

Honey Out of Hermann Case.

In an interview in San Francisco a few days ago, Frances J. Henry, the prosecutor said: "I intend to stay in San Francisco until I see every one of the grafters wearing stripes. I have sent my resignation as a special prosecutor in the Binger Hermann case to Attorney-General Bonaparte, and I have also advised him that I will be unable to appear as his assistant in the Hyde-Benson land fraud case which will come up in the same court on February 10th. I have not formerly resigned in this case yet because I expect that the defense will secure a continuance; however if my work in San Francisco is not finished when the case is called I will not appear for the Government in this case either. I have given up all Government business in order to devote my whole time to the task before me in San Francisco, and until I have completed it successfully, I shall not leave the city."

Ladies especially invited. Lecture begins at 8 P. M.

Rheumatic and Paralytic Cripples

cured on the stage free. The deaf made to hear in a few seconds. Come on crutches and invalid chairs and you shall walk as a child. Bring your ear trumpets and lay them down and you shall hear. Come and hear these high class lectures.

See the Marvelous Cures

made in a few minutes, and you will be convinced that the dream of the philosopher is realized. All kinds of chronic diseases treated.

All these Cures are Permanent

Read and be Convinced

This is to certify that I have been a helpless cripple for two and a half years from that giant disease, rheumatism, and was in bed part of the time; for two years was compelled to walk with crutches. DR. MADISON treated me at the opera house, August 3, 1905, and broke my crutches on the stage. I walked out of the opera house without them, and I continue to walk and am feeling fine—have no more use for my crutches. I take pleasure in recommending Dr. Madison to the public. (Signed) M. T. CHARLTON, Boise, Idaho, August 6, 1905.

To Whom It May Concern: I was treated by DR. MADISON at the opera house, August 6, 1905, for my deafness. Have been improving ever since. I now hear as well as ever and shall ever be grateful to DR. MADISON for curing me. (Signed) H. M. COLLINS, Boise, Idaho, August 6, 1905.

The voice of the skeptical is hushed, for they must now believe that this man is a wonder, for they can now see what he really can do, and "what the eyes see the heart must believe."

DAVIDSON

The weather has been rather changeable this week and is now freezing.

Mr. and Mrs. Lindsay and niece Hettie Lindsay made your city a business visit Monday.

The high water of last week did not do much damage along Applegate as far as we can learn at this writing.

Mr. Boul who has Chas. Burkhalter's farm rented, paid your city a business visit Monday, taking down a load of fine hogs.

W. S. Bailey, John R. Bailey, Jacob Meir, K. J. Kubli and Jas. McFadden were all visitors from here to your city Saturday.

We are glad to state at this writing that Elsie McFadden who has been sick at the South Pacific Hospital for the last three weeks with pneumonia is rapidly improving and her many friends hope soon to see her in our midst.

The placer miners are all busy this week, some of them are running the giants steadily and on Oscar they are fixing up what the high waters of Friday did as some of the dams that they had constructed to hold the tailings broke and let too much come down the creek and it jammed the flume that crosses the county road and took out the bridge, but it will only be a few days now before they can have everything ready for the good head of water that they have.

So "Jumbo" says for me, to hold my breath until he fetches my mail over to me. Well, now, I tried it and held it just three-quarters of a minute and gave up and struck out to Davidson for my mail. Guess I will keep on going until we get that R. F. D. And "Shorty" says that this road district is too large for one supervisor. Well now I disagree with him on that proposition as I have been most all over this district and I notice that the roads are all in fair condition and a whole lot better than some smaller districts that have a great deal more money than this one has.

MONTY.

WALDO

No sickness this week.

Sam Wimer has his blacksmith shop in order.

Mr. Kohler of Kerby was seen on our streets Monday.

Joe Seyferth of Holland was a Waldo visitor Tuesday.

Mrs. Ida Decker and Mrs. A. J. Adams made a trip to Kerby last week.

Mrs. Agnes Robertson spent Monday with her sister, Mrs. Crook Epperly.

Ed Spence passed through here Tuesday with a heifer for Geo. Mathewson.

