ROYAL BAKING POWDER CO., NEW YORK.

**British Ex-Secretary of War Dead.**  
London, Oct. 31.—Gathorne-Cathorne Hardie, first Earl of Cambrook, who was twice Secretary of War and President of the Council, died yesterday at Hempstead Park. He was born in 1814.

**The Original.**  
Foley & Co., Chicago, originated Honey and Tar as a throat and lung remedy, and on account of the great merit and popularity of Foley's Honey and Tar many imitations are offered for the genuine. Ask for Foley's Honey and Tar and refuse any substitute offered as no other preparation will give the same satisfaction. It is mildly laxative. It contains no opiates and is safest for children and delicate persons. For sale by H. A. Rotermund.

**Napoleon Bonaparte**  
showed, at the battle of Austerlitz, he was the greatest leader in the world. Ballard's Snow Liniment has shown the public it is the best Liniment in the world. A quick cure for Rheumatism, Sprains, Burns, Cuts, etc., A. C. Pitts, Redessa, La. says: "I use Ballard's Snow Liniment in my family and find it unexcelled for sore chest, headache, corns, in fact for anything that can be reached by a liniment." For sale by National Drug Co. and by Rotermund.

**A Badly Burned Girl**  
or boy, man or woman, is quickly out of pain if Bucklen's Arnica Salve is applied promptly. G. J. Welch, of Tekonsha, Mich., says: "I use it in my family for cuts, sores and all skin injuries, and find it perfect." Quickest Pile cure known. Best healing salve made. 25c at all drug stores.

## WATERMAN'S IDEAL FOUNTAIN PEN.

The pen with clip cap is the tool of trade to which buyer and salesman, clerk and employer point with pride, as a faithful business assistant. It is easy to fill, easy to clean, requires no repairing, can always be depended upon to write so long as there is a drop of ink left; never floods, never fails.

Will you have one?

### HARMFUL STOMACH DOSING

No Need of It When Hyomei is Used to Cure Catarrh.

Do not try to cure catarrh of the head by dosing the stomach. This is neither common sense nor scientific, as the less medicine one swallows the better. To cure catarrhal troubles, breathe the healing Hyomei and the medication will go right to the spot where the catarrhal germs are present, and free the system from all catarrhal poison. Rotermund has seen so many cures of catarrh made by Hyomei, some of them chronic cases that he gives an absolute guarantee of cure or money will be refunded with every outfit he sells. The complete Hyomei outfit costs but \$1, while extra bottles of Hyomei if needed are but 50 cents.

### MUST RESPECT THE PRESIDENT

**Captain of Steamer Spends One Hour in Jail for Disrespect.**  
Pittsburg, Pa., Oct. 31.—Judge Nathan Ewing in the United District Court yesterday sentenced Captain Henry H. Kraft of the steamer Bessie Smith to serve one hour in jail as a penalty for saying "To hell with the President of the United States." Captain Kraft entered the jail at 3 o'clock and an hour later was released. About a month ago United States Marshal Stone boarded Captain Kraft's boat to serve a legal paper, and the captain threatened to throw him overboard. The officer said he represented the President, and the captain, after making the remark noted, started toward the marshal who left hurriedly. The following day Marshal Stone made an information against Captain Kraft, charging him with obstructing a Federal officer. Captain Kraft was repentant and the extreme mercy of the court was shown him.

**Lepers Ask Aid for New Church.**  
Honolulu, T. H., Oct. 31.—The lepers at Kalaupapa have sent forth an appeal for financial assistance. They wish to build a new Catholic church. Their church was destroyed by fire last August, the fire originating from the censor. About \$10,000 will be required to rebuild the place of worship. When the disaster of last April overtook San Francisco the lepers immediately raised a relief fund and sent their contribution forward.

**Slayer of Six Persons Located.**  
San Jose, Cal., Oct. 31.—Sheriff Ross today received a letter from Deputy Sheriff C. W. Cooper of Cad County, Oklahoma, saying he is confident that James Dunham, who murdered six persons on the McGilney ranch, near Campbell, on the night of May 26, 1896, is living in that county, having gone there in 1897 and subsequently married.

**Gored to Death by a Bull.**  
New York, Oct. 30.—Mrs. Magda Lena A. Berger, wife of Ova Berger a farmer residing three miles from Port Jervis, in Pike County, Pa., was gored to death by a bull on her farm yesterday. She had gone for wood in a field in which the animal was grazing.

