

WILD WITH EXCITEMENT

Grants Pass, Oreg., in a fever of Excitement Over the

Wonderful Cures

Performed by

Dr. Madison

THE GREAT AMERICAN SPECIALIST

DEAF MADE TO HEAR THE LAME TO WALK

Opera House Packed. Nothing Like It Ever Seen in Grants Pass Before.

Dr. Madison and staff, of the Medical Institute of Liverpool, England, and Crawfordsville, Ind., lectured to a large audience Tuesday night. The doctors are agreeable and forceful speakers and held the audience in close attention while they explained the theory and usefulness of their wonderful discoveries.

Many promises were made which seemed utterly impossible to believe, and when the doctor invited those who were hard of hearing to come forward and be cured, J. G. Dotson, W. R. Whipple, and W. F. Longville responded to the call and were made to hear a whisper in a few seconds.

The doctors then called for cripples on crutches, and B. W. Fabs responded. He was afflicted with that giant disease, rheumatism, for three years, and he was unable to walk except with crutches and great difficulty and pain. He was operated on with medicine for 30 minutes and walked off the stage free from pain and stiffness, followed by the wondering crowd, while the doctor broke his crutches. To say the audience was astonished and wild would be putting it mildly. The doctors were warmly congratulated. It seemed like a dream, but it was real. Ministers and doctors were in the audience and they seemed as well pleased as any.

They treat the following diseases: Paralysis, catarrh, deafness, big neck, bladder and kidney diseases, rheumatism, sciatica, loss of manly vigor, female diseases, bowel complaint, debility, dropsy, heart, liver and nerve diseases, tape worm, sore legs, all ear and eye diseases, capsoes, piles and fistula cured without cutting or pain, and all kinds of chronic diseases treated.

Office at

Hotel Josephine

9 A. M. to 9 P. M. Including Sunday.

Consultation Free

The treatment is medicine and orthopathy. Will not visit any other town in this county. All washing treatment must come to Grants Pass by Sunday, January 20, at 9 P. M., positively the last day in Grants Pass.

PROVOLT

(Too late for last issue.) Fred Knox of Laurel Grove was at Provolt Wednesday on creamery business.

Sammie Letticken of Williams was at Provolt Tuesday and spent New Years with his grandfather, S. Provolt, of this place.

Burt Miller of Montague, Cal., has been visiting with relatives and friends at Applegate during the holidays. Mr. M. was also at Provolt Friday.

The mountains are again covered with their white caps of snow which will make the streams inconvenient to cross again soon.

E. N. Provolt, one of Provolt's most enterprising stockraisers and fruit growers has been pruning his orchard during the past few weeks and as soon as Spring opens will be ready to begin spraying for the many pests which are connected with the growing of fruit.

C. O. Bigelow, one of Williams enterprising farmers and stockmen, was at Provolt and Applegate this week gathering up cattle which have been in the low ranges since Spring. Mr. B. finds the outside stock not doing well owing to the severe snow storms which we have been having the past few days. Wednesday the storms moderated and for the last 24 hours it has been raining in torrents which was unexpected and Williams creek at 5:30 o'clock Thursday was out of its banks in many places. Friday at noon the streams had fallen almost eight feet, which has been the highest since 1890. No damage has been done so far as learned. Applegate River was up considerable but not as high as last Winter.

S. Fields has accepted a position in the Farris Gulch placer mines which are superintended by Lester Layton of this place. They are at present preparing for the Winter and Spring run. The Farris Gulch placer mine is the oldest hydraulic mine in the county in operation. It was discovered by Felix Farris in 1859 and commenced operation in 1860 and has changed hands many times since. In 1877 they fell into the hands of J. T. Layton who has operated them since with good results. This mine is supplied with water by two ditches which extend around the mountains 22 miles and is also supplied with water from Williams creek at the foot of the Grayback mountains which gives the mine an abundant water supply to carry away the rock and dirt which is piped from the banks of mother earth into the flames which flow to the Applegate river. Mr. L. is an experienced miner and works several men during the mining seasons.

THOMAS LEWMAN.

All the World

is a stage and Ballard's Snow Liniment plays a most prominent part. It has no superior for Rheumatism, stiff joints, cuts, sprains, and all pains. Buy it try it and you will always use it. Anybody who has used Ballard's Snow Liniment is a living proof of what it does. Buy a trial bottle, 25c, 50c and \$1.00 at National Drug Store and at Rotermund's.

DEERING

Married—Prosperity and Josephine. On the snow, the beautiful snow. Off again, on again, gone again, etc.

E. G. Turner is doing assessment work on the Exchange claim, located about a year ago.

Edmund Egger drove up from Waide Friday with a load of supplies for the Webb Mining Co.

