DEMOCRATIC NATIONAL COMMITTEEMAN IS DENOUNCED AS CORPORATION TOOL.

Repudiates Indorsement for Presidency When Name Is Coupled With Sullivan's

Chicago, Sept. 5.—William J. Bryan, as the guest of the local Democracy, delivered yesterday within eight hours two addresses. His first speech which was made at a luncheon given in his honor by the members of the Iroquois Club, dealt entirely with the political issues and economic questions of the day. The second speech, which was made at a banquet given in his honor by the Jefferson Club, was devoted to National Committeeman Roger C. Sullivan of Illinois, whose resignation Mr. Bryan had demanded, but who was indorsed by the recent State convention, which also declared in favor of Bryan as the next Democratic nominee for President.

The banquet was a pretentious affair, attended by fully 600 prominent Democrats from Illinois and other portions of the middle west. Mr. Bryan was given a most enthusiastic greeting when he arose to speak. His address in chief was as follows:

"The honesty of a party's purpose is shown not merely by its platform or the speeches by its candidates and supporters, but by the character of the men who are entrusted with the party management.

"Illinois presents a case in point and I take this opportunity to state my position in regard to the national committeeman for this State—Mr. Roger Sullivan. As you all know, I wrote him a letter asking him to resign from the national committee in the interests of the Democratic party. I explained to him that his corporate connections made it impossible for him to help the party so long as he was in official position, but stated that were that the only objection to

matter might be dealt with at the State convention two years hence. I pointed out to him that as he held his seat by fraud there could be no harmony in the Democratic party in the State until he, by resigning, showed his respect for the wishes of the majority at the last State convention. Instead of resigning he asks for an indorsement from the State convention. He charged that I was deceived by Mr. Dunlap. The charge was so obviously untrue that it ought not to have deceived anyone.

"At the recent State convention the delegates, although they did not vote directly on the question to ask his resignation, voted to table the resolution and that may be accepted as a vote of indorsement. This gives him his position for two years more.

"The question now is, what can the Democracy of Illinois do to register its protest against the kind of politics for which Mr. Sullivan stands? This is the question in which I as a Democrat am interested, for the question which arises in Illinois will arise in all the other States where the corporations attempt to obtain control of the party organization."

Transport Sheridan Is a Total Loss.

Washington, Sept. 5.—A dispatch received at the office of the quartermaster general of the army confirms the report from Honolulu that the transport Sheridan practically will be a total loss. All the personal property has been removed from the troop ship and she is now waiting for the arrival of the wrecking apparatus from San Francisco, which will be used in an effort to save her engines, boilers and other moveable equipments.

Submarine Crater in Eruption.

Honolulu, Sept. 5.—An earthquake shock of exceptional violence was felt at Hilo Monday evening at 6:40 o'clock. Soon after the disturbance the beach was lined for miles with dead fish that apparently had been scalded to death.

This is a very unusual phenomenon in connection with earthquakes and it is regarded as showing conclusively that the disturbance was a submarine volcanic eruption and that it occurred within five miles of Hilo.

How to Counteract Too Much Salt.

When anything is accidentally made too salty it can be counteracted by adding a tablespoonful of vinegar and a tablespoonful of sugar.

JEWISH ORPHANS FREE

RUSSIAN JEWISH ORPHANS WHO WERE ORDERED DEPORTED ARE RELEASED.

New York, Sept. 5.—All but two of the thirty Jewish orphans who were ordered deported by the Ellis Island authorities were released from the immigration station under orders from the Department of Commerce and Labor.

The children arrived here on the steamer Amerika from Russia. The officers of the United Hebrew Charities at once appealed the case to Washington.

As soon as the order for the children's release was received Louis J. Cohen, Assistant Superintendent of the Hebrew Sheltering Guardian Society, went to Ellis Island and in an hour had the little ones in carriages which were waiting for them at the Battery. The youngsters were taken to the reception house at One Hundred and Forty-fifth street and Broadway, where they will probably remain for several days. Plans have already been made for their adoption by families in this city. The two children that are detained are afflicted with a scalp disease, but it is thought they will be released.

The little refugees were feted in the immigrant dining room in the administration building on Ellis Island. Their host was Henry Ralfe, commissary contractor of the station. The big room was decorated with flags and flowers and each of the orphans was given an American flag as a souvenir. Substantial food was first given the children, then ice cream was brought in. Several of the children stuck their fingers in it and then withdrew them quickly while looks of astonishment overspread their faces. They were told it was "all right" and would not hurt them. Then they felt to with a rush. They had never seen ice cream before, but most of them took several helpings. Each child was also given a two-pound box of candy by Mr. Ralfe.

SOMETIMES IT DOES!

A Hearty Meal Should Never Annoy or Distress.

A hearty meal should give a sense of gratification and comfort. It should never annoy or distress. If you have indigestion and discomfort after eating, it shows that your digestive organs are weakened and they cannot properly care for the food which has been swallowed. If you cannot eat and digest with pleasure and comfort three good square, hearty meals each day, you need to use Mi-o-na stomach tablets, and you should go to Rotermond for a box at once.

Mi-o-na is as unlike the ordinary peppin digestive tablet as the electric light is more valuable than a tallow dip. Mi-o-na cures indigestion or stomach trouble by strengthening and regulating the whole digestive system, thus enabling the organs to take care of the food you eat without any distress or discomfort.

Use Mi-o-na for a few days and the nervousness, sleeplessness, general debility and weakness, backache, loss of appetite, headache and other ills that are caused by indigestion will be banished and you will feel well all over.

Mi-o-na makes positive and lasting cures and is sold under an absolute guarantee that the money will be refunded unless the remedy cures. Ask Rotermond to show you the guarantee he gives with every 30c box of Mi-o-na.
