WILDERVILLE

We are having smoky weather the past week or so.

Mrs. H. D. Jones carries her left arm in a sling, the result of a fall.

Uncle Jimmy Hoxie went out on Williams creek for a few days visit.

Clarence McCollum started Wednesday of this week for Monmouth, Ore.

Eugene Sams has been laid off from his work on account of a mashed thumb.

Rev. George Clark preached an excellent sermon Sunday, the 26th, at 11 o'clock.

Delmer Bellus of California visited a short time with Mr. and Mrs. Frank Stevenson.

Rev. George Hoxie of Williams Creek, preached at the Wilderville church last Sunday at 3:30.

Mrs. H. D. Jones and granddaughter, Alice Lovelace, have gone up on Williams creek for a few days visit.

W. W. Gatts, the Free Methodist preacher for Wilderville and Murphy, passed through here Tuesday of this week on his way from Grants Pass to Murphy.

J. M. Hocking writes from Red Deer, Alta, Canada, near where he has a farm on which he settled when he left Wilderville, that he recently came near being killed by his team running away and knocking him down when the sickle bar of the mower passed over him cutting him so badly that the doctor had to take 15 stitches in his shoulder, arm hip, and foot. At the time he wrote he was recovering fast from his wounds and would be able to work in 10 days.

LAUREL GROVE

Still it is smoky, but a little bit cooler.

Messrs. Swinden and Payne are still below baling hay.

Several of our farmers are having the chills; too much irrigating.

Oscar Bunch, of Murphy has a good team on the coke haul at present.

Being away last week, made it impossible for us to send in our items.

Fred Wetherbee is assisting his cousin, H. T. Lay of Laurel Grove.

The Misses Ella and Stella Williams and brother, Amos are going to the hop yard.

Expect a good price for hops this year. They all report their hops as being in good shape.

Bear seem to be getting tame of late as J. J. Jones saw one in his field last Sunday, but brain got away.

We see hop pickers going by every day to the various yards throughout the valley. The hop men seem confident of a good price for hops this year.

Services were held at Laurel Grove last Sunday by the Rev. Mr. Starmer, of Williams and Rev. Mr. Gatts, of Murphy.

Word was received from Elmer Williams from Klamath Falls, where he is located, and he reports things lively out there.

We are sorry to learn of the passing away of Mr. Laug, of Davidson Friday last. He was an esteemed citizen and a good man.

Monty, of Davidson is working hard for a free rural delivery mail route on that side of the river and hope he will succeed for they need it.

Williams Bros. will soon close down their mill at this place for the season. They have about 700,000 feet of lumber in their yard now.

How about the deer law? Let us, one and all get out and kill those fine deer, due us. Quail are plentiful in our valley. Four and five large beves in a band.

We are still waiting for the phone line, but when will it be? Also let us talk less and get together and build a creamery. We have the cows and plenty of hay and plenty of help to milk the cows so let's have that creamery. Think of it, farmers and dairymen.

It seems strange that so many eastern people come to the famous Applegate Valley, if Wide Awake has such good opportunities for them. That shows where the land is. We welcome home seekers and are glad to show them courtesy. Come one, come all.

JUMBO.

PROVOLT

The big new barn of John Lewman, at Provolt will soon be completed and will be one of the best in the district.

The Fields Bros. went to Medford Friday to spend Saturday at the big united 4-Paw and Sells Bros. circus. They report having had a fine time.

O. R. Dorman and Frank Harrington of Placer, Ore., passed through Provolt Friday to the Tompson Creek Valley where they will extensively prospect for a few weeks in the Maid of the Mist district, one of the best mining districts in Jackson county, and where many mines are being developed into paying properties.

Don't forget the farmers institute at Provolt, September 4, which will be the second held at Provolt and everything goes to show that the farmers are taking an active part to make it one of the best held in Josephine county. All attend and learn some more about farming and dairy work which may never be a regret to the farmer. These institutes are very necessary through the farming regions of Oregon and its many counties to introduce new and thrifty ideas of farming to the unsuccessful farmers, who, when making a failure will try to better himself with other products which can often be raised with good success. Remember the place—at the church, Provolt, Ore.

Anyone coming up our valley can tell when a district is prospering by the way the farms in it appear, and by the amount of hay, fruits and other products that are gathered from it and by the buildings thereon. When at Provolt, look at the beautiful green fields of waving alfalfa and clover and the bending stalks of corn and the sparkling, rippling water running to and fro. And the strong and lofty farmers of the nation we must call to protect the soil from destruction. So now, let us join together as one great and mighty power and fight the pest rebellion which should have been conquered many years ago, but now the Corvallis Agricultural college with Dr. Whithycombe in command and Prof. Cordley, the pest destroyer, are marching through the land and the farmers should unite as one, and in the future we will conquer the pests.

LELAND

No sickness to report.

Allen Reed has sold his store and post office at Placer.

The writer at Golden wants to know where Leland's pretty girls are. In the suburbs of the town you will find plenty of good and handsome girls.

A large mining deal has been consummated on lower Grave creek with a big consideration. Other claims are being looked after by eastern men. Grave creek is to the front as a mining district.

T. J. Macken and partners have a ledge on Mt. Reuben that they have been working on and have tapped it at a good depth. The ledge is free milling ore. Gold can be seen all through the rock. The parties are well pleased with the proposition.

Our hotel is doing a rushing business. Had to employ more help and this is supposed to be a dull time of the year, but not here. When the democrats got in power a few years ago and made hard times, Leland went right along as though nothing had happened.

WIDE AWAKE.

Children in Pain

never cry as do children who are suffering from hunger. Such is the cause of all babies who cry and are treated for sickness, when they really are suffering from hunger. This is caused from their food not being assimilated but devoured by worms. A few doses of White's Cream Vermifuge will cause them to cease crying and begin to thrive at once. Get a trial. For sale by National Drug Co. and Rotermund.

Account Oregon State Fair at Salem, September 10th, to 15th inclusive, tickets will be on sale to all points at "one" and one-third fare for round trip on September 9th, 10th, 11th, 12th, 13th, 14th, and 15th, with a final return limit of September 16th. Children of half fare age, one-half of the above rate. Wm. McMURRAY, G. P. A. 8-10 6c

A meeting of the Department of Superintendence for the purpose of considering needed school legislation and such other questions as might be brought before it, is called to meet at Salem, Oregon, on October 5-6, 1906. County superintendents, city superintendents and principals are ex-officio members of the department and a good attendance is expected.

On the fourth Sunday of September there will be preaching at the Baptist church at 11 o'clock a. m. and at 7 o'clock p. m.
