverishing his land, even alfalfa  
land eventually losing its fertility, but  
feeding it on the place he will make  
his land richer. There will be a  
larger demand next Spring than ever  
before in this county for cream as it  
is certain that a creamery will be  
built this Winter in Grants Pass and  
there is also a likelihood of one being  
put in at Provolet. Then farmers  
will find it more profitable to haul  
cream to town than hay.

Of the big crop and present low  
prices of hay in the Willamette Valley  
the Rural Spirit of Portland has  
the following to say:

"Perhaps the Willamette Valley never  
harvested so big a crop of hay as it has  
just finished taking care of. The bulk  
of this hay is red clover and vetch  
and of high feeding value not only for  
dairy purposes but for growing and  
fattening stock of all kinds common  
to our valley farms, and for farmers to  
sell good vetch hay for \$1 a load, as  
word comes that they are doing in  
places up the valley, seems like poor  
business policy. There is no kind of  
stock that will not make a man money  
eating good vetch hay at that price  
and with plenty of good stock to be  
had at reasonable prices it seems  
strange that any sane man would sell  
hay so cheap. The absolute necessity  
of raising a little cash for immediate  
use is the only excuse we can imagine  
for doing so and if a man has any  
credit at his local bank he had better  
pay a little interest than fool his crop  
away in this manner."

ther particulars if you will call at the College.

**NEW CONSUL AT HARBIN**

Fred D. Fisher, an average boy, in  
Apprentice.

Fred D. Fisher, the newly appointed  
Consul at Harbin, Manchuria, is an Ore-  
gonian and was born in Grants Pass, Ore-  
gon. He has a record of 17 years in the  
United States Army, where he was  
commissioned as a Major in 1890. After  
his discharge he worked for a few years  
in the mercantile business in the Pacific  
States, and then came to Harbin, Man-  
churia, in 1897, where he was appointed  
Consul in 1902. He is a graduate of the  
Holmes Business College, and is a member  
of the United States Army and Navy.  
He is a man of high character and  
ability, and is well qualified for the  
position of Consul.

☞ Mr. ——— took a course in shorthand, was  
employed by the O. R. & N. Co., went to  
China, and now occupies the high position of  
Consul at Harbin, won by sheer merit.

☞ Mr. ——— took bookkeeping and stenography  
at the Holmes Business College, was engaged  
with a Portland machinery house for a few  
years, and now enjoys a lucrative position with  
the U. S. Government in the Philippines.

☞ Mr. ——— took a course at the Holmes Busi-  
ness College, went to Japan and founded an  
extremely successful business of his own. This  
man's success is the result solely of technical and  
practical training which enabled him to grasp  
opportunities and mould them to his purpose.

☞ Write for free folder. It tells all about the  
Holmes Business College, the courses of study,  
tuition, etc. It is a folder you will keep be-  
cause it is a worth while.

Treasurer of Josephine County, Ore.

**NOW IS THE TIME.**

**Summer Is Best Season to Cure  
Catarrh—Hyomei Sold Un-  
der Guarantee.**

Summer is the best time in the  
whole year for the treatment of  
catarrhal troubles, and Rotermund  
urges every reader of the Courier to  
use Hyomei now and be permanently  
cured.

Unlike the ordinary treatment for  
catarrh, there is no stomach dosing  
when using Hyomei. The remedy is  
breathed through a neat pocket in-  
haler that comes in every outfit, and  
its balsamic healing air penetrates to  
the most remote parts of the nose,  
throat and lungs, searches out and  
kills the catarrh germs, in all parts of  
the respiratory organs and soothes and  
beals any irritation there may be in  
the mucous membrane.

Hyomei is not alone the only natural  
treatment for catarrh, but it is the  
only one sold under an absolute guar-  
antee to refund the money unless it  
gives satisfaction. It kills all disease  
germs and restores the mucous mem-  
brane of the throat, nose and lungs to  
perfectly healthy condition.

The complete Hyomei outfit costs  
but \$1. extra bottles, 50c. Rotermund  
sells Hyomei under an absolute  
guarantee to refund the money if it  
does not give satisfaction. You run  
no risk at all in buying this guaran-  
teed remedy.

Your clothes called for and delivered  
and all flatwork that goes through  
the mangle washer, ironed at 25c per  
dozen. Grants Pass Steam Laundry.  
Phone 373.

**Was Wasting Away.**

"I had been troubled with kidney  
disease for the last five years," writes  
Robert B. Watts, of Salem, Mo. "I  
lost flesh and never felt well and  
doctored with leading physicians and  
tried all remedies suggested without  
relief. Finally I tried Foley's Kid-  
ney Cure and less than two bottles  
completely cured me and I am now  
sound and well." During the Sum-  
mer kidney irregularities are often  
caused by excessive drinking or being  
overheated. Attend to the kidneys at  
once by using Foley's Kidney Cure.  
For sale by H. A. Rotermund.
