**CHICAGO IS A  
WICKED TOWN**

**BANKS THIRD IN CRIMINALITY  
IN THE WORLD, RUSSIA AND  
SICILY BEING WORSE.**

Total Arrests in American City Was  
66,844, as Compared to 5,274  
in Berlin, Germany.

Chicago, Oct. 3.—Chicago is the  
third most criminal community in the  
world. James Edgar Brown, a law-  
yer, who has just returned from  
abroad, where he has made an ex-  
haustive study of crime, made the  
assertion in an address to the Hamil-  
ton Club, and then submitted proofs.  
"There are only two places in the  
world where there is more crime than  
in Chicago in proportion to the popu-  
lation," said Mr. Brown. "One is  
that section of Russia populated  
densely by the Croats and Poles.  
The other is in the Sicilian bandit  
region."

Mr. Brown thought the prevalence  
of crime in this country was due to  
the influx of criminal foreigners,  
many of them from the section of  
Russia that he named, who did not  
commit crimes themselves after ar-  
riving in this country, but transmit-  
ted the thieving instinct to their  
children. Lack of police registration,  
compulsory education, a general lax-  
ity in public morals and a blunting  
of the sense of integrity, he gave as  
other reasons.

In Berlin last year there were only  
six cases of murder or manslaughter;  
in Chicago 187. Total arrests in Ber-  
lin for a year, 5,274; in Chicago,  
66,844.

**New Rules for Immigration to U. S.**  
St. Johns, N. B., Oct. 3.—The  
American Immigration inspectors  
here have received a new set of regu-  
lations governing the admission of  
persons to the United States. The  
rules are much more rigid than ever  
before enforced here. The Immigra-  
tion department of the United States  
has decided that an examination  
similar to the one for "first papers,"  
or the preliminary step toward natu-  
ralization, shall be made at the border.  
Hence under the new regulations all  
persons from Canada who intend re-  
siding in the States will be questioned  
at great length.

The financial requirements remain  
the same, but it is understood that  
certain amendments on both of these  
points will be made shortly.

**Peabody Will Resign if Defeated.**  
New York, Oct. 3.—President Pea-  
body of the Mutual Life Insurance  
Company yesterday told Colonel Bis-  
coe Hundman, manager at Louisville  
for the company, that if the admin-  
istration ticket failed of election by  
the policy holders, or if most of the  
administration candidates were de-  
feated, he would resign.

"I called Mr. Peabody's atten-  
tion," said the colonel, "to the re-  
port that Manager Edward O. But-  
ton of Springfield, Mass., had been  
told by him that a manager would be  
required to actively elector for the  
administration ticket without re-  
gard to personal views. Mr. Pea-  
body replied that that was an un-  
qualified mistake, and that no such  
requirement was or would be im-  
posed."

**Government by Telephone.**  
New York, Oct. 3.—For the first  
time in the history of telephones in  
New Jersey, the State is to be gov-  
erned by long-distance telephone  
from Blooming Grove, Pa., where  
Governor Stokes goes for the fall  
shooting.

Under the State Constitution, in  
the absence of the Governor the  
President of the Senate is sworn in  
as an executive, but Governor Stokes  
says he is going to be gone so short  
a time that this would not be neces-  
sary. He also said that while long-  
distance telephones are in existence  
he can be in touch with affairs in  
Trenton and in the State at any time.

**Cigarette Causes Loss of Circus.**  
Geneva, Ohio, Oct. 3.—Cummins'  
Wild West Show, owned by Walter L.  
Main, was destroyed by fire in winter  
quarters here today. One man, an  
employee, was burned to a crisp. All  
the animals except four elephants  
and two horses that were in the  
building were consumed by the  
flames. The loss will be about \$40,  
000, with no insurance. The fire is  
supposed to have started from a  
lighted cigarette.

