

DAVIDSON

The weather still stays hot and smoky.

Mrs. J. W. York and son Chester paid your city a visit Saturday.

John Bailey and Bertie Davidson paid Grants Pass a business visit Saturday.

Jas. J. McFadden, Willard Hannum and L. W. Carson were visitors from here to Grants Pass Tuesday.

Miss Elsie McFadden, who has been visiting in Grants Pass this week, returned to her home Saturday.

W. B. York took some more cattle to Grayback Thursday. He has most all of his cattle on the range now.

Mr. Retalic, who has been sick for the last year and who has been staying at the hospital, is not improving very fast.

The hot weather is making the alfalfa grow fine at the present and the prospects for a good third crop are favorable with the abundant supply of water that we have.

Jacob Slagle, who has the Ruch ranch rented, is busy hauling hay this week and is still killing a few rattle snakes. He reports having killed another large one this week.

W. S. Bailey returned from Wilderville Thursday where he has been on business connected with the Sheehan estate, as he is one of the appraisers. Mrs. Bailey accompanied him.

Marshall Wagner, who has been visiting at the home of Mr. Hannum's this week, left for Selma Monday where he goes to work for the interests of the Modern Woodmen of America.

Thomas Peterson, formerly of this place but now a fireman on the S. P. R. R., was seen on the busy streets of Davidson Saturday. He has just returned from a vacation at Sacramento.

J. H. Tompkins reports having seen a large elk near his famous "Glen Alta" farm Wednesday. He was working in his garden when he heard a crashing in the brush and just got out of the way in time to keep from being run over by him. That is the first elk reported being seen in this vicinity for several years.

There is some talk of trying to get a R. F. D. mail route up this side of the river and up to the Applegate bridge and down the other side by Laurel Grove. It would be a fine thing as most all of our mail is on

day late. If we get that route and the telephone system that is being talked of it will not be long before we can start a little daily paper called the "Davidson News." **MONTY.**

Believe in Spraying.

County Fruit Inspector Ingram returned Saturday from a business trip to the White Salmon neighborhood. In an interview Mr. Ingram states that the White Salmon fruit raisers are loud in their praises of the arsenate of lead spray. Their returns from their worst orchards, so far, is about 95 per cent clean fruit. Everybody is spraying this week for the second crop of codlin moth. They, to a man, are dropping everything else to do their spraying on time and count on big returns this year. A great many say that they would not go back into the old way and raise wormy fruit. They think that the satisfaction of just looking at their fine apples pays for all work and expense, and their fruit is all profit. The tomato crop is almost a failure. The first crop of blossoms were blighted with cold and the third blossoms were blighted with heat. So all that they can count upon is the second bloom.—Klickitat Agriculturist.

In Self Defense

Major Hamm, editor and manager of the Constitutional, Eminence, Ky., when he was fiercely attacked four years ago, by Piles, bought a box of Bucklen's Arnica Sale, of which he says: "It cured me in 10 days and no trouble since." Quickest healer of Burns, sores, cuts and wounds. 25c at all druggists.

NOW IS THE TIME.

Summer is Best Season to Cure Catarrh—Hyomei Sold Under Guarantee.

Summer is the best time in the whole year for the treatment of catarrhal troubles, and Rotermund urges every reader of the Courier to use Hyomei now and be permanently cured.

Unlike the ordinary treatment for catarrh, there is no stomach dosing when using Hyomei. The remedy is breathed through a neat pocket inhaler that comes in every outfit, and its balsamic healing air penetrates to the most remote parts of the nose, throat and lungs, searches out and kills the catarrh germs, in all parts of the respiratory organs and soothes and heals any irritation there may be in the mucous membrane.

Hyomei is not alone the only natural treatment for catarrh, but it is the only one sold under an absolute guarantee to refund the money unless it gives satisfaction. It kills all disease germs and restores the mucous membrane of the throat, nose and lungs to perfectly healthy condition.

The complete Hyomei outfit costs but \$1. extra bottles, 50c. Rotermund sells Hyomei under an absolute guarantee to refund the money if it does not give satisfaction. You run no risk at all in buying this guaranteed remedy.

Children in Pain

never cry as do children who are suffering from hunger. Such is the cause of all babies who cry and are treated for sickness, when they really are suffering from hunger. This is caused from their food not being assimilated but devoured by worms. A few doses of White's Cream Vermifuge will cause them to cease crying and begin to thrive at once. Get a trial. For sale by National Drug Co. and Rotermund.

Was in Poor Health for Years.

Ira W. Kelley, of Mansfield, Pa., writes: "I was in poor health for two years, suffering from kidney and bladder trouble, and spent considerable money consulting physicians without obtaining any marked benefit, but was cured by Foley's Kidney Cure, and I desire to add my testimony that it may be the cause of restoring the health of others." Refuse substitutes. For sale by H. A. Rotermund.