**Bank Robbers Executed.**  
St. Petersburg, Oct. 31.—Eight persons arrested here in connection with the robbery of \$188,826 by Cashier Hermans of the Customs House on October 27, were tried by court-martial and executed today.

Send the Courier to your friend, so he can learn the facts in regard to the famous Rogue River Valley.

## TAFT WILL GO TO PHILIPPINES

THE PHILIPPINE ISLANDS TO HAVE A SELF-GOVERNING PARLIAMENT.

Secretary of War Is to Go to Islands for Purpose of Superintending Formation of Government.

Washington, Oct. 31.—The President is preparing to redeem his promise to the Philippine people through Secretary Taft that they shall have a Parliament of their own, conditioned upon their good behavior for a term of two years, and it is understood that Secretary Taft himself will proceed to the Philippines next spring to witness the installation of the new form of representative government. March 27, 1905, the Philippine census was published and consequently two years from that date—March 27, 1907—under the terms of the act of Congress, the President will direct the Philippine Commission to call a general election for the choice of delegates to what will be known as the Philippine Assembly. This body is to take over all legislative powers heretofore exercised by the Philippine Commission in all parts of the archipelago not inhabited by Moros and non-Christian tribes.

As this date draws near the Philippine people are showing signs of agitation and to the officials here it is evident that they are expecting some benefits that cannot at once be realized. For instance, the Assembly of Provisional Governors, recently in session in Manila, with the view of arranging the preliminaries for the meeting of the Philippine Assembly, is reported to have recommended that the suffrage be widely extended. It is pointed out here that this is not possible for the reason that the act of Congress under which the Assembly will be convened expressly states the qualifications of voters. These, in brief are that the voter must be at least 23 years of age, must be able to read and write either Spanish or English; must own a certain small amount of property or must have been in the past an officeholder under the Spanish Government. The new Assembly will consist of two houses to be known as the Philippines Commission and the Philippine Assembly, the latter to consist of not less than fifty nor more than one hundred members. It is probable that the present commission will be merged in the upper house.

### PRINCE ANGRY OVER MARRIAGE

**Frenchman Objects to Criticism of Wedding With California Girl.**  
New York, Oct. 31.—Prince Robert de Broglie, whose marriage on August 14 at Chicago to Miss Estelle Alexander of California incurred the displeasure of his family in Paris, was indignant when he learned today of the attitude taken by his relatives in connection with the alleged illegal marriage. The family of the prince in a communication to the Paris edition of the New York Herald, which has been cabled here for publication, stated that according to the laws of France the marriage was not valid because the Prince's divorce from his former wife had not been approved and that his second marriage has not been recorded according to the French laws. Prince de Broglie said the marriage is legal under the laws of Illinois and showed a letter from the French Vice-Consul at Chicago stating that the marriage has been recorded with his Government and was legal under the French law.

**Kill Murderer in Pistol Fight.**  
San Luis Obispo, Cal., Oct. 31.—Nat Hartnell, who attempted to murder Katie Hourihan at Nipoma yesterday afternoon and afterwards eluded a posse, was located again three miles below Santa Maria and a desperate battle ensued. Finally, Horn Bardin fired and killed Hartnell, who is believed to have been insane.

Katie Hourihan was believed to have been mortally wounded, but rallied. One bullet struck her over the left eye and passed through the roof of her mouth, while another entered her breast. Either are likely to prove fatal.

**Has Stood the Test 25 Years.**  
The old, original GROVES' Tasteless Chill Tonic. You know what you are taking. It is iron and quinine in a tasteless form. No cure, no pay. 50c.

## MARRIAGE CENSORSHIP

PLAN OF SOCIETY FOR IMPROVEMENT OF THE HUMAN RACE NOW ESTABLISHED.

Chicago, Oct. 31.—Wedding bells will ring only for those happy young persons who succeed in passing a State inspection test, if the ideas of the American Stock Breeders' Association are carried out. The association has turned for the moment from the consideration of cattle, sheep and hogs to the culture of humans, and it will be the ultimate business of the Committee of Eugenics, just appointed, to keep an eye out for ill-mated pairs. A marriage censorship may result if the inspection laws prove practicable.