**MURDER A SWEDISH CONSUL.**

Bandits in Caucasus End Life of Dip-  
lomats at Batum.  
Batum, Trans-Caucasia, Oct. 3.—M.  
Hager, the Swedish Vice-Consul here,  
was mortally wounded today while  
driving in a carriage on the outskirts  
of the city and died in the hospital  
to which he was conveyed. His mur-  
derers escaped. M. Hager, who was  
manager of the Nobel Naphtha  
Works, is the second consular of-  
ficer murdered during the last five  
months, the first victim being Wil-  
liam E. Stuart, the American Vice-  
Consul, who was shot and killed at  
his country place near here on May  
20th.

**No Decision Yet to Examine Thaw.**  
New York, Oct. 3.—Clifford W.  
Hartridge, counsel for Harry K.  
Thaw, declined today to say whether  
or not an application will be made to  
the courts for the appointment of a  
lunacy commission to examine Thaw.  
It was said at the Tombs prison  
today that Thaw will be examined by  
Dr. Charles G. Warner, the alienist,  
and that he has consented to submit  
to the examination.

**WOMAN ROASTS PLATT**

**MAE WOOD SAYS SHE IS HIS  
LAWFUL WIFE, AND DELIGHTS  
OVER SENATOR'S SCANDAL.**

Colon, Mich., Oct. 3.—Miss Mae E.  
Wood, who asserts that she is the  
lawful wife of Senator Thomas C.  
Platt, at her home here yesterday  
declared that she is glad there has  
been an expose of the Senator's mar-  
ried life, "which enlightens the pub-  
lic as to the real facts."

"Thomas C. Platt is reaping the  
reward of his old vicious career," she  
said. "I am his real wife, and I can  
prove it. He has recognized this  
other woman as his wife and has  
caused the world to recognize her as  
his wife. He is reaping a whirlwind  
and deserves no pity."

"Unfortunately, one cannot discuss  
a woman of Mrs. Janeway's ilk as  
frankly as the occasion demands. To  
speak of the style in which she was  
accustomed to live in the whirl of  
Washington society and elsewhere  
and the establishments over which  
she presided would be impossible in  
addressing respectable people thru  
the columns of the press, and yet  
these things ought to be told for the  
good of society. Her gilded net was  
spread for the Senator and he has  
become her victim completely. I can  
only be glad of any expose which en-  
lightens the public as to the real facts  
concerning the Senator and the Jane-  
way woman's relations with him. I  
feel sorry for Colonel Carmody or for  
any of those who have been victims  
of Platt and Mrs. Janeway. Any  
expose that will come will never half  
cover the situation."

**REFUSE TO QUIT HAZING.**

**Expulsion From College Will Follow  
Rejection of President's Pledge.**  
Chicago, Oct. 3.—Forty Lake For-  
est College students refused last  
night to sign a pledge submitted by  
the faculty not to indulge in hazing,  
and by the declaration of President  
Richard D. Harlan they will be ex-  
pelled from college. Sixty students,  
after a mass meeting, decided to ac-  
cept the manifesto of the professors.

President Harlan in chapel last  
Friday delivered an ultimatum to the  
students forbidding hazing. In order  
that the edict might be observed  
more generally, he asked the stu-  
dents to sign a pledge. This they re-  
fused flatly.

The forty students refusing to  
sign the faculty pledge bound them-  
selves into a collegiate union after  
the mass meeting and declared they  
would fight the professors to a finish.  
They say they will cause a "strike"  
and will bring out the sixty signers  
also.

**Ends Life While Fiancee Waits.**  
Goshen, Ind., Oct. 3.—Dr. Guy M.  
Brothers, a successful practitioner of  
New Paris and a graduate of the In-  
diana Medical College, committed  
suicide last evening about 9 o'clock  
by taking cocaine. He was addicted  
to the use of the drug.  
He left his fiancee, Miss Ora Davis,  
standing outside the house, telling  
her he would return in a few min-  
utes. He then went to his room, dis-  
robed and swallowed the fatal dose.  
She waited fifteen minutes and the  
doctor failing to return, started an  
investigation.