J. T. Logan, one of our prominent business men, made Grants Pass a visit last week.

Mr. and Mrs. J. H. Austin of Kerby visited friends and relatives here Wednesday.

Mrs. W. J. Wimer, who has been at Ashland where Mary is attending school, spent a few days last week with her husband at the Deep Gravel Mining Company.

TOTETR ANN.

New Cures for Epilepsy.

J. B. Waterman, of Watertown, O., Rural Free delivery, writes: "My daughter, afflicted for years with epilepsy, was cured by Dr. King's New Life Pills. She has not had an attack for over two years." Best body cleanser and life giving tonic pills on earth. 25c at all drug stores.

SUCKER CREEK

On Christmas day George Wells was presented with a nice baby girl. Congratulations are still extended.

Didn't I tell you in my last notes that I thought I heard wedding bells? Sure enough I was right; that is an evident fact that my bearing is good for on January 1, our promising friend, Elmer Morey, led to the altar one of the Valley's fairest brides, Rhoda Wimer. They have the good wishes of the neighborhood generally. Another wedding I wish to make note of is that of Ben George and Linnie Sowell.

A happy New Year to all. Look out you do not date letters with the old date, which we have all become so much attached to. The years roll too quickly past us, paying no heed to the wrinkles, the grey hair and tottering steps it leaves behind, but there is one way we can look back (for all that) on the old year with pleasure, when we can recall the happiness we have added to others and the little slights and jeers and shortcomings in others we have overlooked. Our satisfaction then in living is more complete.

On January 1 there was a great meeting of friends and acquaintances at the Kitterman hall there being 46 gentlemen, 31 ladies. Dancing was begun early in the evening and resumed until broad day light. The generosity of the ladies was shown by their well filled lunch baskets. Friends met at this party that seldom have an opportunity to meet unless on some special occasion of the kind. A very pleasant time was enjoyed by all. May we be permitted to have many occasions of the same kind. BLUE BELL.

GRANTS PASS HIGH SCHOOL NEWS

Exams are coming—a joyous time anticipated.

The Junior Class is having a delightful time with Emerson.

Many new resolutions to study hard were made on January 1. Some of them have even lasted this long.

A conversation in our literature class H. G.—(Boy)—"Girls are always getting ready for life, still they never are."

Teacher—"You will find a girl who will be ready some of these days."

The Grants Pass High School Basketball Team is now installed in their new quarters located on Front street, just east of Thomas & O'Neill's. The doors and windows are barred and the baskets are up, which makes it look as though they meant business. They are fully determined to win back what they have just lost on the gridiron; let us give them our encouragement.

Our High School has finally decided to have a High School paper which we can call our own and by the suggestion of our principal, Mr. Harrison, we took our first step, by electing an editor in chief. Harold O'Neill being the one elected; a staff will also be elected in the near future, including a representative from each class. But as it is too late this year to publish an individual High School paper, Mr. Voorhies, editor of the Courier, has kindly consented to give us space in his paper for our notes. Look for High School notes each week.

Debating Team Selected

The Grants Pass High School is one of the schools in the Oregon Debating League, held final preliminary debate contest Friday afternoon, the purpose which was to select the three debaters to represent the High School in a contest with Roseburg School to be held on the 15th of February.

The question for debate was solved that the 15th amendment of the Constitution of the U. S. be repealed. It was affirmed by Wilna Gilkey, Harold O'Neill, Randall Hood, denied by Elmer Gilkey and George Harper. Snyder was also among the contestants but on account of illness was unable to attend, so only two took part.

As the question was very and the contestants interested, debate proved itself very interesting to the High School student visitors. As soon as the debate over, Prof. Harrison announced the decision of the judges, Lovett, Dr. Van Dyke and Mangum, in favor of Wilna Gilkey and Harold O'Neill as the three best debaters, the laurels for the Grants Pass High School in the future will be with Roseburg. The school given the privilege to decide the question, gave their own decision in favor of the affirmative.

Let us all hope that our boys win the championship for Grants Pass and its High School.

City Council Hold Informal Meeting.