Professor Charles R. Henderson of the University of Chicago sociology department is a member of the committee, of which Dr. Alexander Graham Bell is chairman. Other members appointed by Secretary William M. Hayes of the Stock Breeders' Association are Dr. Charles Woodruff, C. M. Ward of New York, Dr. David Starr Jordan of Stanford and Rev. J. M. Gilbert of Washington. To improve the quality of humans is to be the task of the Eugenics experts. The immediate object of the committee, as explained yesterday by Professor Henderson, is to spread information in regard to the ill effects of the marriage of defective persons including "imbeciles, idiots and feeble-minded." Insane persons, confirmed drunkards and moral degenerates are to be restrained in colonies and kept from marrying.

### THREATEN TO POISON SHEEP.

**Wants \$500 or Declares He Will Poison Drinking Places of Animals.**  
Ogden, Utah, Oct. 31.—Joseph S. Peery, a wealthy young sheep man of this city is in receipt of a blackmailing letter sent through the mail and signed "Three." In this letter the writers demand \$500 and threaten to kill Mr. Peery's sheep by poisoning the watering places in case he fails to comply with their demand. Accompanying the letter is a diagram designating a certain spot on the shore of the Great Salt Lake as the place where the money is to be left for them in a can. The letter was rudely printed with lead pencil and furnished no clew by which its author may be detected. The envelope bears the postmark of the local postoffice. Officers are investigating the case and arrests are quite likely to be made in the near future.

### Blind Readers to Have Magazine.

New York, Oct. 31.—A magazine for the blind, the first to be published in America, and the second periodical of its kind in the world, is the benefaction for which Mrs. William Ziegler, widow of the baking powder manufacturer, has supplied the funds. Announcement of her charity was made yesterday by Walter G. Holmes of 1931 Broadway, into whose hands Mrs. Ziegler has given the task of launching the magazine and distributing it free to all blind persons. The limited number of books that have been printed in the raised characters are so expensive as to be beyond the reach of the thousands of poor folk, whose poverty is made the more unbearable by the long night. The magazine will contain the news of the day, short stories reprinted by permission of the leading periodicals and contributions from the blind readers themselves.

### Roosevelt Going Deer Hunting.

Washington, Oct. 31.—President Roosevelt will leave Washington today for Pine Knot, Va., where he will devote the remainder of the week to hunting. Pine Knot is the country seat purchased by Mrs. Roosevelt who will accompany the President.

## Why Stove Putty Makes An Expensive Stove

"If the joints don't fit, daub a little stove putty in 'em." That's the policy of most stove manufacturers, because it costs them less. But it costs you more. Every time a piece of this putty shrinks, and drops out, there's a crack to suck in air. Half of the heating power of soft coal and a great portion of hard coal, wood and lighter fuel, is gas. These valuable gases which should be burned, and a big part of the heat go up the chimney—wasted. From \$100 to \$500 lost in fuel during the life of the stove. To say nothing of the discomfort and unsatisfactory heating of the house. Here you can see how stoves are put together.

The ordinary method shows an opening between the top and sides. The Cole method shows the seams filled with stove putty, and the parts are bolted together. In the ordinary stove there is an opening of about one-eighth inch between the top and sides. The seams are filled with stove putty, and the parts are bolted together. After a few months' use the putty dries up and falls out, leaving this one-eighth inch crack all around the top, which in an 18-inch stove means seven square inches of leakage. The eight or ten other joints in the stove are fastened together in the same way, so the total air-leakage soon becomes very large. But by the Cole Method the sheet steel sides are "flared," and the smoothly ground edges of the cast iron top are forced to fit so closely under a screw press, that not a particle of stove putty is necessary to make a tight fitting top. The same airtight construction is used in fitting every joint. Thus, all the air is forced through the proper drafts, and the gases and fuel held back until they are entirely consumed. The smoke-proof feed door in top does away with an air-leaking door frame on the side; the patented steel collar connection joining the ash-door casting to the body, the patented compound hinge for the ash door (which makes it water tight like a pump valve), the straight steel jacket and water tight steel bottom all make the use of stove putty unnecessary in Cole's Air-tight Wood Stoves and Hot Blast Coal Stoves. Cole's Hot Blast burns Hard Coal, Soft Coal, Slack, Lignite or Wood. Cole's Air-tight Wood Stoves burn wood or lighter fuel. They hold fire so well that fuel put in the night before will heat the rooms for 2 or 3 hours the next morning. Come in and see these wonderfully economical stoves.