Miss Florence Houston has closed her term of school here and gone to her home in Agate, Jackson county.

To steal from a neighbor is a crime. To steal from a corporation is commendable. To steal from Uncle Sam is a virtue. And still der stealing goes on.

Some one mistook L. R. Webb's valuable dog for a grizzly bear and filled him full of shot. L. R. did not say much, but we didn't like the way he looked—No str-on.

Word has been received here that M. S. Taft of Portland, president of the Rennie copper mine of Arizona, has succeeded in bonding several copper properties near Waide and that development work on all of them will begin in the Spring. Bully for Taft.

We read, with pleasure, W. J. Wimer's article last week on the future possibilities of the output of precious metals for Josephine county. We have a sort of "banking" idea that W. J. is about right. NBEN.

The Classified Ad columns of the Courier contain many items which will be of interest to you and you should make it a point to read them each week.

LAUREL GROVE

Mrs. Emily Day who has been very sick is improving at this writing.

J. B. Lindsay and daughter, Lena, were visitors from here to your city last Saturday.

Clyde Jeters was seen on our busy streets last Saturday night. Clyde says he is looking for a cook.

Perhaps our items were too late for last week's issue, but as our reporter was busy it was impossible to send them sooner.

We had some snow, covering the ground about two inches, last Monday morning. Could track anything, even a coon or rabbit.

The gentlemen who are operating the Oscar creek mines have their flumes all ready for a good head of water now and will take advantage of the same when it comes again.

The young people of Laurel Grove met last Saturday night for the purpose of starting a literary society and met with good success as all the officers were elected and a program prepared for the next meeting. RED CLOUD.

(Too late for last issue.)

For furs and hides see Amos Williams the genial trapper.

We are going to have a literary society at Laurel Grove in the near future.

Messrs. Earl and Willard Topping are busy grubbing this Winter with block and line.

Miss Cara Letticken left last Saturday for Ashland, where she intends going to school this Winter.

Charles Haberman was a visitor from here to your city last Saturday. Also Master Amos Williams.

Walter Farra and family returned from Ashland last Tuesday night and report the roads very muddy.

Messrs. H. T. Day and Oscar Williams are busy making rails at present; at least we hear them blasting.

Walter Farra has about 50 head of stock to feed this Winter and is hauling hay from Provolt for the same.

Will Haberman, returned to Portland last Saturday where he will resume his studies in business college.

Guy Wutcherbee was the guest of our reporter one day this week. We were glad to see his smiling face once more.

Thomas Lewman, the Provolt correspondent, passed through our busy streets last Tuesday en route to your city.

Miss Ella Williams left last Monday for San Martin, Cal., to reside with her brother whose wife is in poor health at present.

My, but how the weather does change. Last week it was raining to beat the band, and the streams were on a rampage; now it is cold as sixty and freezing hard every night.

Someone seems to be light fingered in our burg of late as it is impossible to leave saws or tools of any kind in the woods but what they walk off. Better be careful, though, from now on.

C. F. Gentner was appointed road supervisor in our district for 1907 and we are well pleased, as we could not have a better man to look after the interests of our roads. When he builds a piece of road it is done for a good many years to come. RED CLOUD.

Carrie Nation

certainly smashed a hole in the bar rooms of Kansas, but Ballard's Horehound Syrup has smashed all records as a cure for coughs, Bronchitis, influenza and all Pulmonary diseases. T. G. H.—Horton, Kansas, writes: "I have never found a medicine that would cure a cough so quickly as Ballard's Horehound Syrup. I have used it for years." For sale by Rotermund and the National Drug Co.

WILDERVILLE

C. F. Lovelace lost one of his best horses this week.

Mr. Akers preached at the church Sunday, the 13th.

Miss Orpha Stevenson has gone to Ashland to attend school.

Sunday School is pretty well attended through this bad weather. There are a few faithful ones to help keep the Master's work going.

We hear that Glen and Pearl Creed had frozen their feet while in Canada and Brace Creed says he is coming back to Oregon before he freezes his feet. J. M. Hocking writes that the thermometer stood 50 degrees below zero, then froze up. Ob, deliver us from such cold weather.

This snowy weather the men of the neighborhood are having fine times hunting coons. J. B. Robinson and Charley Lippe caught three and Hush McClung caught three and Henry Hocking and John Lewis caught two, but one got away before they got home with them, as they were taking them home alive.

Saturday of last week Mr. Will Nickerson had the misfortune to fall from a step ladder or rather, into the step ladder and came very near breaking a leg. He was alone at the time and crawled quite a ways and was found by his little brother-in-law who gave the alarm. He was carried to the house and a physician summoned, who pronounced the knee in a very bad shape. He is doing as well as could be expected at this writing. UNICE FULLER.

