Keep the Family Home Evenings

WHEN the children have the desire to leave home in the evening it is because they seek amusement or entertainment. The best way to keep them home is to give them entertainment there. Make home so much more attractive than the street and the down-town amusements that they will prefer to remain at home. No one thing will furnish so much entertainment for so many people so many times, and in so many ways as the Edison Phonograph.

A Gift Worth While

The money spent for trinkets by the average family at Christmas time would buy an Edison Phonograph. The trinkets last about as long as Christmas does. The Edison Phonograph affords enjoyment day after day and year after year. The trinkets please only the individual recipients. The Edison Phonograph offers a continuous round of pleasure for the whole family.

It is the greatest music-maker of the age. It brings into the home circle all of the world's music, rendering with wonderful faithfulness whatever song, instrumental piece, or orchestral selections is desired.

Make this Christmas the merriest of all by having for its chief feature an EDISON PHONOGRAPH
