NUMINATING CONVENTIONS OCCUR NEXT WEEK

Ward Conventions Will Be Held Thursday and General Convention on Friday.

The ward nominating conventions will be held next Thursday evening at 8 o'clock, for the various wards at the following places:

- First ward—At the Episcopal guild hall.
- Second Ward—Court house.
- Third ward—City Hall.
- Fourth ward—Salvation Army barracks.

The purpose of these conventions is to nominate not over two councilmen for each ward, to be voted on at the regular city election on Monday, December 3.

The general nominating convention will be held at the court house, on Friday evening November 23, at 8 o'clock, for the purpose of nominating candidates for mayor and treasurer.

The election will be held on December 3, polls open at 9 o'clock A. M. and will continue open until 1 o'clock P. M. and be closed until 2 o'clock. They will then open and remain open until 7 o'clock. The polling places will be the same as at the ward conventions, as above stated.

This election bids fair to be one of the quietest in the history of the city as no one seems to be seeking the nomination, although it is possible that candidates will appear the day of the primaries.

Two hundred and fifty new Edison Phonograph records received at the music store this week. Come and make your selection while the stock is complete.

South Pacific Hospital.
The new hospital on Seventh street, the "South Pacific" is proving an exceptionally prosperous institution. It has been in existence only a few weeks but is having an extent of patronage which is very gratifying to the owners and managers.
The hospital is conducted under the proprietorship and management of Mrs. Fred Holeton and Miss Mattison. The latter is a trained nurse who has had considerable experience in much larger institutions of this character and her work in this city has gained her the reputation of being a nurse of exceptional ability and one whose services are extremely desirable in cases requiring careful and intelligent treatment. An assistant nurse is employed, Mrs. Wieland, who is also a trained nurse of experience and success in her calling. Mr. Holeton also is a valuable factor in the management of the hospital.
There are at this time seven cases being cared for and all are doing well. Since the inauguration of the hospital there have been a number of operations, all of them being thoroughly successful. Room has been secured for several additional patients, so that the total number is all that the hospital can well accommodate.
The hospital is conducted on general lines, all the physicians of the city being privileged to bring their patients there for treatment. Three different physicians have cases in the hospital at the present time. The building occupied by the hospital is the Travis house on Seventh street. Though built for a residence, the house has many features which are peculiarly favorable to its newer purpose. It is roomy, clean, home-like and thoroughly sanitary and is modern and up-to-date in its appointments. Heat is obtained from a hot air furnace which insures the patients a better quality of air to breathe than would be possible in stove heated rooms.
One of the most advantageous features of the new hospital is its location in a portion of the town where there are no disturbances or distracting noises to vex the nerves of patients and where perfect rest and quiet may be secured.

No Passes on Klamath Lake Railroad.
E. T. Abbott, the general manager of the Klamath Lake R. R., was in Ashland Saturday on a business visit. The Klamath Lake R. R., though only 32 miles long at present, is an interstate road just the same as "Uncle" Harriman's transcontinental system. It starts at Thrall, in California, and ends in Oregon, at Pokeyama, and comes under the regulations of the interstate commerce commission. People holding passes over the road have recently been notified of their cancellation, and now only cash fares go, and even the employees of the Weyerhaeuser Lumber and Timber Company, the officials of which own the road, must contribute two plunks into the coffers of the railroad company when they want to ride over its road between Thrall and Pokeyama.

LAUREL GROVE

Talk about quail—we have 'em. The old adage says more rain, more rest, so let it rain. Walter Farra paid Williams vicinity a visit on business last Monday. Sam Logan is visiting friends along the Applegate and at Laurel Grove. Ed Swinden was a visitor from here to your city Monday, also Dave Lind-say. John L. Williams is taking a vacation and visiting among his many friends. Mr. and Mrs. Jennings have a host of friends who wish them a happy voyage through life. Messrs. Swinden and McFadden have returned home for the Winter having been out baling hay all Summer. Amos Williams, Jr., is very busy trapping skunks and thinks of going back in the high mountains to trap soon. A creamery is to be built at Provolt in the near future and will be a fine thing as our farmers are wanting to dairy. Hop men are hauling baled hops through our busy streets at present. More hops, more beer. Let's all go fishing. Married—On November 7th, 1906, at the home of the bride's mother, Miss Dottie Day and Myron Jennings, Rev. C. O. Beckman officiating. Word was received from Elmer Williams at Alene, Oregon and he says things are booming in that section—lots of work and plenty of money. Miners are getting ready to work their various placer claims as soon as they have plenty of water farmers are busy plowing and sowing their Fall grain. Hello! Items from XYZ, again at Murphy—where have you been the past year? Glad to hear your gentle voice again in our circle. In regard to those beets and carrots I will say that we have 'em, but you may tell about your potatoes. JUMBO.

WIMER

(Received too late for last issue.) Emma and James Neatbamer spent a day in Grants Pass last week. Miss Bessie Carter is attending school at the Ashland Normal. E. F. Carter, the Woodville liveryman, was on our streets yesterday. Miss Gladys Miller who has been teaching at Granite Hill returned home this week. Mrs. Taylor and E. D. Thompson made a business trip to Grants Pass a few days ago. Mayfield and Parham were buying calves in this vicinity last week, they secured about 60 head. The Fall rains have been sufficient to begin plowing for Fall grain and most of the farmers are very busy putting in wheat. We won't say anything about the big potatoes and beets we raise up here, for when Jumbo of Laurel Grove starts in, Uncle Fuller and the rest of us might just as well keep still. SCRIBBLER.

Acclimated Fruit Trees

Give the Best Results.

Transplant trees from a damp soil and a wet climate to a semi-arid section like Rogue River Valley will be such a change of conditions that the trees will make little growth the first year and will require at least two years to become acclimated. Yakima Valley has the same climate and conditions as Rogue River Valley and trees from the

Yakima Valley Nursery

will give the best results to Southern Oregon growers. Large stock and prices right. Full Stock of Fruit Trees Healthy and true to name. Prices that are right.
