## BILLS INTRODUCED BY REPRESENTATIVE JEWELL

### Measures of Practical Value to This County Before Legislature.

Representative L. L. Jewell of this  
county introduced the following bills  
on Tuesday in the legislature:

H. B. 108—Providing bounties rang-  
ing from \$5 to \$20 for scalps of wild  
animals, state to pay two-thirds of  
bounty and county balance.

H. B. 109—Providing for monthly  
meeting of Josephine County Court.

H. B. 110—Fixing licenses of sal-  
mon dealers ranging from \$10 to \$700  
per annum.

H. B. 111—Amending hunters'  
license law as to exempt man from  
paying license in county in which he  
resides.

H. B. 114—Regulating fishing in  
Rogue River.

### Hansborough Renews Fight on Timber and Stone Act.

Senator Hansbrough, chairman of  
a committee on public lands, will  
renew his fight to secure the repeal  
of the timber and stone act and the  
substitution of a law authorizing the  
sale of Government timber at not less  
than its appraised value. Mr. Hans-  
brough has drawn a new bill which  
stipulates that the government shall  
revert to itself the title to all public  
timber land and sell only the timber.  
The bill stipulates that persons resid-  
ing in the immediate vicinity of  
any Government timber land may  
take, without cost, not to exceed  
100,000 feet, B. M., in any one year,  
for their own use for farm and do-  
mestic purposes. Timber land shall  
remain open to entry under the placer  
mining laws. Persons developing  
mining claims on forest land may not  
therefrom not to exceed 100,000 feet,  
B. M., in one year, providing they  
used such timber in developing and  
operating their claims.

The new Hansbrough bill stipulates  
that all money received from the sale  
of Government timber shall be con-  
verted into a special fund, of which  
5 per cent shall be paid to the state,  
to be expended in the counties in  
which the timber was cut for the  
maintenance of schools and roads.  
This is in lieu of taxes. The remain-  
der of the fund, after deducting the  
cost of administration, shall go  
into the reclamation fund wherever  
the timber is cut in states that are  
beneficiaries under the national  
reclamation law. In other states the  
money will go into the forest reserve  
special fund.

As a means of protecting public  
timber against fire, the bill provides a  
penalty of not exceeding \$500 for  
persons proven to have carelessly set  
or left any fire that may damage a  
public forest, and the penalty may  
be increased by the addition of im-  
prisonment for not more than one  
year.

### Diamond Creek Copper Mine.

A remarkable discovery, or rather a  
rediscovery, of an active copper mine  
has just been reported by Frank Zaan  
and George H. Crawford, while  
working their claim, the Daisy, in  
the Diamond creek district. It is be-  
lieved these men have uncovered one  
of the hidden copper treasures from  
which was taken the vast amount of  
native copper that was sacked,  
packed out and shipped across the sea  
to the smelters of Scotland and Wales  
nearly 50 years ago. For about five  
years, during the latter part of the  
60's, a Scottish company, with its  
own fleet of sailing vessels, made  
regular trips to Crescent City harbor,  
where they loaded with native copper  
brought from the interior and sailed  
away for the then nearest smelter, in  
Scotland.

Diamond creek district is located in  
Del Norte county, California, a few  
miles south of the Oregon line, and a  
few miles off the Grants Pass-Crescent  
City stage road. While driving a  
tunnel on their Daisy claim, with the  
intention of tapping the main body of  
their copper prospect at greater depth,  
Zaan and Crawford uncovered a  
heavily barred door. Further inves-  
tigation proved the door to be the  
opening to an old tunnel, or adit.  
The bolts on the door were almost  
completely rusted away or eaten up  
by copper corrosion. The wood was  
badly decayed, proving the work to  
have been done a long time ago. The  
old workings gave every evidence of  
having been deliberately and system-  
atically covered up. When the door  
was removed a glimpse of a badly  
caved tunnel was given, and just in-  
side was found a full set of miner's  
tools of the oldtime type. The metal  
of the implements had completely  
given away to copper corrosion.

Though the miners have not yet  
had time to reach the end of the old  
adit, because of its caved and  
treacherous condition, requiring new  
timbers and a complete cleaning out  
before it can be entered, they are  
satisfied it leads to a marvelously rich  
native copper treasure. Samples  
found along the tunnel floor and near  
the adit prove this.