May Live 100 Years.

The chances for living a full century are excellent in the case of Mrs. Jennie Duncan, of Haynesville, Me., now 70 years old. She writes: "Electric Bitters cured me of Chronic Dyspepsia of 20 years standing, and made me feel as well and strong as a young girl." Electric Bitters cure Stomach and Liver diseases, Blood disorders, General Debility and bodily weakness. Sold on a guarantee at all drug stores. Price only 50 cents.

NEW HOPE

Snow, and still it snows.

Mr. Howard visited with relatives Sunday.

F. M. Peters visited with H. S. Wynant Sunday.

Wm. McCallister of Provolt was in our vicinity Friday and Saturday.

Mrs. Champlin, who has been working for Mrs. Cockerline at Murphy, returned home Sunday.

H. O'Neil of The Dalles was at our burg Sunday, looking for a farm. Mr. O'Neil says that if he sells his property at the Dalles he intends to locate near or in Grants Pass. SHORTY.

(Too late for last issue.)

H. S. Wynant was at the Pass Monday.

Dick Johnson was in our vicinity last Sunday.

School began last Monday with Miss Josephine Hathaway as teacher.

Mrs. Hattie Wynant and daughter, Mrs. Walter, were at the Pass last Tuesday on business.

Messrs. Bert York and Johnnie Shorts are making pickets for Wm. Messenger this week.

Oh, say! "Jumbo", how much will you take for a ton of those beets of yours? I think that I will need about two of them.

It is too bad about poor "Monty" of Davidson. No one will take him his mail nor put in his telephons. Well, never mind, we will help him some day.

Geo. D. Walter has a contract for cleaning 10 acres of land for P. B. M. Burrow. Mr. Walter is to receive \$100 in cash and all the wood that is on the ground.

The taxpayers of this district wish to know if their road is to be worked this year or not, and if it is, it should be worked right away as they are almost impassable.

Now the supervisors have been appointed for the year we would like to see one of them around our way, but remember that we don't work on any other road but our own. See?

Boss Hard was at the Pass Tuesday with a load of wood and he reports that he received \$3 per tier but we expect that when W. E. Dean and E. C. Dixon get their wood cut there will be no use for wood haulers. SHORTY.

Long Tennessee Fight.

For 30 years W. L. Rawls, of Bella, Tenn., fought nasal catarrh. He writes: "The swelling and soreness inside my nose was fearful till I began applying Bucklen's Arnica Salve to the sore surface; this caused the soreness and swelling to disappear never to return." Best salve in existence. 25c at all druggists.

CLEMENS

— SELLS —

BOOKS AND DRUGS

ORANGE FRONT GRANTS PASS, ORE.

WIMER

Mr. Davy was out sleighing Monday.

Born—To Mr. and Mrs. Will Moore, a son.

The placer miners still have a good head of water, although the nights are very cold at present.

Mr. Oden, J. C. St. John, Cleve and Mark Neathamer were all visitors from here to Grants Pass Friday and Saturday of last week.

Lindsay and Joshua Neathamer gave a candy pulling and dance at the home of the latter last Friday night, several couples of young people from here and Woodville were present.

Quite a number of the stock men are riding after stock, the Winter has been so mild that considerable stock is still on the range. Considerable snow has fallen the past two weeks

and it will be necessary for some time.

G. F. Ammons spent Monday visiting friends at the side of my chin that may be a cancer. The sore was born and would not yield until I tried Snow Liniment.

Westmoreland, Kans., "Ballard Snow Liniment cured the side of my chin that may be a cancer. The sore was born and would not yield until I tried Snow Liniment. My sister, Mrs. Sophia J. Cawley, of Mifflin Co., Pa., has a cancer of the breast. I have used your Snow Liniment and it has cured her. It is a 50c bottle." National Drug Co. and Rotermund.

Courier sample copy any address.

IF THE QUALITY DROPS WHEN THE PRICE DOES THE PRICE GO DOWN? NO SHODDY IN OUR STORE BUT QUALITY, STUFF AT LOWER THAN WE SOLD THEM BEFORE. BECAUSE WE DO NOT WISH TO CARRY GOODS UNTIL THEY GO OUT OF STYLE. GOODS WE ARE SELLING AT REDUCED PRICES ARE NOW STRICTLY IN STYLE, AND YOU HAVE NEARLY ALL WINTER TO WEAR THEM. NOT THESE REDUCTIONS ATTRACT YOU, YOU KNOW THEY ARE SURE-ENOUGH REDUCTIONS?
