SUMMONS.

In the county court of the State of Oregon, for Josephine County.

John Hedges,
Plaintiff,
vs.
A. Richard,
Defendant.

To A. Richard, the above named defendant:

In the name of the State of Oregon you are hereby required to appear and answer the complaint filed against you in the above entitled court and cause within six weeks from the date of the first publication of this summons, which said date is October 5, 1906 to-wit: on or before the 16th day of November, 1906 and if you fail to do so to answer or otherwise plead, judgment against you for the sum of Fifty Dollars as specified in his complaint, and for his costs and disbursements in this action and will at the same time apply to said court for an order of sale of the real property herein attached to-wit: Lot six (6), in Block Fifty-five (55) original townsite of the town of Grants Pass, Josephine county, Oregon, and that the proceeds of said sale be applied in payment and satisfaction of said judgment.

This summons is published pursuant to an order of the Hon. Stephen Jewell, Judge of the county court of the State of Oregon, for Josephine county, made October 4, 1906, ordering said summons to be published in the Rogue River Courier for six successive weeks from date of the first publication hereof.

COMPLICATIONS MAY DEVELOP IN SALTON SEA, NOW COVERING 200 SQUARE MILES.

Washington, Oct. 10.—Who is responsible for the creation of the Salton Sea in Southern California, which already covers an area of 400 square miles and threatens to spread over 2,000 square miles if some means of diverting the Colorado river cannot be devised. Both the United States and Mexico are bending every effort to check the river which has been accidentally turned from its course through the efforts of the California Development Company to irrigate lands in Northern Mexico and Southern California.

Again and again, the Southern Pacific railroad has been compelled to move its tracks which ran through the Salton sink, and has been forced on to the foothills surrounding the great basin which is being converted into a sea. Several small towns are now beneath the waters which the Colorado has poured into the basin, and in many places only the tops of telegraph poles indicate where the roadbed formerly was.

In the lowest part of the sink, the water is now 70 feet deep. For a time the water from the Colorado raised the sea at the rate of six inches a day and it has been estimated that granting the failure of engineers to check the river in forty years, all the basin located beneath the main course of the Colorado will be covered with water.

A part of this basin is in Mexico, and a failure to control the river would give this country and Mexico a lake comparable to the great lakes separating the United States and Canada. At present the lake is greater than any body of water wholly within the United States except Salt Lake and Lake Michigan.

International complications have developed, growing out of the fact that existing treaties provide that the Colorado shall be maintained as a navigable stream, which is not now the case because it has been completely diverted from the Gulf of California into the great sink.

What Ails You?

Do you feel weak, tired, despondent, have frequent headaches, coated tongue, bitter or bad taste in morning, "heartburn," belching of gas, acid risings in throat after eating, stomach gnaw or burn, foul breath, dizzy spells, poor or variable appetite, nausea at times and kindred symptoms?

If you have any considerable number of the above symptoms you are suffering from biliousness, torpid liver with indigestion, and **Dr. Pierce's Golden Medical Discovery** is made up of the most valuable medicinal principles known to medical science for the permanent cure of such abnormal conditions. It is a most efficient liver invigorator, stomach tonic, bowel regulator and nerve strengthener.

The "Golden Medical Discovery" is not a patent medicine or secret nostrum, a full list of its ingredients being printed on its bottle-wrapper and attested under oath. A glance at its formula will show that it contains no alcohol, or harmful habit-forming drugs. It is a fluid extract made with pure, triple-refined glycerine, of proper strength, from the roots of the following native American forest plants, viz, Golden Seal root, Stone root, Black Cherrybark, Queen's root, Bloodroot, and Mandrake root.

The following leading medical authorities, among a host of others, extol the foregoing roots for the cure of just such ailments as the above symptoms indicate: Prof. R. Bartholow, M. D., of Jefferson Med. College, Phila.; Prof. H. C. Wood, M. D., of Univ. of Pa.; Prof. Edwin M. Hale, M. D., of Hahnemann Med. College, Chicago; Prof. John King, M. D., Author of American Dispensary; Prof. Jno. M. Souder, M. D., Author of Therapeutic Medicines; Prof. Laurence Johnson, M. D., Med. Dept. Univ. of N. Y.; Prof. Finley Ellingwood, M. D., Author of Materia Medica and Prof. in Bennett Medical College, Chicago. Send name and address on Postal Card to Dr. R. V. Pierce, Buffalo, N. Y., and receive free booklet giving extracts from writings of all the above medical authorities and many others endorsing in the strongest possible terms, each and every ingredient of which "Golden Medical Discovery" is composed.

Dr. Pierce's Pleasant Pellets regulate and invigorate stomach, liver and bowels. They may be used in conjunction with "Golden Medical Discovery" if bowels are much constipated. They're tiny and sugar-coated.

Child Is Enticed From Home.

Buffalo, N. Y., Oct. 10.—Susie Becker, 3 years old, the daughter of Fred Becker, is believed to be in the hands of kidnapers. Yesterday afternoon while Susie and her brother were on Main street, about a block from their home, the girl was approached by a woman who asked her to go for a walk. The child readily accompanied the woman, expecting the usual reward of candy. At supper time, when the parents discovered that Susie was missing, the police were notified. The only description the lad could give of the strange woman was that she was dressed in gray.

Consumptives Made Comfortable.

Foley's Honey and Tar, but we do not hold out false hopes to consumptives by claiming that it will cure this dread disease in the advanced stages; but if the lungs are not too far gone Foley's Honey and Tar will effect a cure, as it stops the racking cough and soothes the inflamed air passages giving them a chance to heal, and even in the advanced stages it always gives comfort and relief. A. A. Herren, of Finch, Ark., writes: "Foley's Honey and Tar is the best preparation for coughs and lung trouble. I know that it has cured consumption in the first stages." For sale by H. A. Rotermund.
