action, every plane of human conduct. The voice of conscience is often keen, clear and imperative in certain regions of our lives and conduct and muffled, confused and all but silent in certain other realms. For instance we are often "long" on theological orthodox and ecclesiastical propriety and excessively "short" on commercial integrity and political morality. Consequently our moral gait is halting. What we need is the co-ordination of our ethical instincts, the bringing up of our standards in all the various regions of our life and conduct to the same high level of the moral ideal; in other words, we need the unification and integration of a divided and disintegrated conscience. We need to pray the prayer of the Psalmist, "Unite my heart to fear thy name."

The public conscience is sadly in need of integration on this matter and until it is so integrated, nothing effective can be done against our gigantic commercial iniquities. Bureaus may investigate, congress and legislatures pass laws interpret and apply them, and executives enforce them, but unless public sentiment backs the movement up, it will all go for naught.

A gang of unprincipled lawmakers, whether in a city council, a state legislature or a national congress, organize a system of blackmail and extortion. They refuse righteous and necessary legislation until their price is paid. Or they threaten disastrous and ruinous laws unless they are bought off. And yet respectable gentlemen, gentlemen of high honor and sensitive conscience and often too of earnest religious principles, will go on voting for such creatures and maintaining them in office where they can conduct their nefarious trade. Why? Simply because their names appear under the eagle or the rooster where these gentlemen have always been accustomed to place their cross on election day. For they must vote the straight ticket. They must keep the party in power. They must support the party machine. It is another case of disintegrated conscience; keen and clear on personal and religious matters, muffled and confused and all but silent on political affairs. Meanwhile, what is the church doing about the matter?

The church for the most part preserves a discreet silence. Her watchmen refrain their voices though the enemy march with banners to assault the walls of the city of God. What should the church do? I answer, it should do just what its Master and Founder would do. He saw life whole and He made others see it whole. He connected His religion as immediately with the commonest and most secular aspects of life as with its most extraordinary acts of piety. He made common honesty, justice, truthfulness and integrity as much apart of the service of God as prayers and sacraments, and even more than ceremonies and creeds. He implanted in the Christian conscience the primary and germinal principles of social justice and of civic and secular righteousness and left them there to do their work.

There is No Reason

why your baby should be thin, and fretful during the night. Worms are the cause of thin, sickly babies. It is natural that a healthy baby should be fat and sleep well. If your baby does not retain its food, don't experiment with colic cures and other medicine, but try a bottle of White's Cream Vermifuge, and you will soon see your baby have color and laugh as it should. A Lazy Liver

May be only a tired liver, or a starved liver. It would be a stupid as well as a savage thing to beat a weary or starved man because he lagged in his work. So in treating the lagging, torpid liver it is a great mistake to lash it with strong drastic drugs. A torpid liver is but an indication of an ill-nourished, enfeebled body whose organs are weary with over work. Start with the stomach and allied organs of digestion and nutrition. Put them in working order and see how quickly your liver will become active. Dr. Pierce's Golden Medical Discovery has made many marvelous cures of "liver trouble" by its wonderful control of the organs of digestion and nutrition. It restores the normal activity of the stomach, increases the secretions of the blood-making glands, cleanses the system from poisonous accumulations, and so relieves the liver of the burdens imposed upon it by the defection of other organs.

If you have bitter or bad taste in the morning, poor or variable appetite, coated tongue, foul breath, constipated or irregular bowels, feel weak, easily tired, frequent headaches, pain or distress, "small of back," gnawing or distressed feelings in stomach, perhaps nausea, "risings" in throat after eating, and kindred symptoms of weak stomach and torpid liver, a medicine will relieve you more promptly than you more remember than Doctor Pierce's Golden Medical Discovery. Perhaps only a part of the above symptoms will be present at one time and yet point to torpid liver or biliousness and weak stomach. Avoid all hot bread and biscuits, triddle cakes and other indigestible food and take the "Golden Medical Discovery" regularly and stick to its use until you are vigorous and strong.

The "Discovery" is non-secret, non-alcoholic, is a glyceric extract of native medicinal roots with a full list of its ingredients printed on each bottle-wrapper and attested under oath. Its ingredients are endorsed and extolled by the most eminent medical writers of the age and are recommended to cure the diseases for which it is advised.

Don't accept a substitute of unknown composition for this non-secret MEDICINE OF KNOWN COMPOSITION.

Always Was Sick.

When a man says he always was sick—troubled with a cough that lasted all Winter—what would you think if he should say—he never was sick since using Ballard's Horehound Syrup. Such a man exists. Mr. J. C. Clark, Denver, Colorado, writes: "For years I was troubled with a severe cough that would last all Winter. This cough left me in a miserable condition. I tried Ballard's Horehound Syrup and have not had a sick day since. That's what it did for me." For sale by National Drug Store and Rotermond.

DANGER FROM DYSPEPSIA

Imperfect Digestion Most Prolific Cause of Serious Disease.

While health reports do not give indigestion as a cause of death, yet it so weakens the stomach and the whole system that it makes one readily susceptible to serious illness. If you have distress after eating, a feeling of heaviness in the stomach, nervousness, dizziness, nausea, headache or any other symptoms of indigestion, begin the use of Mi-o-na at once and get well. Mi-o-na will give such strength and tone to the whole digestive system that you can eat anything at any time without fear of distress or indigestion. Rotermond has so much faith in its superior merits, that he gives a guarantee with every 50 cent box of Mi-o-na that the remedy will cost nothing unless it cures.

NOWS! THE TIME FOR YOU

(Frances E. Willard.) Men who vote, your time has come. Wave the flag and sound the drum. Save the cause of God and Home and native land. Now's the day and now's the hour. Let the snowflake ballots shower; Bury 'neath the freedmans power, Liquor's cruel band. Hear the children while they plead, Pity all the hearts that bleed; Bless the tempted in their need, By your ballot true. Prohibition is our prayer, Hunt the lion in his lair; Let no horrid dramshop dare Look for help to you. From address before Chautauqua by Rev. Chas. D. Williams, Episcopal Bishop of Michigan: We suffer from the moral disease of a divided and disintegrated conscience and that disease is often most apparent among Christian people. We have as many moral standards as there are varieties of pursuits and professions among men. There is a separate and often inconsistent code of ethics for every range of human
