

ROYAL BAKING POWDER

Made from Pure Grape Cream of Tartar

The only excuse for buying anything but a Pure Grape Cream of Tartar Baking Powder is to save a few cents in price.

ROYAL costs you a few cents more per can than Alum or Phosphate of Lime powders, but it is worth far more than the difference to keep your biscuits, cakes and pastry free from the injurious effects of these cheapening substitutes.

Continued use of Alum means permanent injury to health.

Avoid Alum Ailments—Say plainly ROYAL BAKING POWDER

Died—On Sunday, March 3d, 1907 the infant son of Mr. and Mrs. Jeff Lindsay, age 11 days. The remains were laid to rest in the Missouri Flat cemetery Monday.

It seems strange that a fellow cannot get a paper out of his mail box in good shape; but no, instead, it must be half torn up. Someone must be very careless or else has a pick at some certain one.

Our reporter had the pleasure of visiting Charles Swinden not long since, and while there Mr. Swinden was talking about spraying and also showed me some of his trees that were almost dead a year ago with scale, which he has killed now by spraying and he says he sprayed before a rain, and finds he got the best results by doing so and his trees prove the theory. He claims it keeps the sulphur and lime damp until it does the work, better than if it was too dry. For example, go and inspect his trees.