WOODVILLE

A goodly number of our citizens visited Grants Pass Saturday evening.

Miss Bertha Cox has returned to Ashland after spending a few days with Mrs. Schindler.

Master Robert and Miss Katie Tweed, of Ashland, spent last week with Woodville friends.

Roy Seaman, who was accidentally shot through the leg recently, is getting along nicely and no bad results are feared.

Dr. Loughridge was called last Sunday to prescribe for Mr. Ruhl, who is seriously ill. We hope to hear of his speedy recovery.

Mrs. M. J. Ames, a missionary, has returned to San Francisco after a pleasant visit with her sister, Mrs. C. W. Horton, of this place.

Miss Nellie Carter, who has been in poor health for sometime, has gone to Ashland for medical treatment and is the guest of her sister Mrs. F. M. Cates.

Fred Dodge and some friends came down from Ashland Monday and got E. F. Carter to take them for a week or ten days' hunt in the Battle Mountain country.

Mrs. M. E. Whipple has returned from an extended visit with relatives and old time friends in Trenton, Mich. She also visited at Cleveland, Ohio, and Helena, Mont., and reports an enjoyable time.

Sherman Estell, Oren Train and James Breeding are out for a short rest and recreation. They will stop at Pelican Bay and Crater Lake on their way to Klamath Falls where Mr. Breeding will remain for sometime, probably all winter.

Last Saturday about fifteen friends of Lucretia Horton were invited to help the young lady celebrate her seventh birthday anniversary. Many and various games were played, after which refreshments were served and the little folks came home having greatly enjoyed the afternoon.

Work on the foot bridge has been suspended for a time on account of Mr. Helms' absence in Portland, but we hope to see it finished soon.

The Woodvillians are making a great complaint about the dust, but so far, have devised no means of lessening it. A good rain is badly needed.

State Weather Summary.

The long spell of dry weather was broken by showers in the Willamette Valley on Sunday and Monday, which were heaviest in the neighborhood of the Blue Mountains. The rainfall in the Willamette Valley was very light, and barely sufficient to lay the dust. Forest fires increased during the week, and the atmosphere in the west and north portions of the State became very smoky. The rains were not heavy enough to extinguish the fires, but they cleared the atmosphere of smoke and made it harder for the fires to spread. The mornings in the coast counties, as a rule, were either cloudy or foggy, and the afternoons were clear. Elsewhere up to the beginning of the rains fair weather prevailed, with unusually high temperatures. Friday and Saturday were very warm days, and in the interior of the State the maximum temperature ranged between ninety and one hundred degrees. The prevailing winds were northwesterly.

SOUTHERN OREGON.

Grants Pass—Exceedingly warm weather continued until Sunday when it was cloudy and cool, continuing cloudy Monday. Fires have been prevalent enough to leave the atmosphere smoky, but no damaging fires exist near here. Crops all in fine condition and outlook for a big hop and fruit crop.

Kerby—The days were warm and the sky cloudless, while the nights were cool and pleasant. North winds prevailed.

Drian—Continued warm and dry weather prevailed during the week, the heat being the most intense on Friday and Saturday. It was also quite smoky on those days, indicating forest fires in the vicinity. On Sunday a change in the weather occurred, clouds coming up from the west, which cooled the air.

Roseburg—Dry and clear weather prevailed during the week. Temperatures were above the normal.

IMP OF INDIGESTION.

How to Get the Better of This Cause of Misery.

A scientific writer upon stomach troubles says: "If you have ever suffered from indigestion—and who has not?—your imagination has probably pictured a ferocious little imp dancing in the pit of your stomach, causing that organ to neglect all of its duties, with a result that is not only painful, but fills you with misery from day to day." This writer certainly had suffered with indigestion, for there is no more disagreeable, nerve-racking and sick-all-over disease than indigestion.

A great many people who have been treated for years for diseases of the heart, liver or kidneys, when they used Miona stomach tablets found that not only did Miona cure the stomach disorder, but it made them well all over and the other troubles were also cured.

If you suffer with nervousness, sleeplessness, indigestion, sick or nervous headache, pains in the back or sides, get a 50c box of Miona from Rotermund and take one of the little tablets before each meal. It will do you a world of good and you will soon be well and free from indigestion, and its symptoms. Rotermund has so much faith in this medicine that he gives an absolute guarantee with every box. Ask him to show you this guarantee.

The End of the World

of troubles that robbed E. H. Wolfe, of Bear Grove, Ia., of all usefulness, came when he began taking Electric Bitters.