### Piano Recital.

A piano recital was given at the  
opera house last Friday evening by  
Miss Alma Pauline Wolke, pupil of  
Miss Ethel Carolyn Palmer, an  
audience of some 400 people being  
present. The display of musical skill  
and talent by Miss Wolke was very  
pleasing and reflected credit both on  
her own musical capability and her  
instruction by Miss Palmer. The  
program was as follows:

Octave study	Kullöck
Adagio "Patriotique"	Boethoven
Caprice	Rubinstein
Mourning Breezes	Jensen-Nieman
March Militaire	Schubert-Tanning
Humoresque	Rudolf
Op. 10, No. 3	Chopin
Maestrka, D. Minor	Saint-Saens
Nocturne, E. Flat	Chopin
Etude "Storm"	Chopin
Rhapsodie	Chopin

### Serious Charge Against Ellis.

Ray Ellis, a young man against  
whom a case of assault and battery  
was pending in the circuit court was  
taken to Eugene last week to be  
confronted with a far more serious  
charge, a statutory crime alleged to  
have been committed against his  
niece, Miss Loretta I. Brown, of  
Mabel, Lane county, the former home  
of Ellis. According to a Eugene dis-  
patch, a warrant had been out for his  
arrest for several weeks but the  
officers of Lane county had been un-  
able to locate him. Ellis has been  
about Grants Pass for some time and  
the warrant for which he was about to  
be tried before the circuit court for  
Josephine county was committed  
several months ago on O. C. C. who  
was quite severely injured in the  
affray. The case in this county was  
continued by the town.

The Courier is the farmers' paper

## HIGH SCHOOL NOTES

Our High School library is rapidly  
becoming one of which we might well  
be proud. During the past year about  
275 volumes have been added, most of  
which were readable books for old  
and young alike. These were some-  
thing which our library badly needed,  
for before this addition, it consisted  
only of reference books. Of more re-  
cent date the High School has been  
presented with 20 volumes, including  
text books of English Composition  
and Literature, Astronomy, Chemis-  
try and History, by Mrs. John Will-  
iams. The Encyclopedic Dictionary  
of four volumes and "The Works of  
Shakespeare" in two volumes were  
presented by A. C. Hough. The  
High School Library fund, also en-  
dowed the library with the "World's  
Famous Orations" in 12 volumes.  
These, together with the 600, which  
we previously possessed certainly  
makes a fine library for our fine High  
School.

Exams are over. Fun is past and  
hard work begins once more. One-  
half of the school year has been com-  
pleted and to many, the results of  
their work is good. During the first  
semester physiology and physical  
geography were completed and will be  
succeeded by botany, also English  
History, instead of European, will be  
studied by the Sophomores, and civics.  
This will be a desirable change to the  
unfortunates who have just completed  
by hard work the studies of the first  
semester. A new program has also  
been made, changing the time of the  
recitation periods completely, but  
nevertheless, it is an agreeable change  
to all.

Stella Lawson is again in school.  
Isn't it pitiful to see Miss W. try  
to get mad at us, when she knows as  
well as we, that she cannot do it?

The Basket Ball Club has been re-  
quested to move from their location on  
Front street. It seems as though the  
girls team made too much noise.

### Advertised Letters

Following is the list of letters re-  
maining in the Grants Pass, Oregon  
Postoffice, for the week ending Jan-  
uary 26, 1907. Persons calling for the  
same will please give the date adver-  
tised. A charge of one cent will be  
made upon delivery:

- Sherman, Wesley S.
- Simpson, A H.
- Scott, Mrs Mae.
- Schaeel, Mrs Maggie.
- Scott, Belle B B.
- Seibert, Alice C.
- Williams, Miss Ruth.

### Methodist Ladies Meet.

Much of a woman's life is spent in  
the home, caring for the children,  
planning for their education and  
looking forward to the time when  
those children (always boys and girls  
to her even though the golden hair  
and raven locks are streaked with  
silver) shall take their places in the  
battle of life. Then the struggle to  
make ends meet which comes to many  
of us, leaves but little time for recre-  
ation and enjoyment away from the  
cares of our daily lives. But a pleas-  
ant afternoon with others, cheers the  
heart, brings sunshine into the life,  
thus making the world a better place  
to live in.

During December the Ladies' Aid  
society of the Newman Methodist  
church omitted the regular social on  
account of the tubercule meetings,  
the holiday season, etc., but January  
22 the first afternoon meeting of the  
kind was held in the new parlors.  
After singing "Step in Anywhere"  
prayer was offered by Miss Wads-  
worth. Ninety-nine grown people and  
25 children were present, being en-  
tertained by Mrs. Nellie Williams,  
Mrs. A. B. Corneil, Mrs. Clemon,  
Mrs. Colvin, Mrs. Martin and Mrs.  
Kendall. Refreshments of bread and  
butter, pickles, cake, tea and coffee  
were served and greatly enjoyed, the  
hours of social converse passed  
quickly away and the time seemed  
short till the hour of parting, the  
afternoon being a success both socially  
and financially.

MRS. L. W. HOOD,  
Press Reporter for society.