**Taft to Return in Two Weeks.**

the Secretary stating that he would  
probably remain Cuba not more than  
two weeks longer.

**MONOPOLY AFTER CALIFORNIA  
AND NEVADA LIGHT, WATER  
AND POWER PLANTS.**

Seek to Control the Situation in the  
North Central Portion of the  
State of California.

Reno, Nev., Oct. 3.—The Reno  
Light and Power Company has been  
sold to Eastern capitalists, and this,  
it is said here, is only a small part  
of a deal involving an immense mer-  
ger which will take in all the electric  
power, gas and water companies of  
the States of Nevada and California,  
and will include the control of the  
situation in and around San Fran-  
cisco and the north central part of  
California, the Sacramento Gas and  
Electric Company and all their nu-  
merous auxiliaries, extending from  
San Francisco to Reno.

The sale, according to good au-  
thority, will involve property worth  
several hundred million dollars and  
will include gas and electric plants,  
water systems, street car systems and  
interurban railways. A number of  
small independent companies are  
said to have been given options upon  
their properties, the purchasers  
wishing to obtain a complete mono-  
poly upon the electric lighting,  
power, gas, water and electric rail-  
way business in the two States.

The Fleischhackers and Charles W.  
Waller of the Truckee River General  
Electric Company, the Reno Power,  
Light and Water Company, the Ne-  
vada Transit Company, the Flori-  
dian Pulp and Paper Company and  
other allies corporations, have gone  
East to look after their interests in  
the immense deal which is well under  
way at this time.

One of the principal objects of the  
purchase is said to be control of the  
electric railway systems that are be-  
ing operated and projected in Cali-  
fornia.

**MOODY AND SHAW TO RESIGN.**

President Offered One of the Places  
to Metcalf, but it Was Declined.

Washington, Oct. 3.—Two retire-  
ments from the President's Cabinet  
are slated for the coming winter.  
They are those of Attorney-General  
Moody, whose resignation will be-  
come effective about the 1st of De-  
cember, and that of Secretary of the  
Treasury Shaw, who, according to  
present intentions, will retire in  
February. For one of the vacancies  
to be created the President will nom-  
inate George V. Meyer, American  
Ambassador to Russia, but for the  
other he is not yet ready to announce  
a successor.

Some suggestions have been made  
that Secretary Metcalf of the Depart-  
ment of Commerce and Labor take  
one of the positions to be made vac-  
ant in the proposed shifting of  
Cabinet offices, but he has ex-  
pressed a preference to remain where  
he is.

**The Sultan Has Not Long to Live.**

Constantinople, Oct. 3.—That the  
Sultan has very few months to live  
is shown by various unmistakable  
signs. Abdul Hamid is so weak that  
he has to be supported upright in his  
carriage on his weekly drive to the  
selamluk by his favorite son and one  
of his Ministers. After receiving the  
British and French Ambassadors re-  
cently, the Sultan had a long and  
alarming fainting fit.

The Sultan's entourage and ser-  
vants know how near death is. One  
significant symptom is the inactivity  
of the imperial corps of spies, the  
finest body of spies at any Eastern  
court. These men have now relaxed  
their vigilance because they expect  
that the men they are employed to  
watch will soon be in power. Pro-  
fessor Bergman and Dr. Bien are  
now in constant attendance at the  
Yildiz kiosk.

**Seeks Husband After Decade.**

St. Louis, Mo., Oct. 3.—After ten  
years Mrs. Charles P. Tam has start-  
ed an investigation to ascertain  
whether her husband is really dead,  
as has been supposed.  
Ten years ago Charles P. Tam was  
supposed to have been killed in the  
St. Louis cyclone, but his body was  
never recovered. Now his wife has  
become engaged to be married to  
another man and dares not proceed  
with the ceremony until she is cer-  
tain she is a widow.
